City of Pittsburgh, Penna.,

September 22, 1930.

To the President and Members of Council.
Gentlemen:

In reference to Bill No. 1474, An Ordinance authorizing the Mayor and the Director of the Department of Public Works, for and on behalf of the City of Pittsburgh, to enter into a contract with the Baltimore and Ohio Railroad Co., to enable the Railroad to construct, maintain and operate a rail-to-river terminal along the right bank of the Monongahela River at a point near Glenwood Bridge, which was referred to this Department for a report, I advise you as follows:

The matter of the location was passed upon by the Department of Public Works and also approved by the Water Resources Board at Harrisburg, Pa.

By an Agreement pursuant to said Ordinance, the Railroad will recognize the establishment of what is known as the Brad-dock's Field Plank road, otherwise an extension of Second avenue beyond the Glenwood Bridge, which original location has been in dispute for a number of years. The Railroad Co. will at its own expense construct a new roadway under the supervision of the Department of Public Works at an elevation not in any way to interfere with the belt-conveying machinery of

the rail-to-river terminal or the binds or hoppers thereof, so that the City will have a roadway passing the terminal. The roadway and the improvements in connection therewith are to be done under the supervision of the Department of Public Works and the plan therefor has been approved by the engineers of the Bureau of Engineering of the Department of Public Works.

Respectfully yours,

Chas. A. Waldschmidt,
City Solicitor.

MOTIONS AND RESOLUTIONS.

Mr. Alderdice presented

No. 1745.

WHEREAS, It is a well-known fact that there are thousands of men out of employment in the City of Pittsburgh at the present time, which condition becomes particularly serious during the Winter season; and

WHEREAS, If the City of Pittsburgh could undertake of itself, through the Department of Public Works, the grading, paving and curbing of streets contemplated for improvement, the construction of sewers scheduled, etc., the cost of which to be charged to balances remaining in the regular code accounts, as well as to unused bond issue funds, a great deal of employment could be provided during winter period; and,

WHEREAS, A conference on this subject between the Mayor, the members of Council, the Department of Public Works, the City Controller and the City Solicitor, in the very near future, would probably result in some arrangement of this kind; Therefore, be it

RESOLVED, That the President of Council arrange a conference with the Mayor, the members of Council, the Director of the Department of Public Works, the City Controller and the City Solicitor, for the purpose of determining whether or not the City of Pittsburgh could handle these improvements through the Department of Public Works itself, payment for same to be made out of unused balances in the regular code accounts and in the bond issues.

Mr. Alderdice moved

The adoption of the resolution.

Mr. Alderdice stated

That the purpose of the resolution was to provide employment for the many unemployed of this City by the City doing the work and hiring the labor; that the use of hand labor be employed wherever possible instead of labor saving machines; that the employment be in short shifts in order to distribute the work among as large a number as possible; that he had seen this plan worked out in London and it seemed to be a success; that a large amount of improvement work could be accomplished this year and at the same time help out those so badly in need of employment.

And the question recurring on the adoption of the resolution.

The motion prevailed.

Mr. English presented
No. 1746.

Pittsburgh Bureau of Governmental Research,
Pittsburgh, Pa.
September 16, 1930.

Hon. John Herron,
President of Council,
City-County Bldg.,
Pittsburgh, Pa.

Dear Mr. President:

Confirming our conversation of today relative to the disposal of surplus city owned real estate.

At a recent discussion of the City concerning city owned real estate, Mr. Schooley and Dr. Kerr suggested that a committee comprising of Mr. McMahon, Mr. Schooley and Dr. Kerr be appointed to exhaust all practical means looking toward the disposal of unnecessary real estate.

Yours very truly,

PAUL M. KYDD.

Which was read, received and filed.

Mr. English moved

That the President be asked to appoint the committee as suggested by the communication.

Which motion prevailed.

And the Chair appointed as members of said committee Mr. McMahon, Chief Assessor, Mr. Schooley, City Treasurer, and Dr. Kerr, City Controller.

Mr. English moved

That the President make arrangements to borrow employees from some other department to help the City Clerk's Office in the present emergency caused by the large volume of business and the unavoidable absence of two of its employees, and

If it is not possible to borrow clerks, to employ temporary help.

Which motion prevailed.

Mr. English then called the attention of Council to the matter of notices not being sent to the property owners relative to the Zoning change on Ridge avenue, and asked that the Clerk read the record from the minutes at which the motion was adopted:

And the Clerk read from the Minutes of the Committee on Hearings, on September 17, 1930, the following:

"Mr. English moved that the bill be referred to Public Works Committee for action; but that in the meantime all of the other properties in the immediate neighborhood be apprised of the action of the committee, so that they may have an opportunity to appear before Council at the meeting Monday next, September 22, 1930, and given an opportunity to be heard if they have any objection to the change, in which event, the bill will be recommitted from Council to the Committee on Public Works.

Which motion prevailed."

Mr. English moved

That the Clerk be instructed to communicate with each person whose name appears on the protest sent in today and notify them of the hearing for next Wednesday, October 1st, as well as send them a copy of the motion adopted at the Committee on Hearings.

Which motion prevailed.

The Chair presented

No. 1747. An Ordinance authorizing and directing the grading to a width of

43 feet, paving and curbing of Hawthorne street, from Stanton avenue to Farmington street, including, as may be necessary, the grading of approaches on streets affected thereby and sinking of exploratory test holes; letting a contract or contracts therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby; and providing, further, for the payment of the City's share thereof.

Which was read and referred to the Committee on Public Works.

The Chair stated

That on account of an important event tomorrow afternoon, the Committee meetings had been called for 9 o'clock A. M. (Eastern Standard Time), and hoped the members would appear promptly in order that all the business may be transacted.

Mr. Alderdice asked the Chair whether it was necessary to notify each property owner personally in case of a zoning amendment, or whether posting notices on the street was not sufficient.

The Chair stated

Notices are posted on the property; 10 notices posted within 200 feet of the property affected, as well as being advertised in the newspapers; the Act does not require any personal notice, but it is sent when requested.

Mr. Muldowney moved

That the Minutes of Council, at a meeting held on Monday, September 15, 1930, be approved.

Which motion prevailed.

And on motion of Mr. Little

Council adjourned.

No. 1796.

September 26, 1930.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

An emergency in the Boiler Plant at Brilliant Pumping Station has developed, and the extreme hardness of the boiler water has brought the boiler plant to such a condition that the water supply is very seriously threatened.

To prevent a complete break-down in the service, it is necessary to proceed quickly and obtain some temporary boilers, either by a purchase outright, or by rental, with the necessary piping, smoke-stacks and other accessories, including water softening plant of larger capacity, and install them to augment the present steam supply and provide access to the present equipment for permanent repair. At present we are not able to obtain access to any individual

boiler sufficiently long enough to make permanent repairs. The cost of the work described is estimated by the Department of Public Works to be about Thirty Thousand (\$30,000.00) Dollars.

In conclusion we firmly declare that a serious emergency exists at Brilliant Pumping Station, and earnestly request that you approve and pass an emergency appropriation accordingly.

Very truly yours,

Charles H. Kline,
Mayor.

James P. Kerr,
Controller.

Which was read, received and filed.

Also

No. 1797. An Ordinance making an emergency appropriation in the sum of Thirty Thousand (\$30,000.00) Dollars for the purchasing, constructing or leasing, Steam Generating Equipment, Water Softener, Chimneys, Railway Tracks, Piping and Appurtenances for Brilliant Pumping Station, to aid the present boiler plant which is in jeopardy, and for the purpose of making necessary repairs to the present boilers, water softener and appurtenances, and authorizing the letting of an emergency contract or contracts therefor.

Which was read.

Mr. English moved

A suspension of Rule VIII., providing for mailing of printed copies of all bills and resolutions to each member of council at least 48 hours previous to the consideration of such papers by Council, after their return from committee.

Which motion prevailed.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	Kambach
Connelley	Little
English	Muldowney
Garland	Herron, (Pres't.)

Ayes 8. Noes none.

And all the votes of the members present being in the affirmative, the bill passed finally, as provided by Act of May 31st, 1911, Section 12, relative to the passage of bills in case of public emergency.

Mr. C. J. Mischler, Manager of the Verona Baseball Club, appeared and was given privilege of the floor and stated that his boys had made a good showing, having won the first four games, but the entire team was taken violently ill, which was attributed to the water they drank, and were in no physical condition to play the fifth game, which they lost, and also the sixth, which they were compelled to play on grounds on which rain had fallen the entire day, being unfit on which to play, and thanked the members of Council for their kindness and hoped his team would be able to win the championship next year.

The Chair stated

That owing to a previous engagement, it would be impossible for the Council, as a body, to attend the dinner tendered to the Verona Baseball Club, but that Mr. Little would represent the Council.

MOTIONS AND RESOLUTIONS

Mr. Alderdice presented

No. 1803.

WHEREAS, In and about the City of Pittsburgh there is an unemployment problem of serious proportions; and

WHEREAS, For the past ten years or more the Treasury Department of the United States Government has had in view the construction of a Federal Building; and

WHEREAS, For a number of years nothing of any consequence for the accomplishment of the same has been done; Now, therefore, be it

RESOLVED, That it is the consensus of opinion of the Council of the City of Pittsburgh that a request be made to the Honorable A. W. Mellon, Secretary of the Treasury, that he cause steps to be taken immediately to have contracts let for this improvement so as to aid the representatives of the City of Pittsburgh in relieving the unemployment problem, and further request that the Secretary of the Treasury, in awarding said contracts, employ as far as possible citizens of the City of Pittsburgh.

Which was read.

Mr. Alderdice moved

The adoption of the resolution.

Which motion prevailed.

Mr. Little presented

No. 1804.

RESOLVED, That the Mayor be and he is hereby requested to return to Council, without action thereon, for further consideration, Bill No. 1247, An Ordinance widening Lebanon road in the Thirty-first Ward of the City of Pittsburgh, from Mifflin road to the dividing line between the City of Pittsburgh and Mifflin Township, etc.

Which was read.

Mr. Little moved

The adoption of the resolution.

Which motion prevailed.

And the Mayor having returned, without action thereon,

Bill No. 1247. An Ordinance entitled, "An Ordinance widening Lebanon road in the Thirty-first Ward of the City of Pittsburgh, from Mifflin road to the dividing line between the City of Pittsburgh and Mifflin Township, and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby."

Which in Council, September 22, 1930, Bill read, rule suspended, read a second and third times and finally passed by a three-fourths vote.

Which was read.

Mr. Little moved

To reconsider the vote by which the bill was read a second and third times and finally passed.

Which motion prevailed.

And the question recurring, "Shall the bill be read a second and third times and finally passed?"

The motion did not prevail.

Mr. Little moved

That the bill be recommitted to the Committee on Public Works.

Which motion prevailed.

Mr. Little also presented

No. 1805.

WHEREAS, The County of Allegheny has been for some time endeavoring to select a site for a Town Hall; and

WHEREAS, All of these sites are at the present time taxable, and the City and County derive considerable revenue therefrom; and

WHEREAS, The City of Pittsburgh owns a tract of land situate on the North Side, known as "Monument Hill", which is available and in close proximity to the business section, the title to same being vested in the City of Pittsburgh; Therefore, be it

RESOLVED, That the City of Pittsburgh, through its proper officers, notify the County Commissioners, that in their judgment, this site is most desirable, and that, if selected as a site for the proposed Town Hall, title therefor will be transferred to the County of Allegheny for the nominal sum of One (\$1.00) Dollar.

Which was read.

Mr. Little moved

The adoption of the resolution.

Mr. English objected to the City placing itself on record as favoring any particular site, and stated that he was opposed to the resolution in its present form.

Mr. Little moved

To amend the resolution by striking out the words, "that in their judgment, this site is most desirable, and"; by striking out the words "as a site", and by inserting after the words "that, if" the words "this site is".

MOTIONS AND RESOLUTIONS

The Chair (at this time) presented

No. 1865.

City of Pittsburgh, Penna.,

October 6, 1930.

To the President and Members of Council.
Gentlemen:—

In the widening and improvement of Independence way, at the corner of Castor street, there is a frame dwelling house which will have to be torn down, unless otherwise removed, and which was condemned by the City. James Bunn and Effie Bunn, his wife, have lived in this property for a number of years. I have had several conferences with them and their attorney and have received from them an offer to purchase this house and remove it to their own property for \$500.00. The cost of the moving of the house will be between \$2,500.00 and \$3,000.00. I am of the opinion that in the value of the house the City will get its share at the price of \$500.00. If the house is not sold this way, it will either have to be put up for sale to limited bidders or will have to be torn down at the expense of the City.

I would, therefore, suggest that the Department of Supplies be authorized to sell this house to James Bunn and Effie Bunn, his wife.

Respectfully yours,

Chas. A. Waldschmidt,
City Solicitor.

Also

No. 1866. Resolution authorizing and directing the Director of the Department of Supplies to sell to James Bunn and Effie Bunn, his wife, the house situate at the corner of Independence way and Castor street, within the lines of the improvement of Independence way, for the sum of \$500.00, and authorizing said purchaser to remove said house from the lines of said improvement upon the payment of \$500.00 to the City of Pittsburgh.

Which were read and referred to the Committee on Finance.

Mr. Little moved

That it is the sense of Council, the City Solicitor be authorized to enter into negotiations with James and Effie Bunn for the sale to them of the house at the corner of Independence way and Castor street, for the sum of \$500.000.

Which motion prevailed.

Mr. Connelley presented

No. 1867.

WHEREAS, God in his Infinite wisdom,

has seen fit to remove from our midst, our beloved fellow-townsmen, Henry Phipps; and

WHEREAS, In the loss of Henry Phipps, the City of Pittsburgh has lost a most generous benefactor; and

WHEREAS, Henry Phipps was a resident of Pittsburgh in his early life and participated to a great extent in the growth of the City during that period; and

WHEREAS, In later life, Henry Phipps remembered the City of Pittsburgh most generously in his benefactions by the donation of the Phipps Conservatory in Schenley Park, the Phipps Conservatory in West Park and the Phipps Gymnasium and Playground on the North Side; Therefore, be it

RESOLVED, That the people of the City of Pittsburgh, through their Mayor and the Council, do hereby extend to the relatives and friends of the late Henry Phipps their deepest sympathy in the loss of such an outstanding figure in the financial, social and civic life of the country, and that a copy of these resolutions be engrossed and presented to the relatives.

Signed,

CLIFFORD B. CONNELLEY,
HARRY A. LITTLE,
ROBERT GARLAND,

Committee.

Which was read.

Mr. Connelley moved

The adoption of the resolution.

Which motion prevailed by an unanimous rising vote.

Mr. Kambach presented

No. 1868.

WHEREAS, Nothing is nobler than to plant the flower of gratitude on the grave of a generous man,—of one who labored for the good of all,—so we pay our respects to the memory of William H. Stevenson, who, on September 22nd, 1930, wrapped about him the drapery of his couch and lay down to pleasant dreams; and

WHEREAS, William H. Stevenson was reared in Pittsburgh; carried on a successful grocery business; took a deep interest in the civic problems of this community; helped to promote every progressive movement looking to the betterment of Pittsburgh and its environs; was thrilled by historical research; was lured by the fine arts; and by reason of his wonderful training, wide experience and grasp of situation,

was called upon to fill many public offices
and guide many public movements; and

WHEREAS, He served the City of Pitts-
burgh in the capacity of Councilman for
many years.

THEREFORE, BE IT RESOLVED, That
in the passing of William H. Stevenson to
the Great Beyond, the City of Pittsburgh
has lost a real man and a dutiful citizen,
and the public a true champion; and the
Council and the Mayor of the City of Pitts-
burgh take this means of acknowledging
their great loss and hereby extend to the
bereaved family their heartfelt sympathy in
this hour of their affliction; and

BE IT FURTHER RESOLVED, That this
resolution be spread in full upon the record
of Council and an engrossed copy sent to
the family.

Twilight and evening bell,
And after that the dark!

And may there be no sadness of farewell
When I embark.

For tho' from out our bourne of time and
place

The flood may bear me far,

I hope to meet my Pilot face to face
When I have crossed the bar.

Signed,

GEORGE J. KAMBACH,
ROBERT GARLAND,
W. Y. ENGLISH,

Committee.

Which was read.

Mr. Connelley moved

The adoption of the resolution.

Which motion prevailed by an unanim-
ous rising vote.

And on motion of Mr. Garland,

Council adjourned.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

I have to advise you herewith in reference to the following motions adopted at a meeting of Council held October 8, 1930:

"That the Director of the Department of Public Works be asked to prepare the necessary legislation, for presentation to Council on Tuesday, October 14, 1930, for the North Side river and rail terminal.

also

That the Director of the Department of Public Works be asked to present the necessary legislation, on Tuesday, October 14, 1930, for the Hays river and rail terminal site."

We transmitted to you under date of October 10, 1930, copies of a report and recommendations with regard to river and rail terminals.

I would suggest that action be taken with regard to proceedings with regard to the terminals after the Mayor and Council have duly considered this report and determined to what extent commitments are to be made with regard to same. In this connection we will be very glad to confer with you at any time.

With regard to the North Side Terminal the Department and the City Solicitor are preparing lease agreements with the owners of the proposed terminal site, these being the Pittsburgh and Western Railroad a subsidiary of the Baltimore and Ohio Railroad and the Equitable Real Estate Company. The total annual payments involved in these leases will be approximately \$35,250.00.

As stated in the before mentioned report the development of the North Side Terminal will involve the construction of street approaches at a cost of \$265,000 which can be financed if authorized by proper ordinance out of Bond Fund 293. With regard to the cost of terminal proper it will first be necessary, after the leases have been executed to take over an existing lease hold either by condemnation or agreement and in connection with this matter the City Solicitor has had appraisals made. The extent to which the physical improvement of the terminal site is to be carried should be a

matter of policy determined by the Mayor and Council. Before submitting ordinances providing for this improvement work we would like to thoroughly discuss the matter with the Mayor and Council.

Yours very truly,

EDWARD G. LANG,
Director.

DEPARTMENT OF PUBLIC SAFETY.

October 9, 1930.

President and Members of City Council,
Pittsburgh, Pennsylvania.

Gentlemen:

It has been brought to my attention that unrestricted parking on Bausman street between Brownsville road and Knox avenue is causing unnecessary congestion and interference with the free movement of traffic, creating hazardous conditions for both motorists and pedestrians. Residents of the street request that parking be restricted to one side only.

We have also been investigating traffic

conditions on certain North Side streets, pursuant to the petitions of the residents and property owners requesting that the streets listed below be restricted to one-way traffic as indicated. In each case, it is clearly evident that this is the logical and reasonable thing to do, not only to improve general conditions for the free movement of traffic in the localities mentioned, but to reduce existing fire hazards, the unfair "running around" traffic signals, and to further safeguard the many children playing in these streets.

I have therefore decided to institute a 60-day trial of the following regulations, effective October 16, 1930.

No Parking At Any Time on Bausman street from Brownsville road to Knox avenue, north side.

One-way Traffic on Boyle street from Parkhurst street to North avenue, southbound only.

One-way Traffic on Barnett street from Reddour street to Arch street, westbound only.

One-way Traffic on Peralto street from Madison avenue to Chestnut street, eastbound only.

One-way Traffic on Phineas street from Chestnut street to Madison avenue, westbound only.

Director.

DEPARTMENT OF PUBLIC SAFETY.

October 9, 1930.

President and Members of City Council,
Pittsburgh, Pennsylvania.

Gentlemen:

Residents in the vicinity of Baum boulevard have been complaining repeatedly that all-day parking by employes of the Ford and Cadillac Companies, and of other industrial units in that neighborhood, causes them considerable annoyance and inconvenience.

I have had a survey made of the conditions complained of, which developed that the situation is substantially as the residents set forth. Our survey indicates that the remedy lies in prohibition of parking

at such hours as to break up the all-day parking, to-wit:

No Parking 8:00 to 9:30 A. M. and
3:30 to 5:00 P. M.

Accordingly, I have decided to institute a 60-day trial of this regulation on the streets listed below, effective October 16, 1930.

Wallingford street from Morewood avenue to Devonshire street, both sides.

Center avenue from Millvale avenue to Cypress street, both sides.

Morewood avenue from Bayard street to the dead end thereof, both sides.

Broughton street from Baum boulevard to Morewood avenue, both sides.

Millvale avenue from Morewood avenue to Center avenue, both sides.

Melwood street from Baum boulevard to Bayard street, both sides.

Bayard street from Neville street to Craig street, both sides.

Woodworth street from Baum boulevard to the dead end thereof, both sides.

Maripoe street from Millvale avenue to the dead end thereof, both sides.

Fairmount street from Baum boulevard to Roup avenue, both sides.

Roup avenue from Negley avenue to Fairmount street, both sides.

Stratford avenue from Roup avenue to Friendship avenue, both sides.

Negley avenue from Center avenue to Friendship avenue, both sides.

No. 1923.

DEPARTMENT OF LAW.

October 3, 1930.

Finance Committee of Council.

Gentlemen:

In reference to Bill No. 1426, Resolution authorizing the Delinquent Tax Collector to settle in full certain City taxes on property in the Nineteenth Ward, in the name of John Torok, I report as follows:

By deed dated February 20, 1929, recorded in Deed Book Volume 2369, Page 615, the Executors of Elizabeth Paul, deceased, conveyed to John Torok, of the City of New York, N. Y., four parcels of ground in the Nineteenth Ward of the City of Pittsburgh, the consideration being \$183,020.00. The property was conveyed subject to municipal improvements not begun prior to December 4, 1928, and subject to all liens for taxes and municipal improvements, aggregating \$105,753.96, which the grantee assumed and agreed to pay as part of the consideration.

April 15, 1929, the grantee paid to the City of Pittsburgh \$51,798.31, for paying, sewer and sidewalk liens of the City of Pittsburgh against this property. There is a balance for taxes due the City of Pittsburgh, with interest and penalty, amounting to \$56,399.65, which grantee agrees to pay immediately if the same is reduced to \$36,750.00, which means that the City relieve the property of the interest, advertising and penalty upon the taxes which have not been paid, and allow the grantee to pay 75% of the taxes actually assessed against the property.

This, of course, would clean up a lot of these back taxes and put the property in better shape for future development. This matter is solely within the discretion of Council—as to what it deems best for the interests of the City of Pittsburgh.

Respectfully yours,

Chas. A. Waldschmidt,
City Solicitor.

DEPARTMENT OF LAW.

October 9, 1930.

Finance Committee of Council.

Gentlemen:

In reference to Bill No. 1426, proposed Resolution authorizing the Delinquent Tax Collector to settle in full certain City taxes on property in the Nineteenth Ward, in the name of John Torok, upon payment by him of the sum of \$36,750.60, which Bill was given an affirmative recommendation sub-

ject to a report from the Law Department, at a meeting of your Committee held October 7, 1930, I advise you as follows:

I understood you wanted to know whether or not this was the same ground that was offered to the City for playground purposes. I enclose herewith letter from John Torok, dated this day, that he purchased one hundred forty-two (142) acres in all from the Elizabeth Paul Estate, and that it is not his intention or desire to dispose of any of this property to the City for playground purposes, but that the same is desired for an orphan asylum or a similar charitable institution to be built. The letter is self-explanatory.

Respectfully yours,

Chas. A. Waldschmidt,
City Solicitor.

Pittsburgh, Pa.,
October 9, 1930.

City of Pittsburgh,
Pittsburgh, Pa.

Gentlemen:

With reference to the matter now pending before you, relative to an offer made by me for the settlement in full of taxes on the property which was acquired by the undersigned from the Elizabeth Paul Estate, Nineteenth Ward, City of Pittsburgh, the title to which property is in my name, beg to advise as follows:

This property was purchased by me as acreage, from the Paul Estate. Another portion of the property adjacent thereto, and owned by the Paul Estate, consisting of a Plan of Lots, was previously sold by them to other individuals. There was purchased by me, in all, approximately One Hundred and Forty-two (142) Acres, a considerable portion of which is hillside, and not available for building purposes.

When the property was acquired by the undersigned, it was contemplated and intended the grounds be used for the purpose of erecting thereon an Orphan Asylum, or a similar charitable institution, for the reason that the lay-out of the ground was ideal for this purpose, and it is our intention to proceed with the erection of such institution, just as soon as the economic conditions of the country permit, and our finances are adjusted, so that the same may be undertaken.

I do not know what the previous history of this property was but since we have acquired it no offer has been made to sell

it or any portion of it to the City of Pittsburgh for playground purposes and it is not our intention or desire to dispose of any of it in that way. Therefore, any offers made to your city by anyone to sell a certain portion for playground purposes must have been previous to our acquisition of this property and are, therefore, null and void, as it would be necessary for us, the new owners, to ratify any offers which we have not nor will not do.

Respectfully submitted,

JOHN TOROK.

Missionary Bishop of the
(Greek Catholic) Hungarian
Orthodox Church.

Pittsburgh, Pa., October 17, 1930.

To the Honorable,

The Council of the City of Pittsburgh.
Gentlemen:—

Pursuant to the terms and provisions of Section 13 of the Act of May 31, 1911, relating to appropriations, we, the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of an emergency in said City arising out of the unemployment of hundreds of men and women, requiring a special appropriation to the Department of Public Welfare of the sum of \$100,000.00, or so much thereof as may be necessary, to be used to furnish assistance and help to the unemployed of the City of Pittsburgh.

Charles H. Kline,
Mayor.

James P. Kerr,
City Controller.

Which was read, received and filed.

Also

No. 2004. An Ordinance making an emergency appropriation in the sum of \$100,000.00, or so much thereof as may be necessary, to the Department of Public Welfare, to be used to furnish assistance and help to the unemployed of the City of Pittsburgh.

Which was read.

Mr. Kambach moved

A suspension of Rule VIII, providing that all ordinances and resolutions when returned from committee, shall be printed and copies mailed to each member of Council, at least 48 hours previous to the consideration of such papers by Council.

Which motion prevailed.

Mr. Kambach moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderice	Kambach
Anderson	Little
Connelley	Muldowney
Garland	Herron, (Pres't.)

Ayes 8. Noes none.

And all of the votes of the members present being in the affirmative, the bill passed finally, as provided by Section 12 of Act of May 31, 1911, relating to the passage of bills in case of public emergency.

REPORTS OF COMMITTEES.

Mr. Connelley (for Mr. English) presented

No. 2005. Report of the Committee on Finance for October 15, 1930, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1872. Resolved, That the Collector of Delinquent Taxes shall be and he is hereby authorized and directed to accept from Elmer E. Beeck the sum of \$6,339.32, in full payment of City taxes assessed against the Plaza Building, Ross street, Second Ward, for the year 1930.

Which was read.

Mr. Connelley moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Connelley also presented

No. 2006.

DEPARTMENT OF LAW.

Pittsburgh, October 20, 1930.

Mr. Robert Clark,
City Clerk.

Dear Sir:

In reference to Bill No. 1872, Resolution authorizing and directing the Collector of Delinquent Taxes to accept from Elmer E. Beeck the sum of \$6,339.32, in full payment of City taxes assessed against the Plaza Building, Ross street, Second Ward,

for the year 1930, I suggest that this Resolution be amended to read:—\$3,784.49, instead of \$6,339.32, and after the word "payment" insert:—for second quarter, so that the Resolution, when amended, would read as follows:

RESOLVED, That the Collector of Delinquent Taxes shall be and he is hereby authorized and directed to accept from Elmer E. Beeck the sum of \$3,784.49, in full payment for second quarter of City taxes assessed against the Plaza Building, Ross street, Second Ward, for the year 1930.

The reason for this is that the \$6,339.32 includes school taxes. We cannot do anything in reference to the school taxes, and therefore, I have had this amount taken from the amount due.

Very truly yours,

Chas. A. Waldschmidt,
City Solicitor.

Which was read, received and filed.

Mr. Connelley moved

To amend the resolution by striking out the amount "\$6,339.32," and by inserting in lieu thereof the amount "\$3,784.49," and by inserting after the words "full payment" the words "for second quarter."

Which motion prevailed.

And the resolution, as read a second time and amended, was agreed to, and laid over for reprinting.

Mr. Connelley also presented, with an affirmative recommendation,

Bill No. 1818. Resolution authorizing the issuing of a warrant in favor of D. C. Cromie and Rosa Cromie, his wife, in the sum of \$400.00, in full settlement of any and all claims which they have against the City of Pittsburgh for property damage done to the cellar of their residence at 5012 Schenley avenue, as well as for damages to personal property contained therein, and charging the same to Code Account No. 12, Contingent Fund.

Which was read.

Mr. Connelley moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Alderdice	Garland

PITTSBURGH HOUSING ASSOCIATION

Office: Granite Building

Pittsburgh, October 17, 1930.

The Honorable
The City Council
City-County Building,
Pittsburgh, Pa.

Gentlemen:

During the hearing October 15, on the proposed amendment to the Zoning Law permitting miniature golf courses in residence districts, the discussion dealt only with open air courses. Question was raised as to the effect of these courses in increasing the assessed value of the land, because, being commercial ventures, successful ones produce considerable revenue in keeping with their capital cost.

But the proposed amendment would also permit miniature golf in buildings in residence districts. These buildings must, of course, be classed as business buildings like moving picture theaters or other structures used for commercial amusements. Use of them having been approved for one kind of business it will be difficult legally to refuse permission to use them for another kind of business if, as some of those who spoke said, miniature golf proves to be a passing craze and the owners wish to rent to shop keepers.

A similar point was raised in a test case in the District of Columbia a few years ago when it was maintained that certain buildings would be used only for business not objectionable in a residence neighborhood, such as dress-makers shops and beauty parlors. It was argued, however, that if one kind of business were permitted, another of a type now permitted in commercial districts, could not be forbidden. The court decided against the proposed violation of the zoning law.

Respectfully submitted,

John Ihlder,
Executive Director.

Which was read, received and filed.

MOTIONS AND RESOLUTIONS.

Mr. Garland presented
No. 2014.

WHEREAS, On Saturday, October 25, 1930, the new Mid-transcontinental Air Route from New York to San Francisco via Pittsburgh, St. Louis, Kansas City and Los Angeles, will be inaugurated, which, by affording an expeditions daily mail and passenger service, will render a distinct benefit not only to the business and financial interests but to the people of the community as a whole, increasing its importance as a transportation center, so that Saturday, October 25th, may be recorded as an historical day in the annals of the history of Pittsburgh, making another mile-stone in our progress.

WHEREAS, Bancroft, America's greatest historian, dubbed Pittsburgh the "Gateway of the West." Located as we are at the most important head water of the Mississippi, he based his prophecy particularly on waterway commerce. On next Saturday we may well assume the additional title of "Gateway to the West."

Whereas, On this auspicious occasion we pay another tribute to that eminent Pittsburgher, the first man in the world who succeeded in building a successful heavier-than-air flying machine—Samuel P. Langley, in whose honor "Langley Field" has been named, and for whom the Pittsburgh Board of Education has named one of our High Schools as a memorial to his genius. We record our tribute to the memory of that brilliant young airman, a Pittsburgher, Calhoun Perry Rodgers, first to make a transcontinental flight, and who gave his life to the cause.

WHEREAS, Our State of Pennsylvania, through its appropriation of \$250,000 is largely responsible for the inauguration of this new Mid-transcontinental Air Route. The State Legislature is hereby accorded our thanks.

WHEREAS, The Council also places itself on record as being thankful to the Commissioners of Allegheny County for their very generous appropriations to aid the City in the construction of a wonderful A-1 Municipal Airport, recognizing the fact that when the Port is completed, the three principal cities of our great State, Philadelphia, Harrisburg and Pittsburgh, will have outstanding airport facilities.

WHEREAS, This auspicious starting of airway service is but the forerunner of Hydroplane development, our City being fortunate in having three great and important waterway arteries connecting this Industrial Empire with the great distributing cities of the South, Southwest and Northwest.

WHEREAS, Hearty thanks are due at this time to all of our people whose activities have contributed to the inauguration of this wonderful service by helping to make our people air-minded. Among these might be recorded: The Aero Club of Pittsburgh; The Pittsburgh Chamber of Commerce, through its special committee on Airport Development, Arthur E. Braun, Chairman; The Aeronautics Committee of the Chamber, Raymond M. Marlier, Chairman; Pittsburgh-Butler Airport; Pittsburgh-Greensburg Airport of the Main Aeronautics Corporation; Bettis Airport of the Curtiss-Wright interests; and to those pioneers, Colonel Harry Fry, Colonel William Thaw and Casper Mayer, who were in at the beginning, blazing the way.

WHEREAS, It is fitting that there should be special mention and official recognition by this Council of the splendid work accomplished by the Pittsburgh Aviation Industries Corporation, organized by a group of Pittsburgh business leaders, with George R. Hann as the able, energetic, and tireless President, in lending its financial and business guidance in encouraging and stimulating all forms of aeronautic activities in the Pittsburgh District. And the Transcontinental and Western Air, Inc., is hereby heartily commended for its work in fulfilling the need of the Pittsburgh District with these additional transportation facilities; Therefore, be it

RESOLVED, That the Mayor and the

Council of the City of Pittsburgh do hereby extend to the Pittsburgh Aviation Industries Corporation their most sincere felicitations upon the accomplishments of that organization in the advancement of aviation transportation in general, and the resultant distinction brought to the City through the zeal of that corporation in the selection of our City as a terminal on this important transcontinental route; and, be it further

RESOLVED, That these resolutions be spread upon the Councilmanic records in full, and that a copy of same be forwarded to the proper officers of the Pittsburgh Aviation Industries Corporation, the United States Department of Commerce, the Pennsylvania State Aeronautics Commission, the United States Post Office Department, and to the officials of Transcontinental and Western Air, Inc., and to those other activities mentioned herein as now engaged in Aircraft development.

Which was read.

Mr. Garland moved

DEPARTMENT OF CITY PLANNING

President and Members of Council,
City of Pittsburgh.

Gentlemen:

Pursuant to the suggestion of City Council, made in Committee on October 15th, the City Planning Commission has reviewed the proposal covered by Bill No. 1696, An Ordinance amending Section 54 of the Zoning Ordinance by conferring additional powers upon the Board of Adjustment, with regard to the installation and operation of Tom Thumb Golf Courses, etc.

Recognizing the fact that members of Council have been trying, in the proposed legislation, to find some way by which the demand for commercial recreation concessions in residential zones can be legally set up without the necessity for the Council to give the time to public hearings upon ordinances making changes of the zone map, and without the need to advertise all changes, the City Planning Commission has reviewed the proposal most carefully.

The Commission is unanimous (action of October 21st) in believing that the ultimate result of the passage of the proposed legislation (Bill 1696) can not but be detrimental to residential properties and to the values and character now established in residential districts. The situation with respect to miniature golf courses appears to be temporary and, even though a few persons might be required to forego possible profits in such commercial ventures in residential districts, this Commission believes that it would be wiser in the long run and more equitable to a greater number of property owners if the present proposal were abandoned, and the ordinance left unchanged to function normally.

The Commission reaffirms its previous adverse report upon Bill No. 1696 with no dissenting vote, most earnestly begs the Council to re-examine the proposal in the light of the Commission's previous report (copy herewith) and to reject the ordinance.

Yours very truly,

Department of City Planning,

L. W. Monteverde, Chairman.

Which was read, received and filed.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Noes:—Mr. Garland.

Ayes 6. Noes 1.

The Chair said:

Gentlemen, the clerk informs me that this Ordinance failed for lack of a three-fourths vote, he claiming that under the law it requires seven (7) votes where there is a protest from the City Planning Commission.

Mr. English arose and said:

Mr. President, in order to clear up this point, I would suggest that you send for the City Solicitor or his Assistant, Mr. Benner.

Mr. Thomas M. Benner, First Assistant City Solicitor, being sent for, appeared, and after discussing the matter with the President, the Chair said:

Gentlemen:—Mr. Benner tells me that it will require seven (7) votes to pass this Ordinance in view of the objection from the City Planning Commission. He agrees with me that it is very foolish to have such a strong restriction against Council, and I am going to ask him to prepare a bill for introduction in the next Legislature whereby it will require only a majority of votes of Council to pass legislation of this character.

Mr. English arose and said:

Mr. President, the clerk should find out definitely the number of persons on the Planning Commission and whether a full attendance of the Commission was present when they passed this motion disapproving this particular bill, so we may know whether a majority or minority of the Planning Commission passed on this matter. I have just been informed that there are seven members on this Commission. I would like to know whether the entire membership of seven voted on this, and if not, who were present and who were absent. I would also like to have a copy of the rules under which this Commission operates, whether it requires a two-third vote of the Planning Commission to approve a bill of this kind, and on that information will determine my

action on the legislation proposed to be presented to the next Legislature changing the law requiring a three-fourths vote on zoning amendments when there is objection from the City Planning Commission.

Mr. Benner said:

Mr. President:—A majority of the quorum runs the meeting. On this question, I might remind the members of Council that the present City Solicitor furnished an opinion stating that it required seven votes to pass an Ordinance amending the Zoning Law where there was an objection, whether from property owners or the Planning Commission, and in case of a veto, the same number of votes is required to override the veto.

Mr. Garland arose and said:

Mr. President:—The Charter requires a two-thirds vote to override the Mayor's veto, but in the case of a Zoning Ordinance where it requires seven votes, those seven men must keep to the same opinion.

The Chair said:

Excepting that no Ordinance can set aside an Act of Assembly. Our Charter Act tells us how many votes are required to pass a certain bill and how many votes are necessary to override a veto. If you will look up the record, you will see that we overrode the Mayor's veto with six votes in Mayor. Magee's administration.

Mr. English arose and said:

I do not think we ought to go into that, Mr. President. The information we should ask for is this, and I move that the City Planning Commission be asked to furnish it:—As to the rule of procedure under which the Commission operates; that is, whether a majority of those present or a majority of the board governs the action of the body; how many members compose the Commission, and whether a full attendance of the Commission was present when they passed the motion disapproving this Bill No. 1696, so Council may know whether a majority or minority of the Commission passed on this matter.

Which motion prevailed.

Mr. Alderdice arose and said:

Mr. President, I was wondering if the Planning Commission does not keep a record of their votes on all these matters.

Mr. Benner said:

They do keep a minute of their meetings.

Mr. Alderdice said:

We should ask them to send that down to us. It would show us how many members were present and who voted for or against this particular bill.

Mr. English arose and said:

Mr. President, I also offer this motion:—That the Clerk of Council write a letter to the City Planning Commission requesting them to furnish Council in the future, when they give a statement approving or disapproving any bills on which their opinion is asked, that they give the names of the members present and a record of the vote by which the pending bill was approved or disapproved.

Which motion prevailed.

The Chair said:

We should include the Board of Adjustment.

Mr. Benner said:

Mr. President:—Allow me to make a suggestion. It is unnecessary to include the Board of Adjustment because they do not report anything out. Unless Council asks for something specific, they are not required to make a report on matters pending before them. They are a court of appeals. They are different than the City Planning Commission. The Planning Commission advises Council pro and con.

Mr. English arose and said:

Mr. President, this is the thing that is running through my mind. If the Council is subject to veto power of the Planning Commission, I bow to it cheerfully and gladly. If that is their job, why should Council be bothered with holding hearings on these proposals for zone changes.

The Chair said:

You are not going to admit that?

Mr. English said:

I will have to admit that under the opinion of the City Solicitor.

The Chair said:

We are elected by the people. The people look to us for action. This organization does not answer to anybody but the Mayor. We are responsible for this Zoning Ordinance, and if a wrong interpretation has been placed upon it, let us go to the Legislature for relief. In the meantime, Mr. Benner, we thank you for

your opinion, and would ask you to check up on the questions as to whether anybody can take away that which the Charter Act gives the Council.

Mr. Benner said:

Mr. President, you have an opinion on that question from the City Solicitor.

The Chair said:

We will show you where, in the Magee administration, we had an opinion which stated that it only required six votes to override the Mayor's veto.

And there not being three-fourths of the votes of Council in the affirmative, the bill failed to pass finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment, a three-fourths vote of all the members of Council shall be required.

When the name of Mr. Connelley was called, he arose and said:

Mr. President, I wrote aye on this bill. I am very much interested in Bill No. 1087. We have had this before us for a long time and we passed it in committee meeting. Up until today I did not know there was any opposition to this bill. We took the time to go out to visit this property, and it is entirely on the question of zoning that I am speaking. I cannot understand why a majority voting for it in committee would object to it now. They need that place for trade and need it as much for trade as anywhere in the city, and if we lose today we will try to do better later.

Mr. Alderdice arose and said:

Mr. President, the reason I am voting against it is because I went out to visit the property and it looks to me as though another store in that neighborhood is not

required. The man who desires the change has two other stores in the immediate neighborhood.

When the name of Mr. English was called, he arose and said:

Mr. President, I am sorry that I was not present to accompany the members on their visit to the property proposed to be changed. I am not interested in the question as to whether the petitioner has three or four stores. It is entirely on the principal of zoning. If the committee considered this carefully, it seems to me that we ought to confirm their action today. The fact that a man wants to build a store should be no reason for denying the zoning change. If those who looked at the property think it is all right, I am in favor of the change, and therefore vote aye.

When the name of Mr. Little was called, he arose and said:

Mr. President, the reason I am voting against it, is because there is no necessity for another store in this neighborhood. I was not at the committee meeting and if I had been present, I would have voted against it then.

Ayes 2. Noes 5.

And a majority of votes of Council being in the negative, the bill was rejected on final passage.

Mr. Little also presented

No. 2061. Report of the Committee on Public Works for October 22, 1930, transmitting several Ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 1719. as to change from an 'A' Residence Use District to a Commercial Use District, all that certain property fronting on the easterly side of Brownsville road between Agnew avenue and Hornaday road, being lots 3 to 6 inclusive in the 'Phillips Manor' Plan of Lots."

MOTIONS AND RESOLUTIONS

Mr. Little presented

No. 2065.

WHEREAS, On Sunday evening, October 12, 1930, the Catholic Diocese of Pittsburgh held a Eucharistic meeting at Forbes Field, which was attended by 75,000 men and, in addition, there were thousands of men, women and children in the vicinity of Forbes Field and Schenley Park, who could not be accommodated at the Field; and,

WHEREAS, This large crowd of people came to Forbes Field in automobiles and street cars and was handled in an orderly and efficient manner by the members of the Bureau of Police; and,

WHEREAS, On Saturday, October 25, 1930, another crowd of people numbering approximately 72,000, attended the football game between the teams of the University of Pittsburgh and the University of Notre Dame and, on this occasion, the police assigned to this district efficiently handled this large number of people, and in every manner assisted the officials of the University of Pittsburgh in handling the crowds on the outside as well as on the inside of the Stadium; and,

WHEREAS, A large number of ticket scalpers had come into the possession of fake tickets for this sport event, which was attended by the largest crowd ever assembled in Pittsburgh, and these tickets were sold to innocent people who purchased them for genuine admission tickets, and through the alert and earnest efforts of these officials the holders of these tickets were apprehended, thus preventing what would have otherwise resulted in chaos; Therefore, be it

RESOLVED, That the City Council, in meeting assembled, express to the officials of the Department of Public Safety and the Bureau of Police, and to the officials of the University of Pittsburgh, their commendation and appreciation for the efficient and orderly manner in which the crowds at these two great, outstanding events were handled.

Which was read.

The motion did not prevail.

Mr. English moved.

That the resolution be recommitted to the Committee on Finance.

Which motion prevailed.

Mr. Alderdice arose and said,

Mr. President, It is with regret that I announce the death of Joseph Mar... one of our Legislators, and I think the President of Council should appoint a committee to draft suitable resolutions. I would so move you, Mr. President.

And the motion prevailed.

And the Chair appointed as members of said Committee, Messrs. Allderdice, Engle Little and Muldowney.

Mr. Muldowney moved.

That the Minutes of Council at a meeting held on Monday, October 20, 1930 be approved.

Which motion prevailed.

Mr. English at this time arose and said

Mr. President:—Mr. Duggan, Chairman, and Mr. McIntyre, Traffic Engineer, of the Better Traffic Committee, asked me to accompany them to the eastern part of the country to investigate the operation of

traffic signals. I might state here that I believe the trip was for the purpose of getting some support for a larger appropriation for the coming year.

I went with them and I was surprised to find that in the East they do not handle traffic as well as we do here. The famous Boston Post Road is busy between New York and all places between there and Boston. They have one good thing on it, an automatic electric stop signal system. If an automobile hits the signal when the light is red he goes through it if an automobile is not going along the intersecting thoroughfare.

They also have the push button system in operation on this Boston Post Road. A little child can go up and stop traffic. This is a wonderful thing and we were very much impressed with it. It works out splendidly in Providence and they have a couple in Boston.

The big city of New York surprised me. The City of New York does not have the amber light, and when the pedestrian desires to cross the street he takes a chance. The policeman operates a lever which operates the lights on Broadway. The entire street operates simultaneously not one or two blocks as in Pittsburgh.

As I said before, there is no yellow light and the pedestrian takes a chance on the black in crossing the street. At this point, I want to take the time to compliment our traffic Engineer, who in my opinion compares very favorably with the other traffic engineers of the large cities of the Country.

One thing in Boston, the Traffic Engineer is the head man and absolutely the head man. Fortunately for him the police of Boston are under the control of the State of Massachusetts, but the traffic in the City of Boston is controlled by the Traffic Engineer and not the police of Boston.

In the control of the lights in Pittsburgh, when the Ohio University football game was on here last year, the lights were turned off. I found the same thing last Saturday. The lights were turned off from Liberty Avenue over to Fifth avenue, and then started again at Diamond street. We ought to have one authority in Pittsburgh,

whether it be the police department or the traffic engineer, who is responsible for the operation of these traffic lights, and I for one would suggest that the matter of these lights be left in the hands of one authority. I do not know who was responsible for turning the lights off last Saturday, as I have not had time to question the Director of the Department of Public Safety; but notwithstanding this, I believe the operation of these lights should be under the control of one designated authority, and such authority only to say when the lights should be turned on or off.

The reason I am making this report is because I recognize the need of having one recognized responsible head to the important matter of traffic control. Somebody should be held responsible for the satisfactory operation of the system. In the end the blame is put on Council by the people.

Mr. Alderdice arose and said:

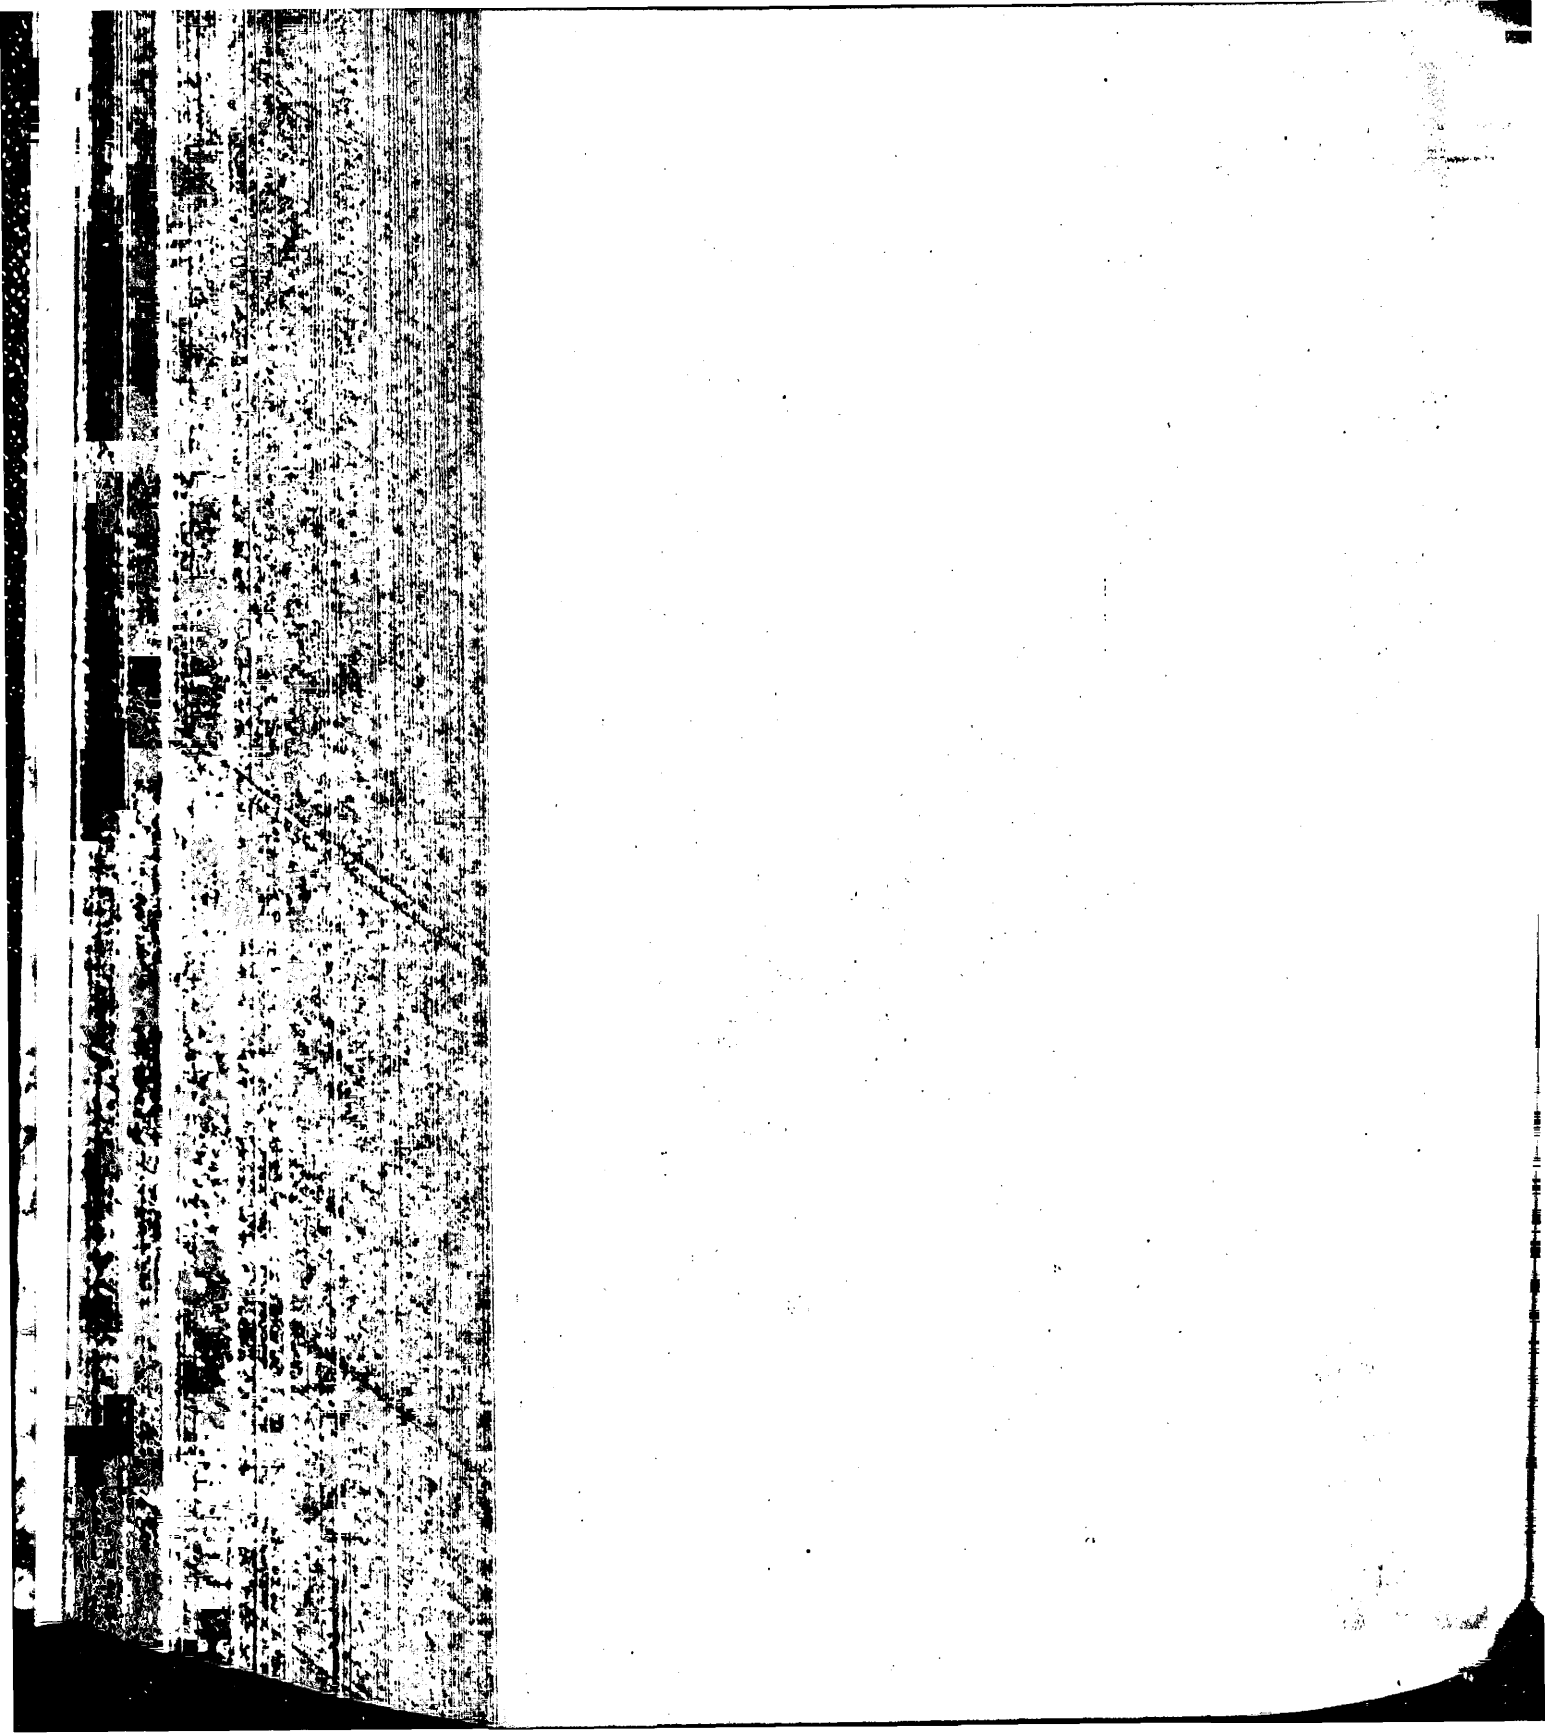

Mr. President, I am a little bit disappointed in Mr. English's report. I am tickled to death he had a good time, and came back with a report that our system is much better than those in operation in other cities in the East. But I regret that the cost of this operation is mounting each year. Only a few years ago when this system was inaugurated the sum of \$25,000.00 was appropriated, and last year it was nearly \$300,000.00, and now I understand they are going to ask for a larger appropriation. I hope the members of Council when they go on these trips will come back with a report to show us how to reduce expenditures rather than increase them.

The Chair said:

Mr. English did a splendid job. He is now in a position to see what they do in other cities, and as Chairman of the Finance Committee, I hope he will be able to guide us in the matter of appropriations for this particular activity. The members of Council who are responsible for the success or failure of this system are the ones who ought to know, and I personally want to thank him for making the trip.

And on motion of Mr. Little,

Council adjourned.

DEPARTMENT OF PUBLIC SAFETY.

October 30, 1930.

President and Members of
City Council,
Pittsburgh, Pennsylvania.

Gentlemen:

It has been brought to my attention that the unrestricted parking of automobiles on Center avenue between Craig street and Melwood street is causing serious traffic congestion, especially during the morning and evening peak hours.

I have therefore decided to institute a 60-day trial of the following regulation, effective November 5, 1930:

NO PARKING, 8:00 to 9:30 A. M. and 4:30 to 6:00 P. M., on Center avenue from Craig street to Melwood street, both sides.

Yours very truly,

James M. Clark,
Director.

Approved:

Charles H. Kline,
Mayor.

Which was read, received and filed.

Also

No. 2134.

DEPARTMENT OF PUBLIC SAFETY.

November 1, 1930.

To the President and Members
of City Council.

Gentlemen:

Complaints having been made of hazardous conditions on the sections of streets noted below, investigations were made which indi-

cate that the regulations which follow are necessary to alleviate conditions. I am, therefore, instituting a 60-day trial of the following regulations effective November 5, 1930:

No parking at any time on both sides of Parkman avenue, from O'Hara street to a point 225 feet north thereof;

No parking at any time on both sides of Maple avenue, from Legion street to the Maple avenue bridge;

No parking at any time on the southerly side of Legion street from Maple avenue to Perrysville avenue;

No parking at any time on the northerly side of Suncrest street from Brownsville road to Arabella street;

One-way traffic westbound only, on Zulema street, from Bates street to the Boulevard of the Allies.

Very truly yours,

James M. Clark,
Director.

Approved:

Charles H. Kline,
Mayor.

Which was read, received and filed.

DEPARTMENT OF CITY PLANNING.

Pittsburgh, Pa., October 30, 1930.

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

In reply to your letter of October 28th, relative to furnishing Council with a report as to the rule of procedure under which the Commission operates, we beg to advise that by an Act of Assembly (No. 492) of May 13th, 1927, Section 2, provides that the Commission shall consist of nine members. While no legal quorum is specified in the Act, the Commission, by an opinion from the City's Legal Department, has required five members present in order to constitute a legal quorum. The Legal Department also advised, and the Commission has ruled, that a majority of those present can bind the Commission.

With regard to the second part of the motion as to whether a full attendance of the Commission was present when they passed the motion disapproving Bill No. 1696, the following record is submitted:

Those voting to approve the Committee's negative report re Council Bill No. 1696—Messrs. E. W. Mudge, Frederick Bigger, Joseph Dilworth, A. O. Horner, Jas. F. Malone, S. L. Tone, John Weber and W. C. Rice. No negative votes were cast.

The Commission shall be pleased to furnish Council with a record vote on all future bills which they might recommend for disapproval.

Yours very truly,

L. W. Monteverde, Chairman,
City Planning Commission.

Which was read, received and filed, and a copy ordered furnished to each member.

DEPARTMENT OF CITY PLANNING.

Pittsburgh, Pa., October 27, 1930.

Robt. Clark, City Clerk,
City of Pittsburgh.

Dear Sir:—

The following members were present at the regular meeting of the Commission held October 21st, and voted to approve the Zoning Committee's negative report re Council Bill No. 1696, An Ordinance amending the Zoning Ordinance (Section 54) by conferring certain additional powers on the Board of Adjustment:

Messrs. E. W. Mudge, Frederick Bigger, Joseph Dilworth, A. O. Horner, Jas. F. Malone, S. L. Tone, John Weber, W. C. Rice.

No negative votes were cast.

Yours very truly,

U. N. Arthur,
Chief Engineer.

Which was read, received and filed, and a copy ordered furnished to each member.

UNFINISHED BUSINESS.

Bill No. 2015. An Ordinance entitled, "An Ordinance creating the position of Morals Court Nurse in the Department of Public Health, and fixing the salary thereof."

In Council, October 27, 1930, Bill read, committee amendments agreed to, rule suspended, read a second time, agreed to, and laid over.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	Kambach
Connelley	Little
English	Muldowney
Garland	Herron, (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 1218. Resolution authorizing the issuing of a warrant in favor of Melvin W. Page in the amount of \$53.08, refunding overcharge on lien filed for the construction of sidewalks along Gallion avenue, and charging same to Code Account No. 42, Contingent Fund.

In Council, October 27th, 1930, Read, rule suspended, read a second time and amended by striking out and by inserting as shown in red, and as amended agreed to on second reading, and laid over for reprinting.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Alderdice	Kambach
Connelley	Little
English	Muldowney
Garland	Herron, (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

REPORTS OF COMMITTEES.

Mr. English presented

No. 2137. Report of the Committee on Finance for October 28, 1930, transmitting sundry Ordinances and resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2025. An Ordinance entitled, "An Ordinance fixing the rate of compensation for certain temporary employees required for the making of certain improvements authorized to be carried out by city forces, in the Department of Public Works."

Which was read.

Mr. English moved

A suspension of the rule to allow

the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. English moved

To amend the bill by striking out the words "Skilled Labor, C. U. W.," and by inserting in lieu thereof the words:—

"Skilled Laborers....."	\$.65 each per hour,
Carpenters	12.00 each per day,
Bricklayers	14.00 each per day,
Stationary Engineers.....	8.00 each per day,
Hod Carriers.....	9.00 each per day."

Mr. Garland arose and said:

Mr. President—It will be necessary to have committee action on it.

The Chair said:

It has been printed both ways for the benefit of Council, and it can be acted on today.

Mr. Garland said:

Mr. President—I would like to get some information. This is for emergency work, such as converting Lake Carnegie into a swimming pool. It says "skilled laborers" in the ordinance, and when it was in the committee on Finance the other day it read "current union wage." What are current union wages for skilled laborers outside of carpenters, bricklayers, etc.?

The Chair said:

Mr. Reed of the Bureau of Engineering, Department of Public Works, is here and we will have him explain this.

Mr. Tom M. Reed, Chief Engineer, Bureau of Engineering, said:

Mr. President—After discussing the matter with the City Controller's Office and the Civil Service Commission, that is the way they suggested it be amended, "skilled laborers, 65 cents each per hour."

Mr. Garland said:

Is there a classification for skilled laborers?

Mr. Reed said:

The skilled laborers we need are timbermen, licensed blasting men, tunnelmen, drillers, etc. Their wage is 65 cents an hour. The skilled laborer is not a union man. The union men we need are bricklayers, carpenters, stationary engineers and hod carriers, and we thought we could class

them as "skilled laborers", but the Controller's office says not.

Mr. Garland said:

Who classifies these skilled laborers?

Mr. Reed said:

By contractors who employ such men all the year round.

Mr. Garland said:

I question the term entirely.

The Chair said:

Mr. Garland—Did you understand Mr. Reed's opinion. He thought he could call carpenters, bricklayers, stationary engineers and hod carriers "skilled laborers", but was advised to the contrary.

Mr. Garland said:

I understand that. But this is largely a matter of helping out the unemployment situation. I understand the county is paying 45 cents an hour, and they are not recognizing any artisans' union, but paying all employees at the rate of 45 cents an hour.

The Chair said:

You are wrong.

Mr. Garland said:

Mr. Brown told me.

The Chair said:

He is wrong also.

Mr. Garland said:

Mr. President—There is no price set for unskilled labor. If a man is out of employment, it is an easy thing to call him a skilled laborer. He is not a carpenter, a bricklayer, or a plumber, and under this term you can do anything, and I question the rate of 65 cents an hour to be paid skilled laborers. I never saw it before in city work. In order to make the money go as far as possible on work of this kind, such as Lake Carnegie, every man, no matter what he does, should get the same wage, and every municipality throughout the United States is doing that. I want to make that remark, that your money will go farther if that is done. If a man is out of employment he is glad to get anything to provide for his family. If you are going to give this money to skilled laborers, such as bricklayers, at the regular union rate of wage, when it is a matter of helping out the unemployment situation, your money is not going far.

The Chair said:

Suppose I tell you something. The unemployed is what we are trying to take care of. Carpenters, Bricklayers and Hod Carriers will only be employed where necessary, and they as well as the skilled laborers, will be paid the regular rate of wage and work the number of hours agreed upon by their unions and private employers.

Mr. Garland said:

That is the question. I don't care whether a man belongs to a union or not, he should be given employment, and let the work extend as far as possible, but you are going to defeat the issue here if you are going to put nothing but union men to work. I have men working for me, common laborers, some earning 42 cents an hour and some getting as high as 62 cents an hour, who are classed a little better than the ordinary laborer. I say the municipality in spending the taxpayers' money should conserve it as much as possible.

The Chair said:

It will.

Mr. Garland said:

It will not. This ordinance provides for the employment of skilled laborers and they will be paid, as you say, the union rate of wage.

The Chair said:

The carpenters, bricklayers, stationary engineers and hod carriers will get the regular union rate of wages. There is nothing in this bill that provides a single day's work for a union man. It states if a carpenter works for the City of Pittsburgh he will get the same rate of wage as if working on the Gulf Refining Company building.

Mr. Garland said:

I contend, whether good politics, or not, in the case of unemployment, no union should be recognized. The saw and hatchet man, the bricklayer and carpenter and the common laborer, employed on this special work should receive the same rate of wage, so as to make the money go farther. You are spending the taxpayer's money; it is not a dole, and I hope the time will never come when we will have to dole out money to the people of Pittsburgh.

The Chair said:

In other words, you are not in favor of paying to the carpenter, the brick-

layer and hod carrier the same rate of wage as paid by Mr. Mellon on the Gulf Refining building.

Mr. English arose and said:

Mr. President—Let me explain this, as I understand it. When this bill was called to the Controller's attention, as well as the Civil Service Commission, they suggested that the ordinance be amended, so as to provide a setup for the skilled laborers, carpenters, bricklayers, stationary engineers and hod carriers. In order that the bill would be printed this way for the use of Council today, I instructed the City Clerk to have it printed both ways, as it was originally and secondly, with the amendments proposed now.

If it is amended again, it will delay action on the bill for another week and this particular type of labor will not get their money until Council passes the bill. The amendment is to satisfy the Civil Service Commission and the Controller's Office. As far as putting every employe on as a skilled laborer, that will not be the case, as Mr. Reed has explained. I am just as anxious as any other member to make this money go as far as possible.

The Chair said:

We will let this go over to committee and if necessary, have a special meeting later in the week.

Mr. Alderdice arose and said:

Mr. President—I would like to ask Mr. Reed a question. Mr. Reed, how many bricklayers will be employed?

Mr. Reed:

At the present time, we have five carpenters, two of them will be through today and the balance will be laid off as soon as their work is completed. These five carpenters are working on four contracts. At present we have no bricklayers, and on these four jobs there will probably be four bricklayers employed. We will need one timberman and one licensed blasting man, and when these men have completed their work they will be laid off.

The Chair said:

It is much better to have this bill go back to committee than have one member of Council say we are padding the payroll.

Mr. Garland said:

Mr. President—I would like to know

if Director Lang is acquainted with this phase of the matter?

The Chair said:

We will have the bill recommitted to committee when it can come up on Wednesday for discussion.

Mr. Garland said:

If you want to pass it today, you can do so.

The Chair said:

Mr. Reed is here and you did not want to listen to him.

Mr. Alderdice said:

Mr. Garland is satisfied.

The Chair said:

The point is this. You must have this bill in the regular way. It is not altogether regular. Let it go back to committee. We can have a special meeting of Council on Thursday and have the Director here and have everything itemized, and no one can walk out with anything in his mind except the correct facts, and the City of Pittsburgh is not going to cut wages.

Mr. Alderdice said:

Mr. Garland is satisfied with the explanation given here. I did not know how many carpenters, bricklayers, stationary engineers and hod carriers were to be employed in this program. Suppose we put on 100 bricklayers and 100 stationary engineers.

The Chair said:

Where could you put this number of bricklayers to work, digging ditches?

Mr. Alderdice said:

I would like to see Mr. Garland's side of the story. I think after Mr. Reed's explanation every member is satisfied, and we can now pass this bill. You do not have to hold this over for one minute.

Mr. Garland said:

And as far as I am concerned, I am satisfied.

Mr. English said:

Might it not be well to lay this bill over and send for Director Lang?

This was done, and Mr. Edward G. Lang, Director of the Department of Public Works, appeared, and the Chair said:

Gentlemen, we have Director Lang with us

Mr. Garland arose and said:

I simply want to state my position. I never saw this term of "skilled laborer" at 65 cents an hour used. The term, "current union wage for bricklayers, carpenters, etc." is always agreed upon. But skilled laborers at 65 cents an hour is something new. What occurred to me is this: That in this unemployment emergency work by municipalities, whether city or county, where we are doing work which we would not otherwise do, such as converting Lake Carnegie into a swimming pool, the largest number of men for the longest period possible should be employed, and these men should all receive the same rate of wage.

Mr. English arose and said:

I must insist that the Chair call the gentleman to order.

Mr. Garland said:

May I have the floor? It was my thought that these men were unemployed and are facing unemployment and are willing to accept any kind of work, that they should be paid the same rate of wage.

Mr. English said:

We are paying the current union rate of wage in accordance with the provisions of the ordinance.

Mr. Garland said:

Admitting that for the moment. If we employ bricklayers they will be paid the current union rate of wage. What about the common laborer?

The Chair said:

He will be paid \$4.40 a day.

Mr. Garland said:

What do you call skilled laborer?

Mr. Lang said:

Some of the jobs will require timbermen, who will have special work to do that a carpenter cannot do, and we will probably need those men three or four hours a day, and on that basis they will be compensated.

Mr. Garland said:

Wouldn't there be a tendency to have more skilled laborers in the political machine?

Mr. English arose and said:

Mr. President—I object to that.

Mr. Garland said:

I will withdraw that question.

Wouldn't there be a tendency—most any man, a laborer, skilled at something, could carry a hod or do anything of that kind, wouldn't there be a tendency to have many of these employed?

Mr. Lang said:

Not on the part of the Director of the Department or his staff. The men employed will be more skilled than the ordinary man who digs the ditch. We must have some few men who are skilled in tunnel work, blasting, etc.

Mr. Garland said:

It is the first time that skilled laborer is used.

Mr. English arose and said:

Mr. President—It is the first time that this situation has confronted the city.

Mr. Garland arose and said:

In most municipalities where unemployment faces them, they pay the same rate of wage to the skilled as well as the unskilled laborer. Most common labor is skilled, and we are differentiating for the first time between skilled and unskilled labor in city work.

My thought is that all men employed on this class of work, which is only temporary, to help relieve the unemployment situation, should receive the same rate of wage, regardless whether he is a skilled or unskilled laborer. If that is carried out these men will get more work to do.

The Chair said:

Might I just give you the benefit of a hasty perusal of our salary ordinance? In the Department of Public Works, page 41, we have laborers listed, some hot shovelers, plant laborers, who receive \$4.85 per day, and the common laborer only receives \$4.40 a day. In the same department they have laborers without any caption who receive \$4.85 each per day. On the next page, in the same department, Water Mechanical Division, the laborer is marked \$4.40 per day, and they have certain designations.

Mr. Garland said:

That is \$4.80 for skilled labor.

The Chair said:

This does not say skilled labor. If you will stop and think about it, the coal tender, he receives \$5.50 a day.

Mr. Garland said:

He is specified and classified.

The Chair said:

Yes, sir; but the laborers are not.

Mr. English arose and said:

Mr. President—Why are you wasting my time when the gentleman will not be convinced?

The Chair said:

You are my friend, and I know you will bear with me for a minute. On page 50 of the salary bill, on the top line, you will note that the pipe line laborers are paid \$4.55. They have a different type of work to perform.

Mr. English arose and said:

Mr. President—I want to state in the presence of Director Lang the reason he was asked to be here. It is because one of his subordinates, Mr. Reed, who was placed in charge of this temporary work for the relief of the unemployed, in answer to questions by members of Council, made an explanation why it is necessary to amend the salary ordinance before us, but Mr. Garland, who seems to be obstinate and opposes the bill, wouldn't pay any attention to Mr. Reed, and continually said that he would like to talk to the Director. It was suggested that the ordinance be returned to committee for a discussion with you on Wednesday, but in order that the money of those men who have already been employed should not be held up, I asked that action on the bill be deferred for a while and you be sent for.

The reason is this: When your department sent this bill into Council, you had to rig up a little crowd called construction overseers of labor, timekeepers and cost clerks, that we do not now have in the city service; also for the further reason that you have no salary set up for skilled laborers. Somebody called the City Controller's attention to it, and it was suggested that the ordinance be amended, and in order that Council would encounter no delay at its meeting today in passing the bill, I called the City Clerk and asked him to have the bill printed two ways, as it was presented originally and as amended. These amendments meet with the approval of the City Controller and the Civil Service Commission. It came up to Council in the regular order of business today, and a motion was made to amend it, so that you will be able to certify the payroll and vouchers to the Controller's Office.

During the discussion of the bill the integrity of your department and the whole city administration was challenged, and it was stated that this bill was being put through as a political expediency, and innuendoes were made that the doors were being opened by Council and you are going to employ hundreds of men, giving them 45 cents an hour, regardless of what work they perform. The plain inference was made that the political administration is going to take advantage of the unemployment situation and hire a lot of political hangers-on and pay them 65 cents an hour in contradiction of the distinction of the opponent of the bill who pays anywhere from 40 to 62 cents an hour for skilled labor, and does not recognize Unions, and which has been his policy since he became a member of Council.

In order that the people of Pittsburgh may know my policy, I want the record to read clearly and plainly that the man who opposes this bill is the gentleman who tried to break up organized labor. I do this so that members of these unions may know who their friends are, and that opposition to this bill was not because of any technicalities of the law.

Council has always been fair to all employees and has paid the same rate of wage to skilled laborers as paid by private employers, and I hope so long as I am here that policy will prevail.

I am satisfied that no member of Council wants to break the law and I know that no man ought to be compelled to lay under suspicion that political jobs are to be given out at the public expense. We have turned over certain appropriations to the Department of Public Works and are now setting up in this bill the rate of wage that shall be paid skilled laborers. If any man cannot trust you as the head of that department and your engineers who have this special work thrust upon them of providing work for the needy, I say if that man cannot trust you and depend upon you to do the right thing, the man that does that ought to say it to your face and not behind your back and say it is all right in your presence and still not be convinced.

It does not mean anything to me how he votes on this bill. His record is his own and mine my own. Why quibble with the truth in Council or out of it. The whole purpose of this amendment and the reason I asked you to come here is for it

explanation as to whether in your judgment we should not change the wording of line 10 to meet the approval of the City Controller and the Civil Service Commission, and if that is not in accordance with the plan Mr. Reed is going to carry out.

Mr. Edward G. Lang, Director, Department of Public Works, said:

Mr. President and Members of Council—I need make no apology of my integrity to the City Council, the Administration or the people of the City of Pittsburgh. My record is above reproach.

Mr. Garland arose and said:

Mr. President—I want the Director to know that I did not say anything against him.

Mr. Lang continued:

We are endeavoring to conserve the money that was given to our department to bring about the best results to the City of Pittsburgh without any political significance being attached to it. The very best business methods will be employed and we will give all the people in the City of Pittsburgh, in view of our financial ability, the work that they are so much in need of. We have planned this work so the largest number of men will be employed. These amendments which you are considering have been prepared by us. So far as those workers belonging to Unions are concerned, we will need one or two carpenters, possibly a bricklayer and a stationary engineer, on each job to do certain work. They are more capable of doing this particular work than a common laborer; and these amendments are desired so that when we need these men we can put them on. The same is true of the skilled laborer. We will conserve the city's finances to the best of our ability, and there will be no profligate waste, and it will be the duty of those in charge of this work to see that the public is given faithful, loyal service. Mr. Reed has explained this and I have confidence in him. I do not think I should be called into this, to go into every detail of this great department, of which I have the honor to represent.

Mr. English moved

That the President of Council be requested to call a special meeting of Council on Wednesday, November 5, 1930, at 3:30 o'clock, P. M., at which time final action can be taken on the ordinance.

Which motion prevailed.

Mr. Garland arose and said:

Mr. President—You can pass the bill today, and submit another ordinance to take care of the amendment suggested by Mr. Kambach.

Mr. Muldowney arose and said:

Mr. President—I think this bill should be passed today, so that these men can get their money. If there is any doubt in the mind of any member of Council as to just what the department's idea is of skilled laborer, I move that the Director of the Department of Public Works present an ordinance next Monday designating just what he means by skilled laborer.

Mr. Kambach arose and said:

You raise the question of depriving the men of their pay. Surely we are not raising such a contingency.

The Chair said:

I would take it from Mr. Garland's attitude that he is satisfied with the Director's explanation. Nothing succeeds like success. I hope this bill will pass unanimously.

Mr. Little arose and said:

Mr. President—I want to say for Mr. Garland's benefit, I realize what he is talking about. But here is something new, and we have two classes of laborers. Here is something we must realize. We are doing something that contractors have been doing, and if these were assessment jobs we could not do them. Under the circumstances, and in order to help relieve the unemployment situation, we are doing this work and certain conditions must be met. These men will be employed for a short time, and we can depend on the integrity of the officials of the Department of Public Works to see that the program is carried out to the satisfaction of all concerned.

The Chair said:

If you think there is any doubt about passing this bill today, I will call a special meeting of Council on Wednesday afternoon.

Mr. Connelley arose and said:

Don't you think, Mr. President, after all is said and done, that that is the proper thing to do. There is a great deal of unnecessary misunderstanding here, and probably by that time it will be clarified.

We are doing the best we can for those who need employment and do it within the letter of the law.

Mr. Little said:

Mr. President—Will anybody be laid off by laying this bill over until Wednesday?

The Chair said:

No, sir. The law is very clear on the question of calling special meetings. Forty-eight hours is required by law, and we will have time to call a special meeting at the hour suggested by Mr. English, as you will see by the clock. If there are no objections, I will call this special meeting.

And the question recurring on the adoption of amendment as offered by Mr. English. The motion prevailed.

Mr. Kambach moved

To amend the bill by inserting, after the item "Temporary Cost Clerks, \$1.00 each per hour," the item, "Laborers, \$.55 each per hour."

Which motion prevailed.

DEPARTMENT OF CITY PLANNING

October 28, 1930.

Mr. Robert Clark, City Clerk,
City of Pittsburgh.

Dear Sir:

The Planning Commission respectfully requests Council to defer action for one week on the ordinance "re-fixing the width and position of the northerly sidewalk and the roadway of River avenue from Federal street to the westerly line of Alcor street" in order to give the Commission a further opportunity to examine the same prior to reporting thereon.

Yours very truly,

L. W. Monteverde, Chairman.
City Planning Commission.

Which was read, received and filed.

Mr. Alderdice also presented.

No. 2141.

DEPARTMENT OF CITY PLANNING

October 28, 1930.

Robert Clark, City Clerk,
City of Pittsburgh.

Dear Sir:

The Planning Commission returns herewith "An Ordinance re-fixing the width and position of the sidewalks and roadway, providing for slopes, parking, retaining walls and steps, etc., of California avenue, from

a point 16.25 feet west of the westerly line of Almore street to Superior avenue," without objection, but begs the Council to consider whether it would not be more desirable to accept, as standard within the limits of the City, a uniform width of nine feet per vehicular lane for roadways of major thoroughfares, and to apply this to the present proposed widening of California avenue so as to make a roadway of 54 feet (or a maximum of 56 feet).

The Commission believes that the ten foot unit of vehicular lane is appropriate on County highways outside the City and for certain types of speedways within urban communities. But, inasmuch as it does not seem practicable to secure the ten foot unit uniformly throughout the City's major streets, and because the failure to secure this width in all places would result in alternate narrow and wide portions of the roadway of a major artery, therefore it seems more reasonable to accept a nine-foot width as normal to the City of Pittsburgh and proceed to apply that width generally.

It is a detail only to state that, the street cross-section could just as easily be calculated as if the two central lanes for street cars were each ten feet wide, and the vehicular lanes adjacent to the curbs were each eight feet wide. The result would be the same, i. e., the roadway width would be a multiple of nine feet.

Yours very truly,

L. W. Monteverde, Chairman,
City Planning Commission.

Which was read, received and filed.

Mr. Tom M. Reed, Chief Engineer, of the Department of Public Works, being present, was called upon and stated that the City was widening California avenue at the request of Allegheny County; the County was paying for the improvement of the street, the width was in accordance with the County plans, and that contracts had been let for the physical work.

The Chair said:

Gentlemen, while it is just a little unusual at Council meetings to have hearings, yet Attorney Fagan and some of his clients interested in the ordinances for the vacation of Hays street and Supreme way desire to be heard, and while these bills are on second reading, I think it would be just as good a time as any to hear them. If there are no objections, the Chair will grant the floor to Mr. Fagan.

Mr. C. A. Fagan, Jr., Attorney-at-law, being given the privilege of the floor, said:

Mr. President and Members of Council: I would prefer if the council will indulge with me for a moment to allow a few people to speak who have been here before and one or two others, who represent public bodies, to address council. The questions I would raise are very well covered by the letter written by the East Liberty Chamber of Commerce. If I might suggest to not only the council but the persons who will speak, that this seems to me to be a very close question as to whether the public interests are best served by closing this street by extending the playground to allow the playing of one game of football a year. That is the only question.

Is Mr. Soost present? Will he and those to follow be as brief as possible?

Mr. Wm. J. Soost said:

Mr. President and Members of Council: I appreciate your showing me this courtesy. Before you vote on this bill I would like to say a word. I have lived all my life in the East Liberty district and saw East Liberty grow. These people are my neighbors. I know the traffic conditions there as well as anybody, and I believe the vacation of Hays street will congest traffic in this district. My neighbors know me and I am personally acquainted with each and everyone of them, and being Republican Ward Chairman and the City Chairman they have come to me to request you gentlemen not to vote to close this street. Personally I do not think it is fair; I think it is unjust.

Mr. A. Patrick Flood, Secretary, East Liberty Chamber of Commerce, being called upon said:

Mr. President and Members of Council: I don't think there is anything we can add to what has already been said, I think it is an injustice to the public

as a whole and to these small property owners to close this street. They will see the savings of a lifetime wiped out by the stroke of the pen if this ordinance is passed and signed by the Mayor. If this is developed into a playground there will be no chance in the future to reclaim it for street purposes. We have no by-pass from the Allegheny River Boulevard to the heart of the Oakland district through and around East Liberty except via Hays street. Your City Planning Commission tells you that. I cannot add anything to what has already been said. It is a pitiful case and one that demands the highest Americanism that this Council can give.

Mrs. W. W. Robinson being called upon, said:

Mr. President and Members of Council and my Neighbors: My home has been in that district for over 30 years. The street is 50 years old at least. I own my home there, and all I have left now is just that house, which I call my home. I don't object to an athletic field. I want the youth of our city to enjoy the benefits of an athletic field (and I raised a boy), but I think it is a mistake to take valuable property on Highland avenue for playground purposes. I think they should get property somewhere else that will not cost so much. I hope and pray that you will give it conscientious consideration when you vote.

Mr. H. L. Benner being called upon, said:

Mr. President and Members of Council:—We came here as a body of property owners to protest against the vacation of Hays street. We feel that it would be an injustice to close that street, for the reason that it is the main artery and main highway running from Chislett street to Morningside. We believe it would be an injustice if the street were closed. It will cause a depreciation of property values, at least 20 to 30 per cent on some properties there. I know this because I have had some experience in the real estate business for nearly 42 years, as a contractor and owner and one dealing in real estate. I would ask for the property owners and myself that before Council would do anything definitely they would grant us another hearing or postpone this matter indefinitely. I haven't anything else to say, except that some property owners who have owned property out there for 40 or 42 years and others from 15 to 20 years will be materially in-

jured if the street is closed. More than that, the boys from the school there will number 40 and 55 who would go down to this field to play. They have enough room on the property that the School Board bought from the Lockhart people. I think that piece of ground would run about 150 to 200 feet square. Why wouldn't that do? When our boy went over there 14 or 15 years ago we never thought anything about it. The boys at that time went to Highland Park or down to Washington Boulevard. They want to provide a playground for children ranging in age from 15 to 23 years. I thank you, gentlemen.

Mr. E. J. Cyphers, Secretary of the Property Owners' Association of Hays street, when called upon, said:

Mr. President and Members of Council: I wish to add my protest. The larger number of people represented here comprise the Hays Street Property Owners Association. These people have a vote and they are going to use that vote. I hope you gentlemen will use good judgment today to kill that ordinance, because there are other places in East Liberty where the School Board can establish a playground. Down along the Washington Boulevard they could reclaim land on which eight to ten football fields could be established, and there is no reason to close up a street like Hays street.

Mr. Fagan said:

Mr. President: I think that will conclude our case. It seems to me that no word has been said in favor of closing this street, except that by the School Board. It is opposed by the City Planning Commission, the members of which we assume to be experts on matters of this kind. It is opposed by all real estate men and opposed by the Chamber of Commerce of East Liberty and opposed by the Board of Trade of Morningside and opposed by 100 per cent of the property owners. The one proponent of this entire proposition is the School Board. I think everybody will agree that if this was the last spot in East Liberty to be utilized for a football field that their rights should be set aside. However, I know personally of three separate sites that would be in my opinion and in the opinion of real estate men better than the proposed site. We are in the peculiar situation of vacating streets to provide football fields for boys. We want our children to have as much recreation as possible, but there is not such a dearth of real

estate in East Liberty that we should come to the point of closing streets for this purpose. The people on Hays street have an easement on this street.

I live on Highland avenue. I doubt if the members of Council are aware of the congestion that has resulted from the opening of the new McCann store and the Sears-Roebuck store. I have seen twice within the last two weeks traffic backed from Penn avenue past my house at St. Marie street to Stanton avenue, although the lights were green at Stanton avenue they could not move. Instead of closing Hays street we should provide an additional by-pass to take care of that traffic.

If this playground were established there would be only one game of football played on it each year, and there is no necessity to close Hays street when around the corner there is space for two football fields. We let that lay there and close up a street connecting valuable property.

These people have an investment there and have had it for years and this not only affects the people in this room, but those on Penn avenue and Highland avenue; and I am sure if you lived in East Liberty and saw the congestion there you would appreciate this situation. You are our court of last resort. We have nobody else to go to. Every person here is going to be hurt in his pocket book if this ordinance is passed. We lay this matter in your hands and ask you to investigate the situation and give due weight to the various organizations who have protested against this vacation.

Mr. English arose and said:

"Mr. President: This is one of the unfortunate days for a member of Council. Today, a member must stand up and vote the courage of his conviction in the face of the opposition of many of his friends who are opposing the passage of this Bill. Many of the folks present today were present at some of the political meetings which I have addressed in the Penobscot High School, around which this controversy revolves. For the benefit of those who did not hear me during the political campaign, I want to repeat now what I said then, when soliciting their votes in my campaign for re-election to Council. In casting my vote as a member of Council, I sincerely try to do the right thing at all times. Our duty is to the entire public and it is our sworn duty to support matters which are for the best interests of a majority

of the people. Sometimes, this pleases some people and sometimes, it displeases many people. However, whether the people are pleased or displeased, let them be assured that when I cast my vote in Council, it is for the best interests of the majority.

No doubt, the scare-head lines of the newspapers would read, "Fools rush in where Angels fear to tread."

Mr. President, we have a duty to perform and whether we are right or wrong, time alone can tell. This entire controversy is a matter of opinion. I do not agree with some statements that we are taking away the life earnings of any property owner on Hays street if the street is vacated as proposed. I do not believe that any dire calamity will result from this street vacation. If I thought any such catastrophe would result, I certainly would not vote to vacate Hays street for the Board of Education.

The important matter which has been overlooked is that the proposed vacation is not for the selfish, personal interests of any citizen or property holder. It is by petition of the public school authorities for and in the interest of the general public at large and some of these nearby residents who perhaps have children attending the Peabody High School.

It is a matter of record that the Board of Education asked Council for its opinion on this street vacation. A special committee of three members of Council investigated the matter, brought back a report in favor of the vacation, and it was discussed quite thoroughly by the entire Council and was agreed upon. On the strength of this assurance by Council, after careful deliberation, the Board of Education made its plans; acquired the private property fronting on Hays street necessary for their plans, and then asked the Council to complete the matter by a legal ordinance vacating this portion of Hays street necessary to carry out their plans.

However, Mr. President, I stand ready—since I have a few years left in Council—and I am sure every other member feels the same way, to correct any injury which might result after the vacation of Hays street. No serious harm can come if, after a trial of a year or two, we find property has deteriorated, traffic has been congested and all of the other baneful effects predicted by the opposition as their

opinion in this matter,—the City still has the power to reopen Hays street if they find it is necessary for the general interests and welfare of the public. I, for one, have no hesitancy in placing in this record today that if such calamities result as have been predicted, I stand ready to ask the Board of Education to surrender the portion of the street we are vacating, and if they refuse, I will deem it my duty to vote to replace Hays street.

Mr. Connelley arose and said:

Mr. President, I hold a very peculiar position here, and in my hand I hold a communication that was sent to the Board of Public Education on November 7th, 1929. I would like to defend the Board of Public Education due to the fact that they work and see their job for the benefit of the children and the community at large.

For a number of years we have had differences of opinion of the parents, which is the parents' right, and no people on earth know how to run the schools like parents. The Board of Public Education didn't know anything about the children; but when this was presented to the Board we weighed their opinions very carefully, and through the opinions of the members of Council and the action of Council we were assured that we could go ahead and purchase the properties, which we did. The Board purchased them at that time.

I have the greatest respect for Mr. Fagan, and when he presented his case before the Board, he did so in a very masterly manner, indeed. The arguments we presented to Mr. Fagan were these: That the residence district along Highland avenue was fast growing into a commercial district, and it was only a question of time when all the property fronting on this street would be classified as commercial. It was based on that, that the Board of Public Education took this action.

You know as I know that all over the world, in foreign countries, as well as in America, that the education of the children and the healthy condition of the child are now supreme, and what we are trying to give to you and the City of Pittsburgh is the best we can with as little detriment to property owners as possible.

Now is this, if there is any hardship imposed upon anyone, I am sure that every councilman within my hearing will

do as Mr. English has suggested, that we will go to the Board of Public Education and tell them just what Mr. English said, that we will open up and go through their property with a street.

I am a public servant here and I am trying to do what for 19 years I tried to do as a member of the Board of Public Education for the elevation of the child in the public school system. I have been elected by the people and I will try to do my duty as a councilman and do it as I see it. If I fail it is a case of mind and not of heart.

Mr. Kambach arose and said:

Mr. President, before voting on this matter I want to say a word. I believe with those protesting today that there is likely to be injury and damage done by reason of this action. I sympathize heartily with them, but it is called to my attention that the Council, before I became a member, did give its word to the Board of Public Education that they would do this for the Board if they purchased this land. The School Board did that. I became a member subsequent to that date. I do not feel that I should place Council in the position of retracting their action, much as I sympathize with the people who appear here; but that is the proposition as it presents itself to me. Were it here originally and in the first instance I could see my duty clearly and plainly, but as it stands now I feel that I would not be doing the right thing by Council if I should oppose it at this time.

Mr. Anderson arose and said:

Mr. President, my understanding of the history of this ordinance differs somewhat from Mr. Kambach's, although he has stated that he was not a member of Council when the matter originally came before us. There was a special committee appointed to investigate the practicability of vacating this street. The committee reported back to the Council. No one was pledged in any way. I never considered myself pledged to the proposition until I heard both sides. It is the natural position of this Council to go along with the committee, but we only heard one side. After the committee reported there were hearings held, and the people who were most interested in this property appeared before the Council and entered their protest. Mr. Con-

nelley recites some of the activities of the School Board in regard to the education and protection of the children. Now, Mr. President, there is no one who knows better the conditions in this district than the people who live there. Most of these people are raising children, and I think they know how to raise their children, and I think they know what is best for them. They know the value of their property and what this proposition is going to do to their property.

I was in Council and Mr. Kambach does not have to apologize for voting against anything the old Council did. I know I wouldn't. My position is very clear, and if I was on the committee I would not quarrel with any member of Council who did not agree with me. This is something that was unforeseen, and when the protest was received from such a large number of property owners I, for one, wanted to find out what those conditions were, and after doing this, I very readily agreed with the people instead of the committee. I would not hold any member of Council responsible for voting for or against any recommendation of mine in committee, and then changing his mind. That is what we are here for.

I readily appreciate all the good things that the members of the Board of Public Education have done for the city and its citizens. The School Board is not poor. They take nearly 50 per cent of all moneys collected from these citizens. Why don't they buy another piece of property, if by so doing, they will please so many people? It will depreciate the value of the property of every owner in and around Hays street. There are young people, young married couples, who have purchased property in this vicinity, and they will be paying for that property as long as they live. Others living in this district will lose their life's savings.

My position is very clear to me. I always feel that a member has a right to change his mind, and whatever I do is no concern of any other member, and what another members does is no concern of mine. I think my position is to vote for the people who are really in need and will suffer by this. I cannot go along with any promises that this will be repealed in one it does not prove beneficial to the city. My experience teaches me that this will never be done, and I cannot see how it will be done, and nobody can tell whether

I will be here when it is done. I want to play safe in voting for this today. Mr. Kambach would not displease me by voting against any recommendation of mine, and I know that no member of Council will be displeased how I vote on any proposition before the body.

Mr. Fagan said:

Mr. President, could I say one more word?

The chair said:

This is rather unusual. If there are no objections, you may proceed.

Mr. Fagan said:

Mr. President, we did not know that there was any pre-arrangement between the Council and the School Board that these streets were to be vacated. Otherwise I would not have had my people here on two former occasions. I think you will find that the property purchased was not the property that was proposed to be used; it is the property across the street.

I think we have the greatest respect for the School Board and want to co-operate with them in providing playgrounds for our children, but I want to register my protest and the protest of all property owners against any arrangements made by Council and the School Board without hearing on the part of the parties at interest.

No. 2243.

Submitting herewith some data regarding the "Suspended Monorail System"

which has to do with modern rapid transit and particularly a copy of report of the Transit Committee of the Borough of Queens Planning Commission, which unanimously recommends this system of transportation, in the following closing paragraph of its fact finding report:--

"The further consideration that such a line can be built for about one-quarter the cost of an elevated structure, and about one-tenth the cost of a subway, that the operating ratio will be about fifty per cent, instead of seventy per cent, as now in vogue, and that at least eighty per cent of the usual noises of elevated structures would be eliminated, and that the interference with light and air can be reduced to a minimum --we submit this for your further consideration."

RESOLVED, That copies of these papers be submitted to the Director of the Department of Public Works, the Transit Board and the Planning Commission for consideration and report, and they are hereby submitted; said reports to consider the feasibility and practicability of this system of Rapid Transit for the relief of surface congestion in any part of the City of Pittsburgh.

DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, Pa.

Nov. 10, 1930.

To the President and Members of City Council.

Gentlemen:

In the interest of safety and freer flow of traffic, it is believed that the following regulations should be put into effect, I am, therefore, instituting a 60-day trial of same, effective Nov. 19, 1930:

One-way traffic eastbound on Shore Avenue, from Allegheny Avenue to Galveston Avenue;

One-way traffic westbound on Reedsdale Street, from Galveston Avenue to Allegheny Avenue;

No parking at Any Time on the east side of Herron Avenue, from Bryn Mawr Road to Wylie Avenue;

No parking 8 A. M. to 6 P. M. on the west side of Try Street, from Second Avenue to First Avenue.

Very truly yours,

JAMES M. CLARK,

Director.

Approved:

CHARLES H. KLINE,
Mayor.

Which was read, received and filed.

Also

No. 2290.

DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, Pa.

Nov. 7, 1930.

To the President and Members of City Council.

Gentlemen:

Investigation has been made of the hazardous condition existing at Locust and Colbert Streets, due to the steep grades of these streets, and the difficulty of making the turn at this intersection. It was found that considerable traffic uses this route to and from the Blvd. of the Allies, especially during peak hours. It is believed that considerable improvement will result from putting in effect the following regulations. I am, therefore, instituting a 60-day trial of same, effective Nov. 19, 1930:

One-way traffic, southbound, on Colbert Street, from Locust Street to Bluff Street;

One-way traffic, northbound, on Hooper Street, from Bluff Street to Locust Street;

One-way traffic, westbound, on Locust Street, from Hooper Street to Colbert Street.

No parking at any time on the northerly side of Locust Street, from Boyd Street to Colbert Street.

Very truly yours,

JAMES M. CLARK,
Director.

Approved:

CHARLES H. KLINE,
Mayor.

Which was read, received and filed.

Also

No. 2291. Report of the City Transit Commission of Pittsburgh to the Mayor and City Council on the present status of plans for construction of proposed subway and of negotiations with Pittsburgh Railways Company for its use.

Which was read and referred to the Committee on Public Service and Surveys.

Also

No. 2292. Resolutions adopted by the

Brookline Board of Trade protesting against increase in property assessments in the 19th Ward.

Which was read.

Mr. English moved

That the resolutions be received and filed, and that the Department of Assessors be requested to comply with the wishes of the petitioners by extending the time for receiving the appeals from tax assessments until Saturday, November 22nd, and at the proper time to grant them a hearing on said matter.

Which motion prevailed.

Also

No. 2293. Invitation of The Women's Republican Club of the 31st Ward asking the members of Council to attend the testimonial dinner given in honor of Hon. C. J. McBride on Thursday, November 20, 1930, at 6:30 P. M., in the English Room, Fort Pitt Hotel (Informal).

Which was read, received and filed, and the invitation accepted.

DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, Pa.

November 14, 1930.

President and Members of City Council,
Pittsburgh, Pennsylvania.

Gentlemen:

Pursuant to motion adopted by the Committee on Public Safety on November 12, 1930, I am instituting a sixty-day trial of prohibition of horse-drawn vehicles from the boulevards of the City, effective November 24, 1930, as follows:

Bigelow Boulevard, from Seventh Avenue to the Bloomfield Bridge;

Boulevard of the Allies, from Grant Street to Craft Avenue;

Craig Street, from Bigelow Boulevard to Baum Boulevard;

Baum Boulevard, from Craig Street to South Highland Avenue.

Yours very truly,

JAMES M. CLARK,
Director.

Approved:

CHARLES H. KLINE,
Mayor.

Which was read, received and filed.

Also

No. 2295.

DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, Pa.

November 14, 1930.

President and Members of City Council,
Pittsburgh, Pennsylvania.

Gentlemen:

Because of objection to the trial of "No Parking 8:00 to 9:30 A. M. and 3:30 to 5:00 P. M." on the south side of Maripoe Street from Millvale Avenue to the dead end thereof, I have decided to substitute a trial of the following regulation, effective Nov. 19, 1930:

No parking 8:00 to 9:30 A. M. and 3:30 to 5:30 P. M. on the south side of Maripoe Street from Millvale Avenue to a point 200 feet from the dead end of Maripoe Street.

Yours very truly,

JAMES M. CLARK,
Director.

Approved:

CHARLES H. KLINE,
Mayor.

MOTIONS AND RESOLUTIONS

Mr. English presented

No. 2301. WHEREAS, For many years the City of Youngstown, Ohio, and other neighboring cities and towns between Pittsburgh, Pa. and Lake Erie, near Conneaut and Ashtabula, Ohio, have combined their efforts with the business interests of Pittsburgh and Western Pennsylvania in urging the Congress of the United States to make appropriations for and construct a water way from the Ohio river via Beaver river to Lake Erie, known as the Lake Erie and Ohio River Canal; and,

WHEREAS, At the last hearing before the Engineers of the War Department in Washington on February 4, 1930, the delegation representing Youngstown, Ohio, stood shoulder to shoulder with the delegation from Pittsburgh in urging the construction of a Complete Water Way from the Ohio river to Lake Erie; Therefore, be it

RESOLVED, That the Council of the City of Pittsburgh reaffirms its many previous resolutions in favor of a Complete Water Way from the Ohio river through Youngstown, Ohio, to Lake Erie, and urges the officials and people of Youngstown, Ohio, and vicinity to continue the pleasant cooperation of the past for the benefit of the entire Pittsburgh-Youngstown District and not desert Pittsburgh for a short water way stopping at Youngstown, Ohio; And, be it further

RESOLVED, That a copy of this resolution be sent to the officials and business interests of Youngstown, the United States Senators and members of Congress from Allegheny County and to others who might be interested in the Lake Erie and Ohio River Canal.

Which was read.

Mr. English moved

The adoption of the resolution.

CITY OF PITTSBURGH

Department of City Transit

November 18, 1930.

Mr. Robert Clark, City Clerk,
City of Pittsburgh,
Pittsburgh, Penna.

Dear Sir:—

I acknowledge receipt of your communica-

tion of November 12 transmitting Bill No. 2243 in which the City Transit Commission is requested to investigate and report to City Council on the Suspended Monorail System of Rapid Transit.

The Commission will instruct its engineers to make the investigation desired by City Council and to make a report covering fully all features of this system which may be necessary in order that the question of its practicability for Pittsburgh may be judged.

Very truly yours,

GEO. S. DAVISON,

Chairman.

DEPARTMENT OF CITY PLANNING

Pittsburgh, Pa.

November 18, 1930.

Mr. Robert Clark, City Clerk,
City of Pittsburgh.

Dear Sir:—

In reply to your letter of the 12th instant, relative to Council Bill No. 2243, Resolution relative to Suspended Monorail System, in connection with modern rapid transit, which was adopted by the Council at a meeting held November 10th, I beg to advise that the Planning Commission, at a regular meeting held this date carefully considered this matter and adopted a motion to the effect that Council be advised that this department has no means of making the proper investigation, and believes that the only City Department where such an investigation can be properly conducted is the Department of City Transit, to which it is understood Council has already referred the matter for report.

Yours very truly,

L. W. MONTEVERDE, Chairman.

Department of City Planning.

DEPARTMENT OF PUBLIC WORKS

Pittsburgh, Pa..

Nov. 18, 1930.

President and Members of Council,
City of Pittsburgh.*

Gentlemen:—

We had a very careful survey made of the Monongahela Wharf, which is in contem-

plation of repair and improvement, and beg to advise that the cost of this repaving and repair work will be approximately \$48,000.00 as estimated by our Bureau of Engineering and Bureau of Highways and Sewers.

Pursuant to your advice to begin this work, we will start it at the earliest possible time.

Yours very truly

EDWARD G. LANG,
Director.

DEPARTMENT OF PUBLIC SAFETY
Pittsburgh, Pa.,
November 20, 1930.

President and Members of City Council,
Pittsburgh, Pennsylvania.

Gentlemen:

We have recently made an investigation of traffic conditions on Wendover street, in line with complaints received from residents of the street. This is a narrow street 18 feet wide extending from Hobart Street to Beacon Street, and is used principally by residents in this vicinity.

From our investigation, it was evident that parking on both sides of this street causes serious interference to moving traffic, and creates a fire hazard which should be eliminated as soon as possible.

I have therefore decided to institute a 60-day trial of the following regulation, effective November 26, 1930:

One-way Traffic northbound on Wendover Street from Hobart Street to Beacon Street.

No Parking at any time on the west side of Wendover Street from Hobart Street to Beacon Street.

Yours very truly,

JAMES M. CLARK,
Director.

Approved:

CHARLES H. KLINE,
Mayor.

Gentlemen:

Supplementing my letter of October 15 to your Honorable Body, instituting a 60-day trial of No Parking 8:00 to 9:30 A. M. and 3:30 to 5:00 P. M. on certain streets in the vicinity of Baum Boulevard:

Requests having been made for a similar restriction on South Fairmount Street between Roup Street and Friendship Avenue, I am accordingly instituting a 60-day trial of the following regulation, effective November 26, 1930:

No Parking 8:00 to 9:30 A. M. and 3:30 to 5:00 P. M. on both sides of South Fairmount Street from Roup Street to Friendship Avenue.

In Council, Nov. 10, 1930, Read, rule suspended, read a second time and laid over pending report from the Department of Public Works.

Which was read.

The Chair presented

No. 2349.

November 17th, 1930.

John Schilpp, Jr.,

Clerk of Finance Committee,
City of Pittsburgh.

Dear Sir:—

Relative to Bill No. 2092, whereas the Finance Committee desires a report as to Mr. Brown's duties at the Overbrook Municipal Building, Mr. Brown has charge of the auditorium connected with this building, takes care of the general repairing and upkeep of same, does all necessary cleaning and keeps the building in a clean and sanitary condition. He also has charge of all meetings that are held in this hall by the different organizations of the Thirty-second Ward.

The main portion of this building comes under the Department of Public Safety and is used by the Fire Department and the Police Department.

Yours truly,

EDWARD G. LANG,

Director.

DEPARTMENT OF LAW

November 24, 1930.

Finance Committee of Council.

Gentlemen:—

On Bill 2277, being a resolution authorizing the Collector of Delinquent Taxes to exonerate payment of penalty and interest and to accept the sum of \$41,681.42 from the Pittsburgh Hotels Corporation as full payment of taxes for 3rd quarter, 1930, I report as follows:

The Pittsburgh Hotels Corporation went into the hands of Receivers on September 23, 1930, and of course they could hold up payment of taxes and other bills, except those for operating expense, under the receivership.

The City Treasurer got after the Receivers to pay the taxes for the third quarter to the City, stating it was to the advantage of the City to receive the taxes now instead of waiting until after the first of the year or until an account had been filed and distribution had been made.

The penalty is \$833.62 and the interest is \$625.22.

This is purely a business proposition in that if the Receivers for the Hotels Corporation refused to pay this amount we would have to wait until the account was filed and an award made.

The Receivers being of the opinion that it was to the advantage of the receivership, asked the Court to make an Order allowing them to pay the taxes at face, which Order was made upon condition that the penalty and interest were relieved.

The whole question for Council is to say whether or not the collection of this amount of taxes at this time is worth to the City the relief from the penalty and interest, and as a business proposition I believe the same to be sound, and the amount of money now received to be worth the relief of the interest and penalty to the City.

Yours respectfully,
CHAS. A. WALDSCHMIDT,
City Solicitor.

Which was read, received and filed.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes Messrs.

Alderdice	Kambach
Anderson	Little
Connelley	Muldowney
Garland	Herron, (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Mr. Little presented

No. 2352. Report of the Committee on Public Works for November 18, 1930, transmitting two ordinances to Council.

Which was read, received and filed.

Also with an affirmative recommendation.

Bill No. 1941. An Ordinance entitled, "An Ordinance amending an ordinance entitled, 'An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards, courts and other open spaces in connection with buildings hereafter erected or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals, and imposing penalties,' approved August 9, 1922, by changing the Zone Map, Sheet Z, N20—A, so as to change from a 'B' Residence Use, Thirty-five foot Height and First Area District, to a Commercial Use, Forty-five foot Height and Third Area District, all that certain property fronting on the southerly side of California avenue between Perrot avenue and Chellis street, being lots numbered 33 to 43 inclusive in the George Wittmer Estate Plan."

Which was read.

Mr. Little moved

That the bill be recommitted to the Committee on Public Works for further consideration.

Which motion prevailed.

Also

Bill No. 2272. An Ordinance entitled, "An Ordinance authorizing and direct

ing the construction of a public sewer on the west sidewalk of South Negley avenue, from a point about 150 feet south of Dunmoyle street to the existing sewer on Dunmoyle street, including, as may be necessary, the excavation of exploratory test holes, and providing for the letting of a contract or contracts therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby."

Which was read.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes Messrs.

Alderdice	Kambach
Anderson	Little
Connelley	Muldowney
Garland	Herron, (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Anderson presented

No. 2353. Report of the Committee on Public Welfare for November 18, 1930, transmitting a resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2246. Resolution authorizing the issuing of a warrant in favor of Demmer Brothers Company of Pittsburgh for the sum of \$100.00, for 504 feet of Galvanized Iron Conductor Pipe furnished to the Pittsburgh City Home and Hospitals, at Mayview, Pa., and charging same to Code Account No. 1333, Materials, Mayview.

Which was read.

Mr. Anderson moved

A suspension of the rule to allow the sec-

ond and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes Messrs.

Alderdice	Kambach
Anderson	Little
Connelley	Muldowney
Garland	Herron, (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

MOTIONS AND RESOLUTIONS

Mr. Alderdice presented

No. 2354.

WHEREAS, On the morning of November 7, 1930, at about 1:30 o'clock, Detective Sergeant John Rhall of the Division of Detectives, in the Bureau of Police of the Department of Public Safety of the City of Pittsburgh, while on his way home from work was attacked by two bandits in front of his home, 1209 Termon avenue, North Side, Pittsburgh, Pa.; and,

WHEREAS, At the time of the attack one of the bandits ordered Detective Sergeant Rhall to throw up his hands and at the same time shoved the muzzle of an automatic revolver into the detective's stomach and demanded of him his money and valuables; and,

WHEREAS, Detective Rhall, although in this precarious position, drew a revolver from his overcoat pocket and shot the bandit in the lower section of the face, which broke his jaw and lodged the bullet in his throat near the jugular vein; and,

WHEREAS, At the same time the bandit had snapped the magazine of his revolver a number of times and the Detective Sergeant's life was saved only by the jamming of the bandit's gun; and,

WHEREAS, After the first bandit fell, the second bandit opened fire from an automobile on Detective Sergeant Rhall, who immediately gave chase for the second bandit and used all his available ammunition in an attempt to capture him, the latter, however, driving into a blind street, abandoned his automobile and escaped; and,

WHEREAS, Detective Sergeant Rhall dis-

played the characteristic of a true police officer in that, with utter disregard for his own safety, he proceeded to act in the line of his duty to capture the bandits for the safety of the citizens of Pittsburgh; Now, therefore, be it

RESOLVED, That it is the wish of the Council of the City of Pittsburgh that commendation of the action of Detective Sergeant Rhall should be expressed and that he should be complimented for his action in the fulfillment of his duties in the capture and chase of bandits without regard for his personal safety and in the face of death to himself, and, further, that such action on the part of police officers should be rewarded by such means of recognition as to the Mayor and the Director of the Department of Public Safety of the City of Pittsburgh shall be deemed proper.

Which was read.

Mr. Alderdice moved

The adoption of the resolution.

Which motion prevailed.

The Chair presented

DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, Pa.,

November 21, 1930.

President and Members of City Council,
Pittsburgh, Pennsylvania.

Gentlemen:

Attached is a mimeographed report of a study made at the intersection of the Point and Manchester Bridges with a view to relieving as far as possible the traffic congestion there. This report has been discussed in conference with Councilmen English and Little, Assistant Superintendent of Police Marshall, several representative North Side business men, and members of the Better Traffic Committee. It was the consensus of opinion of those present at this conference that the regulations suggested in the report as a means of relief, be given a 60-day trial. In brief, these regulations have as their aim the separation of the Point Bridge movement from the Manchester Bridge movement by prohibiting the Manchester Bridge traffic from using the Water Street ramp approach to the bridges, and by prohibiting the left turn from the Duquesne Way wooden ramp to the Point Bridge and the Water Street ramp.

Believing that the following measures will

be of benefit, I am instituting a 60-day trial of same, effective December 3, 1930.

1. All traffic proceeding southwardly on the Manchester Bridge, destined for the Downtown "Triangle", shall turn left at the wooden ramp leading from the Manchester Bridge to Duquesne way. Such traffic is hereby prohibited from using the Water Street ramp leading from the Manchester Bridge to Water street. This regulation shall be in effect 24 hours a day.
2. All traffic destined for the North Side district via Manchester Bridge, shall use the wooden ramp leading from Duquesne way to the Manchester Bridge. Such traffic is hereby prohibited from using the Water Street ramp approach to the Manchester Bridge. This regulation shall be effective 24 hours a day.
3. All traffic proceeding westwardly on the wooden ramp leading from Duquesne way to the Manchester Bridge is hereby prohibited from making a left turn to the Point Bridge or to the Water Street ramp. This regulation shall be effective 24 hours a day.

Yours very truly,

JAS. M. CLARK,
Director.

BUREAU OF TRAFFIC PLANNING
November 21, 1930.

MANCHESTER AND POINT BRIDGE TRAFFIC CONDITIONS

Present Conditions

At the present time, control at the intersection of the Water Street ramp and the Point Bridge is by a traffic officer. No control is in effect at the intersection of the wooden ramp and the Manchester Bridge.

The officer at the intersection of the Water Street ramp and the Point Bridge, controls traffic by dividing a cycle into three separate movements. During all of these periods, the following traffic movements are permitted continuously:

1. Curb lane on Point Bridge to curb lane on Water Street ramp.
2. Curb lane on Manchester Bridge to curb lane on Point Bridge.
3. Curb lane on Water Street ramp to curb lane on Manchester Bridge.

The conflicting movements which are separately permitted are:

1. From the north car track on the Water Street ramp to the Point and Manchester Bridges.
2. From the west car track of the Manchester Bridge to the Water Street ramp, and,
3. From the east car track of the Point Bridge to the Manchester Bridge.

The officer does not permit, at any time, the following movements:

1. From the east car track of the Point Bridge to the Water Street ramp.
2. From the west car track of the Manchester Bridge to the Point Bridge.
3. From the west curb lane of the Manchester Bridge to the Wooden ramp and to the Water Street ramp.
4. From the north curb lane of the Water Street ramp to the Point Bridge.

The number of conflicts existing at the head of the Water Street ramp and the Wooden ramp under present conditions and under various proposed modifications are shown in Table No. 1.

Suggested Modifications—

Present Operation.

It is believed that the prohibition of the movement from the east car track of the Point Bridge to the Water Street ramp is needlessly restrictive and works a very great hardship particularly on out-of-town people who, being unaware of this restriction are required to go to the North Side when they really desire to go into the downtown district and have inadvertently gotten into the car track lane instead of remaining in the curb lanes. This, they frequently do in spite of the many signs directing triangle traffic to keep to the curb lane.

During the period when traffic is moving from the Manchester Bridge to the Water Street ramp it would be difficult to merge it with the above mentioned Point Bridge street car track traffic without considerable interference. This traffic could, however, be permitted to move in both of the other portions of the cycle, being still encouraged by signs to get into the curb line. At least out-of-town people should be permitted to do this.

Similarly, it seems that no great harm would be done by permitting at least for managers, the right turn from the car track on the Manchester Bridge to the Point

Bridge. This movement could, of course, not be permitted while traffic from the Water Street ramp was moving to the Point Bridge, but, since no traffic at all is moving in this lane at this time, permitting the movement at other times would be helpful.

Permitting these movements would require a little more time to be allotted to the period in which traffic in the car track lane from the Manchester Bridge and in the car track lane from the Point Bridge moved, but much friction would be eliminated and possibly time would be saved in the end on account of the lessened number of misunderstandings.

Proposed Modifications.

Analysis of conflicting movements has been made for the following conditions:

1. All traffic from the North Side using the Wooden ramp.
2. All traffic to the North Side using the Wooden ramp.
3. All North Side traffic inbound and outbound using the Wooden ramp.

A tabulation of the conflicts resulting under each of these arrangements is shown in Table No. 1. It is evident that the first arrangement, that of all traffic from the North Side using the Wooden ramp, improves conditions at the Water Street ramp but makes things considerably worse at the Wooden ramp, being worse in the morning at the head of the Wooden ramp than at present at the head of the Water Street ramp.

The second arrangement, that of all the traffic to the North Side using the Wooden ramp offers no improvement at the head of the Water Street ramp over present conditions.

The third arrangement, that of requiring all the North Side traffic to use the Wooden ramp improves conditions generally with the exception of the morning peak at the head of the Wooden ramp. However, under the proposed arrangement, there will be no objection to having traffic desiring to turn down the Wooden ramp use both the west curb lane and the street car lane, giving a double line for this traffic. Since traffic in the curb lane desirous of going across the Point Bridge is only about one-half the volume of that desiring to turn down the Wooden ramp, such an arrangement seems worth a trial.

Table No. 1 would seem to indicate that requiring all North Side traffic to use the

Wooden ramp produces the smallest number of conflicting movements and distributes these more evenly between the head of the Water Street and Wooden ramps. It further reduces the number of conflicting movements at any one point below those existing at the present time. An additional officer will, however, be required at the head of the Wooden ramp during the morning peak and the street car stop at the head of the Wooden ramp should be eliminated, the latter will cause little hardship as street cars on this line have only about a 15-minute headway and passengers alighting at this point who desire to transfer to the South Side can make the same transfer at Fancourt Street, the total inconvenience being small because of the few passengers who desire to make the transfer. Conditions at Barbeau Street and Penn Avenue and Barbeau Street and

Liberty Avenue.

An analysis of the probable affect of causing all North Side traffic to use the Wooden ramp has been made on the supposition that this traffic would turn from Duquesne way to Barbeau street and thence to either Penn Avenue or Liberty Avenue.

Table No. 2 shows the volume of conflicting movements now at these intersections and the number that might be added under the proposed arrangement. It is evident from this table that while conditions here would be tighter than at present, they could probably still be handled. It should be noted in examining this table that while all the North Side traffic now using the Water Street ramp has been shown as added to the existing traffic at the intersections above mentioned, considerable of this traffic at the present time passes through these intersections. This volume has been estimated and subtracted from the total volume of conflicting movements shown.

CONCLUSION.

It is recommended, that:

1. All North Side traffic coming into the triangle be required to use the Wooden ramp.
2. That, an additional officer be stationed at the head of the Wooden ramp during the morning peak period.
3. That, the street car stop at the head of the Wooden ramp be eliminated.
4. That, traffic from the east car track on the Point Bridge be permitted to turn right into the Water Street ramp.

Pittsburgh, Pennsylvania.

Gentlemen:

It has come to my attention that unnecessary delay and traffic congestion are caused by vehicles making the left turn from Hiland Avenue to Kirkwood Street inbound.

I have therefore decided to institute a 60-day trial of the following regulation, effective December 3, 1930:

"No Left Turn from the north on Hiland Avenue to the east on Kirkwood Street."

Yours very truly,

JAS. M. CLARK,

Director.

DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, Pa.,

November 25, 1930.

President and Members of City Council,
Pittsburgh, Pennsylvania.

Gentlemen:

Observation has shown that considerable confusion and delay is caused by traffic proceeding eastwardly on Water Street making the right turn at the Wood Street entrance to the Monongahela Parking Wharf, by reason of the fact that to do so, such vehicles must make a wide sweep which interferes with the Wood Street traffic. This condition is especially serious during the morning peak hours.

Prohibition of this right turn would relieve conditions here and would cause no hardship, since such traffic could use the entrance just west of Wood Street to enter the Wharf. Consequently, I am instituting a 60-day trial of the following regulation, effective December 3, 1930:

"Traffic proceeding eastwardly on Water Street is hereby prohibited from making the right turn into the Wood Street entrance to the Monongahela Parking Wharf."

Yours very truly,

JAMES M. CLARK,

Director.

OFFICE OF THE MAYOR

Pittsburgh, Pa.,

November 29th, 1930.

To the President and Members of City Council,

City of Pittsburgh.

Gentlemen:

I submit herewith the 1931 Departmental Estimates for the City of Pittsburgh in the sum of \$27,816,012; this being an increase of \$140,500 over the 1930 appropriation of \$27,675,564.

In a consideration of the minimum requirements for 1931, it must be remembered that the salary increases granted this year in accordance with the police and fire referendum, slightly over \$900,000, and the flat increase of \$120 in annual salaries, and 10% in per diem rates, about \$450,000, as well as a number of new positions in the police, fire and inspection forces, required by increased population and annexation of additional territory, were provided for ten months only of 1930, the 20% increased cost for an entire year being in the neighborhood of \$400,000.

A study of the comparative tables showing expenditures for the year 1929, the year ended June 30th, 1930, and the indicated expenditures for the entire year of 1930, shows an increase in 1931 in the requirements for salaries and wages of about \$500,000 over the appropriations for 1930, an increase of \$95,000 in contingent funds, and a decrease of \$105,000 for debt and interest, a net increase of \$490,000, an actual reduction of \$350,000 having been made in the estimates for miscellaneous services, supplies, materials, repairs and equipment.

Also, while there existed at the close of 1929 a cash surplus of nearly \$300,000, which was taken into account in fixing the tax rate for 1930, present estimates of receipts and expenditures for the current year indicate a possible slight deficit, due in large part to the emergency appropriations of \$140,000 made during the year. Rigid economy is being exercised in expenditures, purchases of supplies and materials being restricted to

those items absolutely necessary for operation and maintenance, in order to reduce to the greatest possible extent, if not to altogether eliminate any possibility of a deficit.

In spite of the additional requirements for the salary and wage schedules, to a large extent neutralized by decreases in other estimated requirements, the net increase carried in the estimates as presented being only \$140,500 over the 1930 appropriations, and the fact that we cannot anticipate any surplus at the close of 1930, I am of the opinion that the amount requested can be appropriated without increasing the millage over the current levy of 25 mills on land and 13 mills on buildings. In arriving at this conclusion, it is estimated that the 1931 valuations of land will be practically unchanged, and that there will be an increase in the building valuations of approximately \$10,000,000. If the year closes with a larger cash balance than now anticipated, or if additional funds are made available by the suggested change in the depository ordinance, the tax levy for 1931 may be reduced by whatever amount is added to the funds available for 1931 as estimated at the present time.

Among the more important items in the general group of operation and maintenance appropriations, in which a reduction of about \$350,000 has been made from the 1930 authorizations, the estimate for street and park lighting has been increased \$77,000, and that for water purchased from the South Pittsburgh Water Company, \$35,000, while the estimate for the collection of garbage and rubbish has been reduced \$75,000, for street repaving and highway maintenance \$125,000 for retaining walls \$22,000, for bridge repairs \$20,000, and for sewer repairs \$20,000. Also, no appropriation has been recommended for the purchase of animals, which has been \$10,000 for a number of years, and the request for structural repairs and construction of the Zoo has been reduced from \$20,000 to \$10,000; the appropriations of \$10,000 each for improvements in Schenley Park, Highland Park, Riverview Park and West Park, made for a number of years past, have not been recommended for 1931, nor has a request for \$15,000 for additional improvements in McKinley Park.

While it is doubtless desirable to continue to as large an extent as possible public construction and improvement expenditures during the present period of industrial depression and general unemployment, I am still

convinced, as stated to you in submitting the estimates for 1930, that many proposed improvements should be financed by bond issues, and that a number of comparatively minor construction and replacement items might well be paid for from short term bond issues, the term of the issues to be based upon the estimated life in each case.

Among the larger items of expenditure requested in the original departmental estimates for 1931, all properly financed by bonds, are \$335,000 for the construction of new and \$335,000 for the replacement of existing water mains, \$75,000 for structural improvements and \$50,000 for machinery purchases and reconstruction.

This also applies to requests for \$220,000, the construction of two and the reconstruction of three engine houses, together with \$22,000 for land for two houses; also to requests for bridge repairs by contract, aggregating \$328,000, only \$40,000 being recommended to you for appropriation, the balance being in large part major items of construction, reconstruction and replacement.

Of a request of \$52,000 for equipment at Mayview, only \$20,000 has been recommended for appropriation; \$47,000 in addition to the recommended appropriation of \$88,000 for police equipment, \$40,000 in addition to the recommended appropriation of \$45,000 for fire equipment, \$33,500 for the extension of police and fire telegraph and alarm system to Mifflin Township and Overbrook Borough, \$50,000 for curb cut-backs, and \$62,000 in addition to the recommended appropriation of \$50,000 for additional traffic signal equipment, have not been recommended for appropriation, these items being in the class which I believe should be financed by short term bond issues, or deferred for future consideration.

Of a request for 100 additional patrolmen I have recommended an increase of 50, which addition I believe to be absolutely required under existing conditions.

Permit me to say in conclusion, that all of these recommendations have been made with the thought in mind of conducting the administration of the City's affairs on a most economical basis.

The budget as presented represents great study and effort on the part of the executive branch of the administration to keep the cost as low as possible and at the same time provide for all the services necessary in a modern city.

In the consideration of this budget you may be assured that my department heads will be at your service to co-operate with you to the fullest extent to produce the lowest tax rate possible.

Respectfully submitted,

CHARLES H. KLINE,

Mayor.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 2397.

WHEREAS, The Allegheny General Hospital is erecting a new hospital of several units on North avenue in the City of Pittsburgh; and,

WHEREAS, The said hospital is being built and maintained by public subscription and State aid, and does a great amount of charitable work in and for the City of Pittsburgh; Therefore, be it

RESOLVED, That the Superintendent of the Bureau of Sanitation be and he is hereby directed to issue a permit for the plumbing work in the construction of the said new hospital, free of any fee.

Which was read.

Mr. Little moved

The adoption of the resolution.

Which motion prevailed.

The Chair stated

That the printed budget estimates for 1931, submitted by the Mayor, were on the desks of the members and suggested that they be taken home by the members and studied so that the tax levy may be fixed at an early date in order that the collection of taxes be started by the first of the year, as it would cost the City approximately \$50,000.00 if the discount period had to be extended.

Mr. Connelley moved

That the Minutes of Council, at a meeting held on Monday, November 24, 1930, be approved.

Which motion prevailed.

And on motion of Mr. Muldowney

Council adjourned.

REPORTS OF COMMITTEES

Mr. Connelley (for Mr. English) presented

No. 2398. Report of the Committee on Finance for December 2nd, 1930, transmitting an ordinance to Council.

Which was read, received and filed.

Also

Bill No. 2311. An Ordinance entitled, "An Ordinance designating depositories for the moneys of the City of Pittsburgh, to regulate deposits therein, and to provide for the payment of interest thereon."

In Finance Committee, December 2, 1930, Bill read and amended by striking out the following:

SECTION 2. All of said banks and trust companies shall furnish to the City of Pittsburgh bonds of the United States Government, State of Pennsylvania, County of Allegheny and/or City of Pittsburgh, or bond of surety company approved by the Courts of the County of Allegheny and the City Treasurer and City Controller, in the amount to insure the safety of deposits in said banks or trust companies, which bonds shall be held by the Treasurer of the City of Pittsburgh for the use of said banks and trust companies and for the purpose of securing the funds of the City of Pittsburgh deposited in said banks and trust companies as depositories.

And by inserting in lieu thereof the following:

SECTION 2. All of said banks and/or trust companies shall furnish to the City of Pittsburgh bonds of the United States Government, State of Pennsylvania, County of Allegheny, City of Pittsburgh, and/or a political sub-division of the State of Pennsylvania, and/or a surety company approved by the Courts of the County of Allegheny, the City Treasurer and the City Controller, and/or corporate bonds at 75% of their market value in an amount equal to the sum of deposits to insure the safety of deposits in said banks and/or trust companies, which bonds shall be delivered to the Treasurer of the City of Pittsburgh and his receipt given therefor.

THE CITY TREASURER shall deposit all bonds, except surety bonds, as given, for the purpose of securing the funds of the City of Pittsburgh, with the Federal Reserve Bank

of Pittsburgh, a national bank or trust company to be designated by the Mayor as custodian, and take a deposit receipt therefor.

THE CITY TREASURER shall have the right to call for additional security or other security to replace those deposited at any time.

THE CITY TREASURER shall have the authority to refuse to accept any corporate bonds as security when in his judgment the same are not in a class to be accepted and held as security for City funds, but in no event shall the City Treasurer accept any corporate bonds which have not been approved by the Clearing House Committee of the Clearing House Association of Pittsburgh. Said appraisal of bonds approved by the Clearing House Committee shall be in writing to the City Treasurer and the City Controller. The Clearing House Committee shall on or before January 1, 1931, certify a list of corporate bonds which may be accepted by the City Treasurer as security for City deposits and every three months thereafter shall certify the value of the corporate bonds so held by the City or list additional bonds which may be accepted by the City as security for its funds, and shall notify the City Treasurer and the City Controller at said period if any bonds previously certified shall fail to meet the value required for approval by said Committee.

CORPORATE BONDS which yield at the market price more than 6% per annum shall not be considered as satisfactory security.

NO BONDS or Security held by the said custodian shall be delivered to any bank or trust company except upon the written order of the City Treasurer, and any cost in reference to the securities deposited with the custodian shall be borne and paid by the banks or trust companies whose corporate bonds are so held by the City.

By striking out the first paragraph of Section 4, as follows:

SECTION 4. The City Treasurer shall deposit all additional moneys not on deposit in the active depositories in all of the City Depositories, distributing the same share and share alike among them; provided, however, that no depository shall at any time have on deposit moneys of the City in excess of the amount of the securities hereinabove provided, held by the City Treasurer for the use of said bank holding said deposit, and provided, further, that no bank or trust company shall become depository until it has been in actual

business within the City of Pittsburgh for a period of three (3) years.

And by inserting in lieu thereof the following:

SECTION 4. The City Treasurer shall deposit all additional moneys not on deposit in the active depositories in all of the City depositories, distributing the same share and share alike among them. Provided, however, that no depository shall at any time have on deposit moneys of the City in excess of the amount of the securities hereinabove provided, held by the City Treasurer or the custodian, for the use of said bank or trust company holding said deposit; and, provided, further, that no bank or trust company shall at any time have on deposit moneys of the City in excess of 25% of its capital and surplus; and, provided, further, that no bank or trust company shall become a depository until it has been in actual business within the City of Pittsburgh for a period of three years.

By striking out the following:

SECTION 6. Should any such depository close its doors at any time during business hours, or fail to pay any warrant drawn upon it by the City Treasurer, countersigned by the Controller, upon the funds on deposit with said depository, when the same is presented at its counter, it shall be the duty of the City Treasurer forthwith to report the same to the City Controller, who shall at once proceed to collect the balance due the City from the said depository from the securities the City has deposited with the City Treasurer, according to law.

And by inserting in lieu thereof the following:

SECTION 6. Should any depository close its doors at any time during business hours or fail to pay any warrant drawn upon it by the City Treasurer when the same is presented at its counter, it shall be the duty of the City Treasurer forthwith to report the same to the City Controller, who shall at once proceed to collect the balance due the City from said depository from the securities which have been deposited for said City funds by said depository, according to law.

In Section 5, line 4, strike out "three (3%) per centum" and insert in lieu thereof "two and three-fourths (2 $\frac{3}{4}$) per centum".

In Section 8, third paragraph, 3rd line, strike out the word "first" and insert in lieu thereof, the word, "fifteenth", and the bill,

as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Connelley moved

A suspension of Rule VIII, providing for the mailing of printed copies of all ordinances and resolutions, when returned from committee, to each member of Council at least 48 hours previous to the consideration of such papers by Council.

Which motion prevailed.

Mr. Connelley moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in committee and agreed to by Council, was read.

Mr. Connelley moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Garland arose and said:

Mr. President:—This is changing an ordinance which has lasted for 18 years. Under this new ordinance, the large banks who have the required bonds in their possession, will be benefactors to the extent of one-fourth of 1% on their share of the City's deposits, the inactive accounts having paid 3% formerly, while the present ordinance stipulates 2 $\frac{3}{4}$ %. The smaller banks who will have to file surety bonds will be the sufferers as a surety bond will cost them one-half of 1%.

As I understand it, of the \$500,000 fund that the City has for carrying its own insurance about \$425,000 has been invested in the purchase of City bonds.

Making the rate of interest 2 $\frac{3}{4}$ % instead of 3% as formerly, will reduce the City's annual revenue approximately \$35,000. Summing it up, the City will lose some revenue while the large banks and surety companies will benefit.

I want to be recorded as voting for the ordinance, but at the same time, wish to have recorded that the City will suffer a loss in revenue.

The President called Mr. Alderdice to the Chair, and taking the floor, said:

Mr. President, I did not intend to say any-

thing on this ordinance, but I am compelled to make answer the statement just made.

The object in changing the bank depository ordinance is to secure the funds of the City of Pittsburgh on deposit in banks or trust companies, so that the City will compare favorably with the State, the County and the School Board in requiring security for its funds on deposit.

The interest rate was reduced, so that about half of the cost of the surety bond would be borne by the bank and the other half by the City.

Under our present bank ordinance we do not require this security; the City reserving a fund of \$500,000 as an insurance fund to cover any bank losses.

In the ordinance now before us we permit the banks and trust companies to put up city bonds, state bonds and industrial bonds which have met with the approval of the Clearing House Committee.

If this ordinance is approved, it will release the \$500,000 held as an insurance fund, which we cannot now count in our credit. We can rest assured that there is nothing that can happen to our funds which will in any way wipe out that little reserve.

The City has been fortunate, but there was one or two bank failures, which resulted in the loss of about \$75,000 of the public's money. However, within the past two or three years while the City has been very fortunate, we can no longer justify self-assurance when nobody in private business is doing it.

We have endeavored to work out an amicable agreement with the banks. The ordinance is the result of a conference with financiers, city officials, including the Mayor, the City Controller, the City Treasurer and the City Solicitor, and it meets with the approval of all these parties. It gives to the City the protection it has not enjoyed in the past; and if we grow, as we hope, and become more influential, the increased deposits will more than wipe out what appears to be a little surrender of cash. We will then be happy that we have adopted this, and if there should be any decrease crop out within a reasonable time, the same body which adopts this ordinance, can change or amend it. We have taken a step in the right direction, and we are friendly with the bankers and the people and have no desire to do anything that will interfere with them.

Mr. Connelley arose and said:

Mr. President:—In the disposition of the

funds of the City, have we had to appoint before, after every three months, an auditing committee to go over and examine the accounts of deposits in these banks?

I do not, of course, know that we will be lessening our fund by having this new ordinance, but I am very much in favor of the ordinance as it is. I was not familiar with it before, but it seems to me that this is a fair and equitable ordinance and is a step in the right direction. It meets with the approval of the banking institutions of Pittsburgh.

I cannot see where the disposition of the \$35,000 will make a great deal of difference as it will give us more money finally. I therefore wish to be recorded as voting for the ordinance.

The Chair said:

We all know that we are going to lose a small amount of money.

Mr. Garland said:

Notwithstanding this, I am voting for the ordinance.

The Chair said:

We will be better off in the long run.

Mr. Garland said:

I am not raising any objection to the ordinance. I repeat that I am going to vote for it.

Mr. Charles A. Waldschmidt, City Solicitor, was called to give an explanation on the statement made by Mr. Garland, and said:

Mr. President, I think the statement that this will reduce the City's annual revenue \$35,000 is somewhat exaggerated; in that, at the time of figuring, on account of the large amount of bond issue funds in the deposits, we figured would be about \$25,000. This was not revenue, in a technical sense. In that, under the ordinance, it provides that the fund must be maintained at \$500,000, and any loss incurred by the banks would have to be paid from this fund.

The cutting of the rate of interest on the inactive deposits from three to two and three-quarter per cent. was made at the suggestion of the Clearing House Committee, who insisted that the banks could not handle this fund with any profit to themselves by paying three per cent. annually on the deposits, and citing the fact that the Federal Reserve Board had just recently cut their rate of interest to one and one-half per cent.

When you take into consideration the security that we have for our funds; that is, every dollar being protected for the benefit of the City and without any cost to the City, this reduction of interest does not mean any loss to the City in its funds. The actual cost of securing the funds of the City would be one-half of one per cent. And therefore the City has agreed to stand one-half of this cost and the banks stand the other half, which is fair and equitable, in consideration of the absolute security given to City funds.

This security is in keeping with the times, as practically all funds of all governmental agencies are protected by bonds, and there is no reason that they should not have this protection and the City insure its own moneys by creating an insurance fund, and the money realized from the interest should go into the general funds of the City instead of creating any special insurance fund.

Therefore, the City will be greatly benefited by this ordinance in the long run, and it has the approval of the Clearing House Committee of the Clearing House Association and practically all the banking interests of Pittsburgh as a fair, equitable ordinance for all parties concerned.

And at this time President Herron resumed the Chair.

Mr. Kambach arose and said:

Mr. President, this ordinance undoubtedly is a step in the right direction. We sacrifice a little bit of income for security, and I think no one can gainsay the fact that our security is less than the fund of \$500,000 as at present. Under this ordinance we have every dollar of our deposits secured by one dollar of real security put up by the banks or trust companies. I surely think that is a step in the right direction.

The Chair said:

Mr. Alderdice, do you care to say anything at this time?

Mr. Alderdice arose and said:

Mr. President, I am of the same opinion as Mr. Kambach. Security is everything. As you said, Mr. President, in your remarks, we lost something like \$75,000. Under this new ordinance nothing like that can happen. We have the same right to demand security for our deposits as the State, County and School Board, and that is all we ask.

The Chair said:

Mr. Little, have you anything to say?

Mr. Little arose and said:

I think the ordinance is all right, Mr. President, and inasmuch as Mr. Garland says he is going to vote for it, why not have the vote taken?

Mr. Muldowney arose and said:

I second the motion, Mr. President.

The Chair said:

Mr. Garland, do you want to withdraw your remarks?

Mr. Garland said:

No, sir. That is my statement and I desire it placed in the record, with the further fact that I am going to vote for the ordinance. The old ordinance has been in effect for 18 years and during that time I have not heard of any bank failures, because there haven't been any. I am satisfied with the old ordinance.

The Chair said:

It seems everybody is satisfied, and if there are no further remarks, we will proceed with the rollcall.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	Kambach
Connelley	Little
Garland	Muldowney
	Herron, (Pres't.)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Little presented

No. 2399. Report of the Committee on Public Works for November 26, 1930, transmitting an ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1793. An Ordinance entitled, "An Ordinance authorizing and directing the grading, paving and curbing of Murdoch street, from Beacon street to Covode street,

including, as may be necessary, the grading of approaches on streets affected thereby and sinking of exploratory test holes; letting a contract or contracts therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby, and providing further, for the payment of the City's share thereof."

Which was read.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

No. 2436.

Dec. 5, 1930.

President and Members of Council,

City of Pittsburgh.

Gentlemen:—

The piping in the City-County building is in a very precarious condition and we are rapidly approaching a condition when the water supply in the building will be absolutely void.

January 1, 1930, the County Commissioners appropriated \$15,000.00 to provide their proportion of the funds necessary for the re-installation of the piping, which has deteriorated to such an extent that it is exceedingly dangerous.

The legislation has been presented to Council covering the subject matter, but no action has been taken, and we urge that Council make an appropriation of \$15,000.00 and authorize a contract at the earliest possible

time so that this work may be begun and the continuation of our water supply in the building may be made sure.

Expecting favorable action on the part of Council, we are preparing this advertisement at this time and should like to have your favorable approval and appropriation accordingly.

Yours very truly,

EDWARD G. LANG,

Director.

REPORTS OF SPECIAL COMMITTEES

Mr. Little arose and said:

Mr. President:—Before adjournment, I would like to make a report for the committee that went to Philadelphia to confer with officials there regarding a change of the Sunoz Blue Laws.

We met with the Philadelphia Blue Law Committee and had an interesting session with them, and they think the City Council of Philadelphia is a unit for some kind of a change in the antiquated blue laws. We also met later with Mayor Mackey and he had the same idea.

They had quite a lot of trouble and had a riot in a theatre. The Veterans of Foreign Wars tried to hold a show for charity on a Sunday evening. They had more trouble than we had.

The committee does not think they should recommend any bill before the convening of the Legislature. There is to be a meeting in Harrisburg before the convening of the next Legislature by the Anti-Blue Law Association.

We have had no meetings with anybody and do not intend to hold any hearings while the Budget Committee is in session. After that we will hold hearings to learn the sentiment of the people of Pittsburgh.

The "Public Record" of Philadelphia took a straw vote on this subject and the vote was five to one for repeal or modification of the existing Blue Laws. The "Pittsburgh Sun-

Tele" did the same thing and the poll was about five to one for modification.

There is only one thing that Council has to go on, and that is public sentiment. We will not hold any hearings at this time because of the budget sessions.

The Chair said:

You are speaking for the entire committee?

Mr. Little said:

Yes, sir. However, I wish the other members would speak.

Mr. Anderson arose and said:

Mr. President:—I am not going to try to instruct the committee what to do, but I think everybody knows how the Governor-elect stands on the blue laws. Time is very precious except to a councilman, and I do not believe they should waste much time of others trying to do something contrary to the wishes of the Governor-elect.

Mr. Muldowney arose and said

Mr. President:—In reply to the gentleman's reference, I do not believe the Governor-elect is against any liberal change that the representatives of the different sections of the State might advance to him. We are inclined to believe that the incoming Governor will give some consideration to any changes that might be recommended.

Mr. Connelley arose and said:

Mr. President:—We were lead to believe what we heard from Mr. Roper, Chairman of the Philadelphia Committee, and Mr. Cox of the Philadelphia Council, that there is a possibility of adjustment. There is a meeting to be held in Harrisburg, as our Chairman has said, before the convening of the next Legislature. I think that can be adjusted, and I think, also, that the new Governor, from what we gleaned at Philadelphia, has experienced a change of heart and will listen to reason.

MOTIONS AND RESOLUTIONS

Mr. Muldowney, at this time obtained leave, and presented

No. 2440. An Ordinance providing for the letting of a contract or contracts for the collection, removal and disposal of rubbish and garbage within the limits of the City of Pittsburgh for a period of one year, two years and three years, from January 1st, 1931.

Which was read and referred to the Committee on Health and Sanitation.

Mr. Little moved

That the Minutes of Council, at meetings held on Monday, December 1st, 1930, and Wednesday, December 3rd, 1930, be approved.

The Chair stated

That, if possible, he would like to have the budget committee start work tomorrow in order that the millage may be set at an early date to allow work to commence on the tax books; that some of the members had intended going to Washington, and he would ask that they do not do so until Tuesday evening so they could be present at the budget session on Tuesday.

The Chair, at this time, presented

No. 2441. Resolution authorizing the issuing of a warrant in favor of Paul V. Helbling, of 7132 Kedron street, in the sum of \$147.00, in full settlement of any and all claims for damages to automobile damaged by rock falling from hillside along Bigelow boulevard, and charging same to Code Account No. 42, Contingent Fund.

Which was read and referred to the Committee on Finance.

Also

No. 2442.

WHEREAS, The Helping Hand Association is doing splendid work in the relief of the unemployed; and,

WHEREAS, The toilet facilities in the present building are entirely inadequate for the sanitary comfort of the large number of men who are being housed nightly therein; and,

WHEREAS, It may be possible for the City to assist in the proper sanitary care of these unfortunates; Now, therefore, be it

RESOLVED, That the Mayor be requested to instruct the City Architect to make a survey of the conditions and a recommendation as to the number of toilets, etc., necessary for proper sanitation, and that the Mayor be further requested to authorize the necessary labor in the installation to be performed by City employees.

Which was read.

Mr. Kambach moved

The adoption of the resolution.

Which motion prevailed.

And on motion of Mr. Connelley

Council adjourned.

DEPARTMENT OF PUBLIC SAFETY

December 10, 1930.

President and Members of City Council,
Pittsburgh, Pennsylvania.

Gentlemen:

Supplementing 60-day trial of one-way traffic on Hooper street, northbound from Bluff street to Locust street, instituted November 19, 1930, conditions now indicate that a revision of this regulation would be desirable. Consequently, I am substituting for the above trial regulation a 60-day trial of the following regulation, effective December 17, 1930:

One-way Traffic, northbound on Hooper street from Bluff street to Seitz street.
No Parking 8:00 A. M. to 6:00 P. M. on the westerly side of Hooper street between Seitz street and Locust street.

Yours very truly,

JAMES M. CLARK,
Director.

Approved:

CHARLES H. KLINE,
Mayor.

Which was read, received and filed.

Pittsburgh, Penna.,

December 18, 1930.

Mr. John Schilpp, Jr.,
Clerk of Finance Committee,
Controller's Office,
City-County Bldg.,
Pittsburgh, Pa.

Dear Sir:

I have your favor of the 17th instant on the subject of Bill No. 2452, Resolution authorizing certain transfers in the Department of Supplies.

The request to transfer \$48.92 to Code Account No. 1126 is necessary to complete the payment of the payroll for the latter part of December.

The transfer of \$100.00 to 1129, supply account, is due to the fact that we were completely out of agreement forms for contracts which amounts to \$75.00 also \$25.00 is necessary for the purchase of five (5) tons of coal at the warehouse, 110 McKean street.

Yours very truly,

DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, Pa.,

December 22, 1930.

President and Members of
City Council,

Pittsburgh, Pennsylvania.

Gentlemen:

Pursuant to complaints about the traffic congestion on Lowrie street and the request by business men and residents of the 24th Ward in this vicinity that parking be prohibited on both sides of Lowrie street, we investigated conditions here and found it evident that the No Parking regulation now in effect on the south side of the street helps the situation very little. To make it a success, it seems apparent that parking should be prohibited on the north side as well, including a short stretch of Ley street where it runs into Lowrie street at an angle.

I have therefore decided to institute a 60-day trial of the following restrictions, effective December 31, 1930.

No Parking at any time on Ley street from Froman street to Lowrie street, north side.

No Parking at any time on Lowrie street from Ley street to DeHaven street, north side.

Yours very truly,

JAMES M. CLARK,
Director.

Approved:

CHARLES H. KLINE,

Mayor.

Which was read, received and filed.

President and Members of
City Council,

Pittsburgh, Pennsylvania.

Gentlemen:

Investigation of conditions on Maytide

street between Brownsville road and Saw Mill Run boulevard indicates that the elimination of parking on the northerly side of Maytide street in the section mentioned would expedite the movement of vehicles and provide for safer operation. Consequently, I am instituting a 60-day trial of the following regulation effective December 31, 1930.

"No Parking at any time, on the northerly side of Maytide street between Brownsville road and Saw Mill Run boulevard."

Yours very truly,

JAMES M. CLARK,
Director.

Approved:

Mayor.

Which was read, received and filed.

DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, Pa.,

December 15, 1930.

President and Members of
City Council,

Pittsburgh, Pennsylvania.

Gentlemen:

We are in receipt of complaints concerning the congestion and interference with the free movement of traffic caused by unrestricted parking on both sides of 42nd Street in the vicinity of the Allegheny Valley Railroad. It seems that this narrow street has more traffic at present than usual, due to the bad condition of the pavement on 43rd Street, and Mr. Chas. R. Rall of the Pittsburgh Piping and Equipment Company requests that parking on 42nd Street be restricted to one side only, until such time as 43rd Street can be improved.

I have therefore decided to institute a 60-day trial of the following regulation, effective December 31, 1930.

No Parking at any time on Forty-second street between Butler street and Willow street, east side.

Yours very truly,

JAMES M. CLARK,
Director.

Approved:

CHARLES H. KLINE,

Mayor.

Which was read, received and filed.

No. 2565.

DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, Pa.,

December 20, 1930.

President and Members of
City Council,

Pittsburgh, Pennsylvania.

Gentlemen:

Duquesne way, between Stanwix and Fancourt streets, is lined continuously with parked automobiles, and as the south side of this street is occupied principally by warehouses and express depots, a large number of trucks use this block and often are forced to load and unload in the second lane, leaving only one lane open for moving traffic traveling in both directions. Since the re-routing of North Side traffic over the Duquesne ramp, traffic in this block has increased.

The most serious hazard created by unrestricted parking here is that pedestrians in considerable numbers are obliged to walk out onto the street because of trucks obstructing the sidewalk for an hour or more at a time, while loading or unloading. The institution of No Parking in this block will remedy this undesirable situation, as trucks could then be loaded or unloaded while standing parallel to the curb.

I have therefore decided to institute a 60-day trial of the following regulation, effective December 31, 1930.

No Parking 8:00 A. M. to 6:00 P. M.
on Duquesne way between Stanwix and Fancourt streets, both sides.

Yours very truly,

JAMES M. CLARK,
Director.

Gentlemen:

Complaints have been received from the residents of Rodman street relative to the congestion and interference with moving traffic caused by the unrestricted parking on this narrow two-way street.

Our investigation indicates that some remedial measure is desirable and necessary and I have therefore decided to institute a 60-day trial of the following regulation, effective December 31, 1930.

No Parking at any time on Rodman street between Highland avenue and Collins avenue, south side.

Also

No. 2594.

Department of Public Works
December 29, 1930.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

It has been found necessary, in the judgment of this Department, to make a slight addition to the Pumping Installation contract for the new Brilliant Electric Pumping Station. This contract is placed with the Allis-Chalmers Mfg. Company by the Duquesne Light Company, in accordance with an ordinance agreement between the latter and the City covering this work.

The Allis-Chalmers Mfg. Company's contract provides for furnishing hand-operated field rheostats for the pump motors, but through the development of the plans for the electrical control equipment it has been found necessary to make these rheostats motor-operated.

The Allis-Chalmers Mfg. Company has submitted a quotation to the Duquesne Light Company of \$900.00 for making this change. We believe this cost to be reasonable, and propose, subject to your approval, to advise the Duquesne Light Company to authorize this additional expenditure, which will make the total contract price \$112,800.00.

The above mentioned ordinance agreement provided for a maximum total expenditure of \$175,000.00.

We will await your approval before formally advising the Duquesne Light Company to authorize the change.

Yours very truly,

EDWARD G. LANG,
Director, D. P. W.

Which was read.

Mr. Alderdice moved

That the communication be received and filed, and the request for the extra work order approved.

Which motion prevailed.

Also

No. 2595. Communication from the Department of Public Works asking permission for T. Lloyd Pillow, Superintendent, Bureau of Highways and Sewers, to attend the convention of the American Road Builders' Association, in St. Louis, Mo., January 12th to 17, 1931.

Which was read.

Mr. Alderdice moved

That the communication be received and filed, and the request be granted.

Which motion prevailed.

Also

No. 2596. An Ordinance authorizing the Mayor and the Director of the Department of Public Works for and on behalf of the City of Pittsburgh to execute an agreement with the Pennsylvania Railroad Company for moving or erection of the Washington Place Foot Bridge in a new location not to exceed one hundred (100) feet east of the present location.

Which was read and referred to the Committee on Public Works.

Mr. Alderdice moved

That no Council or Committee meetings be held until Monday, January 12, 1931.

Which motion prevailed.

And on motion of Mr. Garland,

Council adjourned.

APPENDIX

No. 1

AN ORDINANCE—Making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year beginning January 1, 1930, for a period of two months.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the revenues of said City derived from taxes and other sources during the fiscal year beginning January 1, 1930, for a period of two months, are hereby appropriated in the sum of \$4,712,601.00 to pay the expenses of conducting the public business of the City of Pittsburgh and meeting the debt charges thereof during said period beginning January 1, 1930, for a period of two months, and all unencumbered balances of appropriations remaining open upon the books of the City Controller at the close of the fiscal year shall be and the same are hereby ordered to be cancelled, except such amounts as shall be specially requested by letter from the Director or Chairman of the special activity having the matter in charge, certifying that the amounts requested are required for the purpose for which specifically appropriated, or such amounts as shall be directed to be carried over to the fiscal year 1930 by resolution or ordinance of Council.

Section 2. No liability shall be incurred against any appropriation item in excess of the unencumbered balance thereof, and said appropriation items shall be administered subject to and in conformity with the following terms and conditions:

(a) The heads of the several departments shall prepare their several payrolls for audit by the Controller in accordance with the items of the ordinance establishing the re-

spective positions and rates of compensation, and no payroll shall be approved for payment by the Controller unless the incumbents and the rates of compensation agree with the items of said ordinance, and unless the payroll show the appropriation account or accounts chargeable with the compensation of each employe included thereon.

(b) There shall be affixed to all payrolls a certificate made by the person preparing such payrolls to the effect that there is a time record on file in said department certified to by a person or persons having knowledge of the facts, showing the character of service and exact time of employment of each person named in the payroll, and that the distribution of time as shown on the payroll is in accordance with such time records.

(c) No transfer shall be made from one appropriation item to another except by resolution or ordinance of council, and such resolution or ordinance shall in each case set forth the reasons for such request, and be accompanied by a certification from the Controller stating that there is a sufficient balance unencumbered and available in the appropriation item from which the transfer is to be made.

Section 3. No obligation shall be incurred by any department of the City government, other than for salaries or wages, or for necessary expenses of employes when engaged upon City business, except through the issue of an order, stating the service to be rendered, work performed, or supplies, materials or equipment to be furnished, together with the estimated cost of the same. The Director of the Department of Supplies is hereby authorized and directed to provide upon requisition by the head of any department, all necessary supplies, materials, equipment and machinery for such department; provided, however, that no requisition of any department shall be filled by the Director of the Department of Supplies in excess

of the unencumbered balance of the appropriation properly chargeable, and that no order shall be issued by the Director of the Department of Supplies, or by the head of any other department of the City government, until it has been approved by the City Controller. Payments on account of direct purchases shall be made from the amounts hereinafter appropriated therefor respectively. Purchases made by the Director of the Department of Supplies to go into

stores shall be paid for from the fund provided for such purpose, and when and as directed by the City Controller said fund shall be reimbursed from other appropriations to the extent of deliveries made from stores.

Section 4. For purposes of administration and accounting control, the code symbols indicated herein shall be considered as part of the appropriation titles:

No. 6

AN ORDINANCE — Granting unto the Duquesne Light Company, their successors and assigns, the right to construct, maintain and use a standard gauge switch track on and diagonally across Shore avenue, located 120' east of Sproat way, to a point of switch intersecting with the Baltimore & Ohio Railroad side track; thence southwestwardly 160' diagonally across Shore

avenue to the property of the Duquesne Light Company, for the purpose of conveying material, etc., from side track of the Baltimore & Ohio Railroad to the property of the Duquesne Light Company, 21st Ward, Pittsburgh, Pa.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* The Duquesne Light Company, their successors and assigns be and they are hereby given the right and authority at their own cost and expense to construct, maintain and use a switch track on and diagonally across Shore avenue at Sproat way for an approximate distance of 160' located 120' east of Sproat way to a point of switch intersecting with the Baltimore & Ohio Railroad side track, located on Shore avenue; thence southwestwardly diagonally across Shore avenue to the property line of the Duquesne Light Company located 13' west of Sproat way, for the purpose of conveying material,

etc., from Baltimore & Ohio Railroad side track to the Duquesne Light Company's property, 21st Ward, Pittsburgh, Pa.

The said switch track shall be constructed in accordance with the provisions of this ordinance and in accordance with plan here-to attached and identified as Accession No. B-362, Folder "B", in the files of the Division of Public Utilities, Bureau of Highways & Sewers, Department of Public Works, entitled, "Proposed switch track on and across Shore avenue for the Duquesne Light Company, 21st Ward, Pittsburgh, Pa."

Section 2. The said Company, prior to the beginning of construction of switch track, shall submit to the Director of the Department of Public Works of the City of Pittsburgh, a complete set of plans showing location, paving, repaving, sewerage and all details for the construction of said switch track and the said plans and the construction of switch track shall be subject to the approval and supervision of the Director of the Department of Public Works.

Section 3. The rights and privileges herein granted shall be subject to and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to the ordinances of the City of Pittsburgh relating thereto and to the provisions of any general ordinance which may hereafter be passed relating to the construction, maintenance and use of switch tracks on City streets and compensation for same.

Section 4. The said grantee shall bear the full cost and expense of the repaving and repair of the street pavement damaged, repair of sewers, water lines and other surface and sub-surface structures which may be in any way damaged or disturbed by reason of the construction, maintenance and use of said switch track. All of the said work, including the repaving of the streets damaged, shall be done in the manner and at such times as the Director may order, and shall be subject to his approval and supervision.

Section 5. The rights and privileges granted by this ordinance are granted upon the express condition that the City of Pittsburgh, without liability, reserves the right to cause the removal of said switch track at the expiration of one year and a notice through proper officers, pursuant to a resolution or ordinance of Council to the said Duquesne Light Company, their suc-

cessors and assigns to that effect, and that the said grantee shall when so notified, at the expiration of the said one year, forthwith, remove the said switch track and replace the street to its original condition, at its own cost and expense.

Section 6. The said grantee shall assume any liability of the City of Pittsburgh for damages to persons or property, including the street and sub-surface structures therein, by reason of the construction, maintenance and use of the said switch track, and it is a condition of this grant that the City of Pittsburgh assumes no liability to either persons or property on account of this grant.

Section 7. The foregoing rights and privileges are granted subject to the following condition, to-wit: This ordinance shall become null and void unless within thirty (30) days after its passage and approval, the Duquesne Light Company, shall file with the City Controller their certificate of acceptance of the provisions thereof, said certificate to be executed by the President and Secretary of the Company, with its corporate seal attached.

Section 8. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Authorizing and directing the Mayor and the Director of the Department of Public Works, for and in behalf of the City of Pittsburgh, to enter into an Agreement with the County of Allegheny relating to the construction of a new Bridge with its Approaches and Appurtenances, across the Ohio River from Carson Street West, between South Main and Steuben streets to Western avenue at Manhattan street in the City of Pittsburgh, and over streets and private properties and rights of way in the City of Pittsburgh, including the establishment and re-

establishment of the grades of the highways affected by said construction, and for the opening and vacation of all streets and ways required for the approaches and granting the consent of the City of Pittsburgh to the construction by the County of Allegheny of said Bridge.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor and the Director of the Department of Public Works are hereby authorized and directed for and in behalf of the City of Pittsburgh, to enter into an Agreement with the County of Allegheny relating to the construction of a new Bridge with its Approaches and Appurtenances across the Ohio River, from Carson Street West, between South Main street and Steuben street to Western avenue at Manhattan street in the City of Pittsburgh, and over streets and private properties and rights of way in the City of Pittsburgh, including the establishment and re-establishment of the grades of the highways affected by said construction, and for the opening and vacation of all streets and ways required for Approaches, and granting the consent of the City of Pittsburgh to the construction by the County of Allegheny of said Bridge within the City of Pittsburgh, said Agreement to be in the following form:*

ARTICLES OF AGREEMENT.

This agreement made this.....day of.....A. D. 1930, between the City of Pittsburgh, in the County of Allegheny, State of Pennsylvania, hereinafter called the "City", party of the first part, and the County of Allegheny, State of Pennsylvania, hereinafter called the "County", party of the second part, Witnesseth:

WHEREAS, the County desires to construct a new bridge, with its approaches and appurtenances across the Ohio River from Carson Street West, between South Main street and Steuben street to Western avenue at Manhattan street, in the City of Pittsburgh, and over streets and private properties and rights of way in the City of Pittsburgh.

WHEREAS, the City of Pittsburgh has agreed to provide a right of way for the southerly approaches to said bridge at its own cost, as authorized in Ordinance No. 629, approved October 24, 1929, and recorded in Ordinance Book Vol. 42, Page 5.

WHEREAS, it is necessary for the City to consent to the construction of the said bridge and to consent to and to make certain changes in the lines and grades of streets affected by the construction of said bridge and its approaches.

NOW, THEREFORE, In consideration of the foregoing and the covenants to be kept on the part of each of the parties hereto it is mutually agreed as follows:

1. The County agrees to construct the said bridge and its approaches with the necessary abutments, supports and appurtenances and to grade and improve the streets in conformity with Plans Nos. 83 and 84 of the Department of Public Works of Allegheny County, identified by the signatures of N. F. Brown, Director of Public Works of Allegheny County and of Edward G. 2. The cost of the physical work and all damages incurred thereby shall be borne and paid for by the County and the County shall have charge of the disposal of all claims for damages. Upon the completion of the bridge and its approaches they shall be maintained by the County, except as hereinafter agreed or as provided for in the agreement authorized in Ordinance No. 629, approved October 24, 1929, relating to West Carson street and the South Approach to the bridge.

3. The County agrees to construct and to maintain the culvert across Saw Mill Run over which the connection between Steuben street and South Main street passes and to pay for the physical cost of this work and all property damages resulting from the construction of said culvert.

4. The County further agrees that the physical cost and all damages incurred by reimproving South Main street and Steuben street and the connection between them south of Carson street; and of Western avenue and of Manhattan street to conform to the grades of the bridge and its approaches shall be borne and paid for by the County and the County shall have charge of the disposal of all claims for damages. Upon the completion of the above mentioned work the said streets and the connection between South Main street and Steuben street shall be a part of the highways of

the City and shall be maintained by the City.

5. The City consents to the construction by the County of the said bridge and its approaches within the City and agrees to enact all legislation necessary for the performance of the work, including the establishment and re-establishment of the grades and lines of the highways affected by the said construction and for the opening and vacation of all streets and ways required for said approaches.

6. The City agrees, at its own cost and expense, to make such alterations as may be necessary to its sewers and water lines and to require all individuals or public service companies having utilities within the limits of the streets affected by this improvement to make the necessary changes or alterations to their utilities, as provided by law, at the expense of owners of said utilities. The said work shall be done prior to or during the construction of the work to be done by the County in such a manner as to cause a minimum of interference or delay to the County's contractor. The altering, resetting or reconstruction of existing catch basins or storm inlets, within the limits of this improvement, shall be included in the construction work to be performed by the County under the terms of this agreement.

7. IN WITNESS WHEREOF the parties hereto have caused this agreement to be executed the date and year hereinbefore written.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor and the Director of the Department of Public Works, for and on behalf of the City of Pittsburgh, are hereby authorized and directed to execute an agreement with the Secretary of Highways, acting for the Commonwealth of Pennsylvania, in con-*

nection with the improvement known as "State Highway Route 330", a portion of which is located within the City of Pittsburgh, formerly Overbrook Borough, said agreement to be in the following language:

AGREEMENT

Made and entered into this.....day of....., 1930, by and between the Secretary of Highways, acting for and on behalf of the Commonwealth of Pennsylvania, hereinafter called the Commonwealth, of the first part, and the City of Pittsburgh in Allegheny County, by its Mayor and Director of the Department of Public Works, hereinafter called the City, of the second part.

WHEREAS, By Act of Assembly No. 409, approved May 1st, 1929, certain moneys were appropriated to the Department of Highways to be allocated among the Cities of the Commonwealth for the improvement, construction, reconstruction, and/or maintenance of City Streets which are not on the plan of the State Highway System, but which are continuations of State Highways entering such Cities, or running through such Cities, or which furnish the shortest or most convenient route through such Cities for the traveling public; and

WHEREAS, The total sum of \$217,453.40 has been allocated to the City from said appropriation by the Department of Highways for the purpose of reconstructing or improving said streets forming a continuation of State Highways through the City, as provided in said Act; and

WHEREAS, The sum of \$27,473.96 has been set aside from the City's allocation from the said appropriation for the purpose of constructing and reconstructing Stewart Avenue, Fairhaven Road and Library Road from the Baldwin Township, Pittsburgh City line, Station 578-75 to a point 24 feet north of the north curb line of Maine Street, Station 604-50, on said Library Road, which has been designated as the shortest or most convenient route for the traveling public through the City; and

WHEREAS, The Department of Highways has made a survey of existing conditions, and as a result has designated Stewart Avenue, Fairhaven Road and Library Road as the shortest or most convenient route for the traveling public, through the City of Pittsburgh, forming a part or section of Route 330, the portion of which to be improved under the provisions of this Agreement being fully explained as follows:

From a point on the dividing line between Baldwin Township and the City of Pittsburgh on Stewart Avenue; thence in a general northerly direction over the Fairhaven Road and Library Road to a point 24 feet north of the north curb line of Maine Street;

WHEREAS, it is desired to construct and reconstruct the said streets as hereinbefore designated for the purpose of safely and adequately accommodating the traveling public in and through the said City; and

WHEREAS, the Department of Highways has entered into a contract for the construction of said State Highway-Route 330, and on or about December 31, 1929, the Borough of Overbrook likewise entered into a contract with S. J. Groves & Sons Co., for the construction of an additional width to said State Highway as located within said territorial limits of said Overbrook Borough; and

WHEREAS, the estimated cost of said contract thus entered into by said Overbrook Borough was \$23,890.40, with provision therein that the State could, if it so desires, increase the amount of said contract in an amount not exceeding 15%, the total cost of said improvement being the said sum of \$23,890.40 plus 15% thereof, or a total amount of \$27,473.96;

NOW, THEREFORE, THIS AGREEMENT WITNESSETH: That the City of Pittsburgh hereby authorizes and directs the Secretary of Highways, out of the moneys allocated to the City of Pittsburgh for street improvement purposes in connection with State Highways, to pay to the said S. J. Groves & Sons Co., contractor, the cost of said work that had been agreed to be paid by Overbrook Borough, said payments to be made upon certificates of approval of the work by the Secretary of Highways and in accordance with the terms of the aforementioned contract.

Said highway when completed and accepted by the State and the Department of Public Works of the City of Pittsburgh shall be maintained to its full width by the City of Pittsburgh as any other City street.

IN WITNESS WHEREOF, the City of Pittsburgh has caused this Agreement to be executed by the Mayor and the Director of the Department of Public Works thereof pursuant to an Ordinance of Council approved....., 1930, and the Secretary of Highways, for and on behalf of the Commonwealth of Pennsylvania, has hereunto affixed his hand and the seal

AN ORDINANCE— Making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for that portion of the fiscal year beginning March 1, 1930, for a period of ten months, ending December 31, 1930.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the revenues of said City derived from taxes*

and other sources for that portion of the fiscal year beginning March 1, 1930, for a period of ten months, ending December 31, 1930, are hereby appropriated in the sum of \$22,647,834.22 to pay the expenses of conducting the public business of the City of Pittsburgh and meeting the debt charges thereof during the said period beginning March 1, 1930, for a period of ten months, ending December 31, 1930, and all unencumbered balances of appropriations remaining open upon the books of the City Controller at the close of the fiscal year shall be and the same are hereby ordered to be cancelled, except such amounts as shall be specially requested by letter from the Director or Chairman of the special activity having the matter in charge, certifying that the amounts requested are required for the purpose for which specifically appropriated, or such amounts as shall be directed to be carried over to the fiscal year 1930 by resolution or ordinance of Council.

Section 2. No liability shall be incurred against any appropriation item in excess of the unencumbered balance thereof, and said appropriation items shall be administered subject to and in conformity with the following terms and conditions:

(a) The heads of the several departments shall prepare their several payrolls for audit by the Controller in accordance with the items of the ordinance establishing the respective positions and rates of compensation, and no payroll shall be approved for payment by the Controller unless the incumbents and the rates of compensation agree with the items of said ordinance, and unless the payroll show the appropriation account or accounts chargeable with the compensation of each employe included thereon.

(b) There shall be affixed to all payrolls a certificate made by the person preparing such payrolls to the effect that there is a time record on file in said department certified to by a person or persons having knowledge of the facts, showing the character of service and exact time of employment of each person named in the payroll, and that the distribution of time as shown on the payroll is in accordance with such time records.

(c) No transfer shall be made from one appropriation item to another except by resolution or ordinance of council, and such resolution or ordinance shall in each case set forth the reasons for such request, and be accompanied by a certification from the

Controller stating that there is a sufficient balance unencumbered and available in the appropriation item from which the transfer is to be made.

Section 3. No obligation shall be incurred by any department of the City government, other than for salaries or wages, or for necessary expenses of employees when engaged upon City business, except through the issue of an order, stating the service to be rendered, work performed, or supplies, materials or equipment to be furnished, together with the estimated cost of the same. The Director of the Department of Supplies is hereby authorized and directed to provide upon requisition by the head of any department, all necessary supplies, materials, equipment and machinery for such department; provided, however, that no requisition of any department shall be filled by the Director of the Department of Supplies in

excess of the unencumbered balance of the appropriation properly chargeable, and that no order shall be issued by the Director of the Department of Supplies, or by the head of any other department of the City government, until it has been approved by the City Controller. Payments on account of direct purchases shall be made from the amounts hereinafter appropriated therefor respectively. Purchases made by the Director of the Department of Supplies to go into stores shall be paid for from the fund provided for such purpose, and when and as directed by the City Controller said fund shall be reimbursed from other appropriations to the extent of deliveries made from stores.

AN ORDINANCE—Authorizing and directing the issue and sale of Funding Bonds of the City of Pittsburgh in the aggregate principal amount of Two Million Eight Hundred Fifty Thousand Dollars, (\$2,850,000.00) for the purpose of funding existing unfunded indebtedness of the City, consisting of contractors' claims, claims for damages arising from the opening, widening and improving of streets and the construction of sewers, and other floating indebtedness, and providing for the redemption of said bonds and the payment of interest thereon.

Whereas, The City Controller has submitted to Council a detailed statement under date of March 10th, 1930, of the floating indebtedness of the City, in the sum of Two Million Eight Hundred Fifty Thousand Dollars (\$2,850,000) over and above the funds on hand available for the liquidation thereof; and

Whereas, It is desirable to issue bonds for the purpose of funding this indebtedness, now therefore

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That bonds of the City of Pittsburgh be issued in the aggregate principal amount of Two*

Million Eight Hundred Fifty Thousand Dollars (\$2,850,000) for the purpose of funding the aforesaid unfunded indebtedness of the City, consisting of contractors' claims, claims for damages arising from the opening, widening and improving of streets and the construction of sewers, and other floating indebtedness, including outstanding certificates of indebtedness of the former Township of Union, now part of the Twentieth Ward of the City of Pittsburgh.

Section 2. That said bonds of the City of Pittsburgh in the aggregate principal amount of Two Million Eight Hundred Fifty Thousand Dollars (\$2,850,000) be issued for the purposes aforesaid, the proceeds arising from the sale of said bonds shall be applied to the discharge of the floating indebtedness of the City set forth in the report of the Controller above mentioned and to no other purpose whatsoever. Said bonds shall be in denominations of One Hundred Dollars (\$100.00) or multiples thereof; shall be dated as of the first day of March, 1930 and shall be payable in Thirty equal annual installments of Ninety-five Thousand Dollars (\$95,000) each, one of which shall mature on the first day of March in each of the years 1931 to 1960 inclusive. Said bonds shall bear interest at the rate of Four and One-quarter per centum (4¼%) per annum, payable semi-annually on the first days of March and September in each year, without deduction for any taxes which may be levied thereon by the Commonwealth of Pennsylvania pursuant to any present or future law, the payment of which is hereby assumed by the City of Pittsburgh. The principal and interest of said bonds shall be payable in lawful money of the United States of America at the office of the City Treasurer of said City. Said bonds shall be coupon bonds, exchangeable at the option of the holder for a registered bond or bonds of the same maturity and of the denomination of One Hundred Dollars (\$100.00) or a multiple thereof, not exceeding the aggregate principal amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds, with all coupons not then due, at the office of the City Controller, and the City Controller is hereby authorized and directed to cause such coupon and registered bonds to be engraved and to issue the same in the name of the City of Pittsburgh, the expense thereof to be charged to Appropriation No. 42, (Contingent Fund). Registered bonds shall be registered with the City Treasurer.

and shall be transferable only on the books of the said City Treasurer. Said bonds shall be signed by the Mayor, countersigned by the City Controller and sealed with the corporate seal of the City of Pittsburgh, and the coupons attached thereto shall be authenticated with a facsimile signature of the City Controller.

In case of the absence or disability of any of such officials, the bonds shall be signed by the city official authorized by law or by resolution of Council to act in his place. Each of said bonds shall be known and designated as

FUNDING BOND 1930

Section 3. That said bonds shall be sold by the Mayor and the City Controller, at not less than par and accrued interest, after giving such notice of sale as may be required by law.

Section 4. That until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law liable, or hereafter to be made liable, to assessment for taxation for City purposes, an annual tax, commencing the first year after said debt shall have been increased or incurred, namely the year 1931, sufficient to pay the interest on said bonds as the same shall accrue and become payable, and any tax on said interest which by the terms of said bonds is assumed by the City, and also an annual tax commencing in said year equal to Three and One-third per centum ($3\frac{1}{3}\%$) of the total amount of said bonds hereby authorized, to be set apart as a sinking fund for the payment of the principal and redemption of said bonds as they become due and payable according to their terms, and the same is hereby appropriated out of the revenue of said City for the payment and redemption aforesaid. There is also hereby appropriated out of the general revenue of said City an amount sufficient to meet the installment of interest due on said bonds during the current fiscal year.

Section 5. That all bonds issued by the authority of this ordinance and the Acts of Assembly authorizing the same shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof, and shall be free from taxation, as aforesaid, and for the payment of the principal of said bonds and the interest thereon semi-annually as the same shall become

payable, the faith, honor, credit and property of said City are hereby pledged.

Section 6. That the form of coupon bonds issued in pursuance of this Ordinance shall be substantially as follows:

No. 78

AN ORDINANCE—Regulating the opening of the surface of streets and ways of the City of Pittsburgh by other than the corporate authorities of said city; requiring permits therefor to be taken out except by street passenger railway or traction companies, and fixing charges therefor, and for the permanent resurfacing of the streets, to be done by the City of Pittsburgh, or persons, firms or corporations designated by the Director of the Department of Public Works, prescribing the conditions upon which the same will be granted, and prescribing the punishment for violations of the provisions of this ordinance, and repealing certain ordinances.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the opening of the surface of any street or way of the City of Pittsburgh by other than the corporate authorities of the said City is hereby prohibited unless a permit is obtained for that purpose in the manner hereinafter described. Such permit shall be granted by the Director of the Department of Public Works of said City when the person, firm or corporation applying for such permit files an application with the Bureau of Highways and Sewers, Department of Public Works, in compliance with the provisions of this Ordinance, and pays to the City Treasurer the moneys hereinafter stated. Provided, however, that it shall not be necessary for any street passenger railway or traction company to take out a permit for the purpose of repairing the roadbeds of its railway or the pavements between its tracks and one foot outside thereof, where it is the duty of such street railway or traction company to repair and keep in repair that portion of the highway; provided, also, that nothing herein contained shall be construed to permit the issuing of a permit for the making of a

tunnel under any street or way in the City of Pittsburgh.

Section 2. Permits for the opening of the surface of any streets or ways of said City shall only be granted upon compliance with the following express provisions:

(a) A written application shall be filed for each and every opening and the same shall be signed by the person, firm or corporation desiring such permit; provided, however, that one permit shall be issued granting the opening of a street over a distance from one to four hundred feet; in excess of four hundred feet, additional permits to be issued in multiples thereof. Such application shall set forth the purpose for which such opening is to be made; the extent, size and location of the same; the date or dates during which such opening is to be permitted, the date and time such opening is to be refilled and temporarily resurfaced in the manner hereinafter provided; the number and date of approval of the Ordinance granting the right to place the structure beneath the City streets or ways, and shall provide that the applicant will faithfully comply with each and every provision in this Ordinance contained. All applications for permits shall be accompanied by a plat or sketch showing the location, character and dimensions of the proposed opening for the installation of the new work, or the location and character of the alterations involving changes in the location of pipes, conduits, wires or structures incidental thereto.

(b) No permit shall be granted in any case until the applicant shall have executed and delivered to the City of Pittsburgh a bond in the amount hereinafter fixed, with good surety, which surety shall be either an approved surety or trust company or an individual who shall be the owner of real estate in the County of Allegheny, reasonably worth over and above all debts and encumbrances at least double the amount of said bond. The amount of said bond shall be, viz: \$1,000.00 for each opening; \$5,000.00 for an indefinite number of openings; said bond shall be given upon the conditions that the principal will indemnify and save harmless the City of Pittsburgh from any loss, damage or expense whatsoever, in any manner occasioned by or arising from the opening of any street or way or the work done in consequence thereof, or the manner of doing such work; and the said bond shall remain in force for a period of six months after the permanent resurfacing of each opening.

(c) Prior to the issuing of such permit, every such applicant shall pay to the City Treasurer the moneys hereinafter required for the purposes hereinafter provided.

(d) Where the permit for the opening of such street or way is required for water supply purposes, the application shall be countersigned by the Managing Engineer of the Bureau of Water before the permit will be granted. When the opening is for the purpose of connecting any building or property, with a sewer, no permit will be issued except upon the presentation of a proper certificate issued by the Department of Public Health.

(e) No permit shall be granted to any applicant unless said applicant shall have paid to said City any and all moneys then due to said City for prior openings made or for any loss, damage or expense in any manner occasioned by or arising from the opening of streets or ways of said City under prior permits.

Section 3. The basis of measurement of street surface openings shall be the actual number of square yards of paving or surfacing necessary to completely repair the street surface at such opening. A fraction of one-half of a square yard shall be considered as a full one-half square yard, and payment shall be made on this basis. All openings shall be measured by the Director of the Department of Public Works, and such measurements shall be final and conclusive.

Section 4. All work done under the authority of any permit shall be supervised and inspected by a City Inspector to be designated by the Director of the Department of Public Works, and such supervision and inspection shall be done at the sole expense of the person, firm or corporation securing such permit.

Section 5. When the permanent resurfacing and repaving of street openings is done by the City of Pittsburgh, then, prior to the issuing of such permit, every applicant shall pay to the City Treasurer the amount hereinafter required, which sum includes and covers the cost of the permanent repaving or resurfacing of said street and the supervision and inspection of the same by a City Inspector. The charges for a permit for a street surface opening three square yards or less, as aforesaid shall be as follows:

Sheet asphalt, asphaltic concrete, vulcanite or similar surface on concrete foundation\$15.00

Blockstone on concrete foundation.....	15.00
Brick on concrete foundation.....	15.00
Wood block or asphalt block on concrete foundation	15.00
Blockstone on gravel foundation.....	5.00
Brick on gravel foundation.....	5.00
Cobblestone on gravel foundation.....	5.00
Irregular blockstone on gravel foundation	5.00
Macadam on Telford foundation.....	5.00
Granite block on concrete foundation....	15.00
Concrete roadway	20.00

The charge for a permit for a street opening of more than three square yards and less than one hundred square yards shall be the sum of a charge for a permit for a street opening of three square yards, as provided for herein and the following charge for each additional square yard over and above three square yards, which sum covers the cost of the permanent repaving or resurfacing of said street by the City of Pittsburgh, and the supervision and inspection of the same by a City Inspector:

Sheet asphalt, asphaltic concrete, vulcanite or similar surface on concrete foundation	\$ 5.00
Blockstone on concrete foundation.....	5.00
Brick on concrete foundation.....	5.00
Wood block or asphalt block on concrete foundation	5.00
Blockstone on gravel foundation.....	3.00
Brick on gravel foundation.....	3.00
Cobblestone on gravel foundation.....	3.00
Irregular blockstone on gravel foundation	3.00
Macadam on Telford foundation.....	3.00
Granite block on concrete foundation....	5.00
Concrete roadway	5.00

The charge for a permit for a street opening or openings of more than 100 square yards shall be the actual cost of labor and materials necessary in the permanent refilling and resurfacing of said openings, plus 15 per cent, to cover the cost of plant, supervision, inspection, depreciation, etc., of which sum the amount charged for a permit for street opening of three square yards shall be paid at the time of taking out permit and the balance within thirty (30) days after rendering of statement by City as to the cost of the work. Provided, however, that the Department of Public Works may, if it deems necessary and advisable, in cases of all openings of more than three square yards, make an estimate after said opening has been made of the probable area to be repaved under the provisions of this Ordinance and make an estimate of the cost thereof in the manner and amounts

hereinabove set forth and immediately render to the person responsible for the payment thereof, a bill for the full cost of said work as herein set forth, based upon the estimate of the cost as herein provided, which estimate of cost shall be final and conclusive, both as against the City of Pittsburgh and the person responsible for the payment thereof.

Section 6. Where permission is granted to make an opening or openings within the lines of the sidewalk, whether improved or unimproved, or upon the dirt roadway of any street or way, the person, firm or corporation desiring to make said opening or openings shall pay to the City Treasurer the sum of One Dollar for an opening of ten (10) lineal feet or less, for the purpose of paying for the cost of issuing said permit, and the necessary inspection to be furnished by the City of Pittsburgh, and if said opening is to be more than ten lineal feet, the said person, firm or corporation shall pay in addition thereto at the rate of five cents per lineal foot for each additional lineal foot of opening, but no one charge to exceed the total amount of twenty dollars, which amount shall cover the cost of inspection by the City. The said person, firm or corporation shall also restore the said sidewalk or dirt roadway to its original condition, and see that the same is in a reasonably safe and proper condition.

Section 7. If the Director of the Department of Public Works finds that in any case it is to the interest of the City of Pittsburgh, or the person, firm or corporation making said opening, to have the permanent resurfacing and repairs to said street openings made by persons other than those in the employ of the City of Pittsburgh, he may, after notifying said person, firm or corporation, advertise for bids and award a contract to the lowest responsible bidder for doing the aforesaid work, and the person, firm or corporation making the said opening or openings, shall, within thirty days, or at such other time or times not exceeding thirty days, as may be agreed, upon by said person, firm or corporation, at the time said permit was issued, pay the contractor the actual cost of said work in accordance with said bid, after the approval of said work by the City and the rendering of a final estimate thereon.

In addition to paying the amounts specified in this section, the said person, firm or corporation shall pay the sum of One Dollar (\$1.00) for each permit, together with the actual cost to the City for any

supervision, inspection and direction, considering only the time and expense of the persons actually engaged in said work of supervision and inspection, a statement of the cost thereof to be certified to the said person, firm or corporation within fifteen days after the completion of said work, and to be paid within thirty days thereafter, or at such other time as may have been agreed upon at the time of taking out the permit, and not exceeding thirty days after the rendering of said statement.

Section 8. Where the applicant makes permanent restoration of the streets and ways of the City of Pittsburgh, a fee of Five Dollars (\$5.00) shall be charged for the permit which includes the cost of issuing said permit and the inspection of the work, such permit covering an opening over a distance from nothing to four hundred feet; in excess of four hundred feet, additional permits to be issued in multiples thereof. The applicant to guarantee all permanent restoration for a period of two years.

All questions arising under any of the provisions of this Ordinance as to the amount of work reasonably required to be done to insure a permanent repair shall be determined and measured by the Director of the Department of Public Works, his agents or employees, and said work shall at all times be under his supervision, inspection and direction.

Section 9. All openings shall be refilled and temporarily resurfaced on or before the time fixed in the permit, using approved methods in backfilling, the materials used to be approved by the Director of the Department of Public Works, and where required the material shall be removed and replaced with other suitable material approved by the Director of the Department of Public Works, and written notice shall be given when the work is completed. Such temporary resurfacing shall be maintained by the applicant until the City of Pittsburgh or persons designated shall permanently refill and resurface said openings, which period shall extend no longer than sixty (60) days after temporary resurfacing has been placed. All materials in the temporary resurfacing of said street shall belong to and become the property of the City unless the applicant for permit shall provide otherwise in his application for said permit and also remove said material when notified to do so by the Director of the Department of Public Works.

Section 10. The Director of the Department of Public Works shall have the right to inspect all work done under street opening permits and shall see that all the terms and provisions of this Ordinance are strictly enforced, and shall have the power and is hereby directed to prosecute each and every person violating any of the provisions contained herein and to bring suit to restrain each and every person, firm or corporation from opening the surface of any street or way of said City in violation of the provisions contained herein.

Section 11. Any person violating the provisions of this Ordinance shall, upon conviction thereof before any alderman or police magistrate of the City of Pittsburgh, be subject to a fine not exceeding Fifty (\$50.00) Dollars for each and every offense, together with costs, and in default of payment thereof, to imprisonment in the Allegheny County Jail for a period of not exceeding ten (10) days; each failure to obtain a permit or, having obtained a permit, to comply with any of the requirements of this Ordinance, and each and every day during which such violation shall continue, shall constitute a separate offense.

Section 12. That Ordinance No. 82, approved March 17, 1915, and Ordinance No. 139, approved May 18, 1918, and any other Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same are hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Amending Sections 1, 2, 4 and 6 of an Ordinance entitled, "An Ordinance providing for the examination of and issuing of permits to persons operating pipes, boilers, engines, containers, tanks or vessels under air, water or gas or steam pressure in the City of Pittsburgh; for the inspection of such pipes, boilers, engines (stationary or locomotive), containers, tanks or vessels, and for the installation and regulation of safety devices thereon, and prescribing penalties for the violation of

the provisions thereof," approved November 5th, 1915, by increasing the license fees therein provided for, by making certain exceptions thereto, and by making certain additions thereto and changes therein.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That Section 1 of an Ordinance entitled, "An Ordinance providing for the examination of and issuing of permits to persons operating pipes, boilers, engines, containers, tanks or vessels under air, water, or gas or steam pressure in the City of Pittsburgh; for the inspection of such pipes, boilers, engines (stationary or locomotive), containers, tanks or vessels, and for the installation and regulation of safety devices thereon, and prescribing penalties for the violation of the provisions thereof," approved November 5th, 1915, be and the same is hereby amended to read as follows:

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* that it be unlawful for any person or persons to operate in the City of Pittsburgh any pipes, boilers, engines (stationary or locomotive) containers, tanks or vessels under pressure of air, water, gas or steam, except pipes, containers, tanks or vessels used in the transportation of air, water, gas or steam, hot water tanks used for domestic purposes, which are subject to City water pressure only, and steam generators, unless such person or persons hold a permit as herein-after provided.

Section 2. Section 2 of the above referred to Ordinance, which was approved November 5th, 1915, shall be and the same is hereby amended to read as follows:

Section 2. All persons desiring to operate any pipe, boiler, engine (stationary or locomotive), container, tank or vessel embraced within the provisions of this Ordinance shall apply to the Boiler Inspector of the City of Pittsburgh, who shall examine the applicant, and if, after examination, the Inspector is satisfied that the applicant's character, habits of life, and ability qualify him as a suitable and safe person to be entrusted with the operation of such apparatus, he shall issue a permit to such applicant to operate pipes, boilers, engines (sta-

tionary or locomotive), containers, tanks or vessels embraced within the provisions of this Ordinance, provided that no person shall be granted such permit unless such person shall have attained the age of twenty-one years, and shall have had at least two years' practical experience. Said permit shall entitle the holder thereof to operate for the term of one (1) year, said pipes, boilers, engines (stationary or locomotive), containers, tanks or vessels on such premises only as are described in the permit; and provided that such permits shall expire on the 31st day of December of the year in which the same is granted; and such permits shall be issued upon the applicant filing with the City Boiler Inspector a receipt of the City Treasurer, evidencing the payment to the City by the applicant of the sum of Two (\$2.00) Dollars, which fee shall be for a license for one year or fractional part thereof. *

Permits shall be renewed annually without examination by the City Boiler Inspector, provided said permits are presented for renewal within ten (10) days after their expiration.

Section 3. Section 4 of the above referred to Ordinance, which was approved November 5th, 1915, shall be and the same is hereby amended to read as follows:

Section 4. All pipes, boilers, engines (stationary or locomotive), containers, tanks or vessels embraced within the provisions of this Ordinance shall be inspected annually by or under the direction of the said Boiler Inspector, and if found to be in proper condition a certificate shall be issued as hereinbefore provided, for which inspection a charge of Three (\$3.00) Dollars, to be paid to the Treasurer of the City of Pittsburgh, shall be made for each pipe, boiler, engine (stationary or locomotive), container, tank or vessel inspected.

The City Inspector may, however, in his discretion, accept the inspection made by a Casualty Insurance Company or by the State Boiler Inspector, and issue a certificate of inspection on the report of an inspector regularly employed by any Casualty Insurance Company (or by the State of Pennsylvania), provided such report be made on a blank form furnished by the Bureau of Boiler Inspection, and shall set forth in detail the information required by said Bureau, and that all the provisions of this Ordinance have been complied with. No charge shall be made for a certificate so issued, but said certificate must be renewed

annually after an inspection has been made.

All certificates issued in pursuance of the provisions of this Ordinance shall be conspicuously posted on the premises whereon the pipes, boilers, engines, containers, tanks or vessels being operated are located.

Section 4. Section 6 of the above referred to Ordinance, which was approved November 5th, 1915, shall be and the same is hereby amended to read as follows:

Section 6. All persons desiring to install a refrigerating plant or air compressor in the City of Pittsburgh shall submit plans and specifications to the City Boiler Inspector for his approval, and on the completion of the installation the City Boiler Inspector shall make an inspection of said installation to see that all safety appliances have been properly installed, and shall issue a certificate upon the payment of Five (\$5.00) Dollars to the City Treasurer for the term of one year, and annually thereafter so long as the refrigerating plant or air compressor remains in operation, the City Boiler Inspector shall issue a certificate of inspection upon the payment to the City Treasurer of the sum of Three (\$3.00) Dollars; provided, however, that the terms and conditions of this Ordinance shall not apply to refrigerators of the domestic or household type having a daily capacity of not more than the equivalent of one hundred and fifty (150) pounds of melting ice.

Each relief or safety valve shall have full size direct connection to any pipe, boiler, container, tank or vessel embraced within the provisions of this Ordinance, and all pipes from the exhaust side of the relief or safety valves on such containers, boilers, tanks or vessels, holding dangerous gases shall be piped to a point of safety outside of the building in which the same are located, and such pipes shall not be reduced in cross-sectional area, or under the size of the outlet on such relief or safety valve without the intervention of a stop-valve on either side of said valve on said pipes, containers, boilers, tanks or vessels.

All relief or safety valves on any of said pipes, containers, tanks or vessels must be approved by the Boiler Inspector for the purpose intended before installation.

No person shall remove or tamper with any safety appliance prescribed by the Boiler Inspector, and no person shall in any manner load the relief or safety valve to a greater pressure than that permitted in the certificate of inspection.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 81

AN ORDINANCE—Authorizing an Agreement between the City of Pittsburgh, Mt. Oliver Borough and Baldwin Township, providing for the payment of cost of construction, maintenance and repairs to the trunk sanitary sewer in the Becks Run Drainage Basin, extending through Baldwin Township and the City of Pittsburgh, from a point about 200 ft. north of Adalia street of the City of Pittsburgh to the Monongahela River.

Whereas, it is mutually advantageous for the section of the City of Pittsburgh formerly part of Carriek Borough, now 29th Ward, and formerly St. Clair Borough, now 16th Ward, and Mt. Oliver Borough and Baldwin Township by reason of the topography of the territory located in the Becks Run Drainage Basin, to construct, maintain and repair a trunk sanitary sewer along a line on or near Becks Run road, from a point about 200 ft. north of Adalia street in the City of Pittsburgh to the Monongahela River, and

Whereas, the insanitary condition caused by the discharge of raw sewage by the aforesaid Municipalities into Becks Run, has caused the State Department of Health to advise the various Municipalities to abate the same by means of the construction of a trunk sanitary sewer, and

Whereas, said trunk sanitary sewer is mutually beneficial to all Municipalities within the limits of the Becks Run Drainage Basin, in proportion to the area, population and taxable valuation as of 1922, and

Whereas, the cost of said trunk sanitary sewer, should be apportioned between the Municipalities interested and based on the average of the actual area, population and taxable valuation as of 1922, which shows that each Municipality interested should pay the following per cent of the total cost of construction of said sewer:

City of Pittsburgh.....	63.7%
Mt. Oliver Borough.....	25.5%
Baldwin Township	10.8%

Now, Therefore

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor and the Director of the Department of Public Works, be and they are hereby authorized and directed to enter into an Agreement on behalf of the City of*

Pittsburgh with the Borough of Mt. Oliver and the Commissioners of Baldwin Township, said Agreement to be in the following form, to-wit:

ARTICLES OF AGREEMENT

Made and entered into this.....day of....., 19...., between the City of Pittsburgh and Mt. Oliver Borough and Baldwin Township, to provide for the payment of cost of construction, maintenance and repairs to the sanitary trunk sewer in the Becks Run Drainage Basin, from a point about 200 ft. north of Adalia street in the City of Pittsburgh to the Monongahela River:

Therefore, this Agreement Witnesseth:

1. That the parties hereto shall pay the cost of construction of the sanitary trunk sewer in the Becks Run Drainage Basin, from a point about 200 ft. north of Adalia street in the City of Pittsburgh, to the Monongahela River in the following proportions:

City of Pittsburgh.....	63.7%
Mt. Oliver Borough.....	25.5%
Baldwin Township	10.8%

2. Contract plans and specifications for the construction of said sewer shall be made by the City of Pittsburgh and submitted to the other Municipalities for approval.

3. The contract work shall be awarded and the construction work supervised by the City of Pittsburgh. The other Municipalities interested shall have the right of general supervision and inspection of the construction work.

4. Upon completion of the contract for said sewer, City of Pittsburgh shall submit a copy of the final estimate to each of the Municipalities interested. Each Municipality shall, upon receipt of said copy of the final estimate, pay to said City of Pittsburgh the percent of the total amount thereof as designated in the paragraph marked "1" in this Agreement. The payment of said amount shall be made within a period of ten (10) days from the date the copy of said final estimate is received by the Municipality interested.

5. This trunk sanitary sewer shall be maintained and repaired by the City of Pittsburgh and the cost of said maintenance and repairs shall be paid pro rata by the various Municipalities interested, including Mt. Oliver Borough and Baldwin Township, in the same proportion as provided for the division of the cost of construction of said trunk sewer.

6. Each party to this Agreement shall have the right to make connections of sanitary sewers to the main sewer without cost for the privilege of making said connections, providing plans for said connections have been approved by the State Department of Health and providing further that said lateral sewers shall be of the sanitary type from which ground water and storm water shall be excluded.

The cost of construction, maintenance and repairs of lateral sanitary sewer connections and extensions shall be entirely borne by the Municipality benefited.

In Witness Whereof, the parties to this Agreement each, pursuant to proper ordinances and resolutions authorizing the same, hereto affixed their respective seals, duly attested by the proper officers the day and year first above written.

No. 82

AN ORDINANCE—Authorizing the Mayor and the Director of the Department of Public Works to enter into a contract with L. A. Pettibone, Pittsburgh, Pennsylvania, the duly authorized Licensee in Pittsburgh of the Sheet Concrete Pavement Corporation of America, New York City, for the purpose of permitting the City of Pittsburgh to use Sheet Concrete pavement and providing for the terms of said contract.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Public Works be and they are hereby authorized and directed to make, execute and deliver, in the name of the City of Pittsburgh and for the City of Pittsburgh, the following contract with L. A. Pettibone, Pittsburgh, Pennsylvania, the duly authorized Licensee in Pittsburgh of the Sheet Concrete Pavement Corporation of America, New York City, and affix thereto the corporate seal of the City of Pittsburgh.

AGREEMENT.

Made this day of
between the City of Pittsburgh, a municipal corporation of the County of Allegheny, Pennsylvania, a City of the second class, party of the first part, and hereinafter called the "City", and L. A. Pettibone of the City of Pittsburgh, the duly authorized Licensee in Pittsburgh of the Sheet Concrete Pavement Corporation of America, New York City, party of the second part.

Whereas, the City desires to use Sheet Concrete Pavements on certain street and bridge pavement work, and

Whereas, Sheet Concrete Pavement is a patented material controlled in Pittsburgh by L. A. Pettibone as Licensee for the Sheet Concrete Pavement Corporation of America, and

Whereas, in order to obtain proper competitive bids for laying this particular pavement in the "City", the City desires to purchase the necessary special cleavage fabric entering into the pavement and arrange for the proper engineering supervision service and pay the cost of such material and service from funds set aside for the particular improvement, exclusive of the contract to be entered into between the "City" and the contractor for said improvement, Now This Agreement

Witnesseth, That for the consideration hereinafter stated, the "City" and L. A. Pettibone agree to and with each other as follows:

(1) L. A. Pettibone agrees to furnish and deliver to the "City" special cleavage fabric and to provide the necessary engineering, consulting and supervision service, for the preparation of specifications and laying of said concrete pavement.

(2) L. A. Pettibone, as Licensee, agrees to save the City harmless against all suits for encroachment of patent in laying sheet

concrete pavements by the Sheet Concrete method.

(3) L. A. Pettibone agrees to accept, as full compensation for the foregoing services and materials, the sum of thirty (30) cents per square yard for all pavement laid on individual contracts, totaling in excess of fifteen hundred (1500) square yards of pavement surface, and thirty-five (35c) cents per square yard for all pavement surface laid on individual contracts, totaling not more than fifteen hundred (1500) square yards of pavement surface, it being distinctly understood and agreed that the thirty (30c) cents per square yard price shall govern only when the total yardage laid shall be such that, at the price of thirty (30c) cents per square yard, the total cost will exceed the cost of laying fifteen hundred (1500) square yards at thirty-five (35c) cents per square yard.

(4) The City agrees to pay to the said L. A. Pettibone at the prices set forth in Article 3, by current monthly estimate based on the yardage of pavement laid during the preceeding month and by final estimate upon the completion of the laying of the pavement, said estimate to be paid from the funds set aside by ordinance of the City of Pittsburgh, providing funds for the particular improvement, either street or bridge, involved.

(5) The party of the second part, L. A. Pettibone or his representative, shall have the right to inspect the materials and equipment furnished by the contractor on the physical work and shall report in writing to the director of the Department of Public Works, of the City of Pittsburgh, any improper equipment, materials or workmanship. He, or his representative, shall also report to the Director in writing any deviation from the plans or specifications. The action of the Director on such reports shall be final and the said L. A. Pettibone agrees to carry out such findings and be bound by such action of the Director.

(6) This agreement shall be in effect from the date thereof until December 31st, 1933, unless cancelled by the consent of both parties.

This Contract is entered into by the said "City" pursuant to Ordinance No. _____ approved _____, of record in Ordinance Book Vol _____, page _____.

No. 112

AN ORDINANCE—Authorizing the proper officers of the City of Pittsburgh to enter into and execute an agreement with the University of Pittsburgh, a corporation created by and existing under the laws of the State of Pennsylvania, whereby the said University of Pittsburgh shall give license, privilege and right-of-way to said City to lay and maintain a City water main ex-

tending through its land in the 4th Ward of the City of Pittsburgh from Lothrop street to a point eastwardly.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Public Works of the City of Pittsburgh shall be and they are hereby authorized and directed to enter into and execute an agreement with the University of Pittsburgh in the following form to-wit:

By this contract, made the.....day ofA. D. 1930, between the University of Pittsburgh, a corporation, party of the first part, and the City of Pittsburgh, a municipal corporation created by and existing under the laws of the State of Pennsylvania, party of the second part, herein designated as the City.

Witnesseth: That the said University of Pittsburgh hereby grants the right to the said City of Pittsburgh to lay and maintain under the surface, in accordance with approved engineering practice and the plan hereto attached and made part hereof, a city water main of four (4") inch bore, more or less, to extend through the land of the said University of Pittsburgh in the Fourth Ward of said City in a strip of ground five (5) feet wide, the center line of which begins at a point on the northerly side of Lothrop street, said point being North 56° 34' W. one hundred thirty-one and fifty-one hundredths (131.51) feet from the westerly line of Fifth avenue, thence N. 35° 55' E. for the distance of two hundred thirty-seven and twenty-six hundredths (237.26) feet to a point on the dividing line between the properties now or late of the University of Pittsburgh and the Children's Hospital.

This right of way is granted subject to the following conditions:

1st. Whenever it shall become necessary in the judgment of said University of Pittsburgh, its successors or assigns, for the purpose of making sale of its lands or for the future development of the property, to shift said water main to one or more streets or alleys in any subdivision of said land or out to some highway that then passes over or near the same or to a new right of way granted to the City by the University of Pittsburgh, it shall so notify the City of Pittsburgh.

2nd. Such shifting shall be begun by said City within ninety (90) days after

notice in writing from said University of Pittsburgh, its successors or assigns, to said City, specifying what change in the premises is desired, and the same shall be efficiently and diligently prosecuted to completion, unless the time for the beginning or completion of same be extended by the University of Pittsburgh; all work to be done at the expense of the City as often as occasion arises by reason of needed changes or otherwise.

3rd. Said City shall save harmless the said University of Pittsburgh of and from all costs and expense by reason of the construction, replacing, maintenance, change of location or repair of said water main or any connection therewith.

4th. It is further provided that, though time is made the essence of this contract in respect to prompt compliance with notices for changes in said water line, said City hereby fully reserves the right to exercise such powers of eminent domain as it now has or may hereafter be invested with, so as to prevent or supersede further obligation or liability under this contract by acquiring in perpetuity the necessary easement or right or rights of way to include same.

5th. Said University of Pittsburgh further stipulates and agrees that it will not erect or permit to be erected on the strip of ground aforesaid, any structure of any kind that will in any way interfere with the proper construction, maintenance or repair of said water main.

6th. The City hereby stipulates and agrees that the strip of ground above described shall be used only for the purpose above mentioned.

In Witness Whereof, the said University of Pittsburgh has caused this agreement to be duly executed pursuant to authorization of its Board of Trustees, and the City of Pittsburgh has caused the same to be duly executed pursuant to Ordinance of Council of said City, approved the.....day ofA. D. 1930.

No. 139

AN ORDINANCE—Creating the Division of Fire Prevention in the Bureau of Fire of the Department of Public Safety of the City of Pittsburgh.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That from and after the approval of this Ordinance there shall be and is hereby created a Division of Fire Prevention, which shall be attached to and under the control of the Bureau of Fire of the Department of Public Safety.

The head of said Division shall be known as the Chief Inspector, who shall have at least five years' actual experience as an officer in the Bureau of Fire of the Department of Public Safety of the City of Pittsburgh.

Section 2. The Division of Fire Prevention shall have the enforcement of all laws of the State of Pennsylvania and Ordinances of the City of Pittsburgh covering the following:

(a) To provide for the inspection of the inside and outside of all buildings and premises at any time.

(b) To provide and require that the owner or occupant of any building shall remove any combustible or explosive matter therein and correct inflammable conditions, upon the order of the Director of the Department of Public Safety, to safeguard life or property, and to provide that said Department may close the building or premises

pending such removal or correction, and if the owner or occupant fails to obey such order, may have the necessary work done at the expense of the City, to be recovered by it as hereinafter provided.

(c) To require the installation and maintenance, in such buildings as shall be designated, of portable fire apparatus, such as axes, pikes, poles, hose-reels, ladders, chemical extinguishers, portable pumps and other similar appliances.

(d) To require the installation and maintenance, in such buildings as shall be designated, of standpipes, sprinkling systems, hose lines and other similar appliances.

(e) To provide for the keeping of all halls, doors, stairways, passageways, aisles, fire-escapes and exits in such repair, and so free from obstruction as to provide, in case of fire, full, free, safe and adequate means of escape for those people who use, frequent or are employed in such buildings.

(f) To provide, for the purpose of preventing fires, the spread of fire, fire waste, danger to life in case of fire, and loss of life or damage to property from unsafe or improper construction or design of buildings, regulations and specifications for the construction, equipment, arrangement, maintenance, alteration and inspection, heating, cooling and lighting, stairways, doorways, elevators, fire-towers, fire-escapes, exit aisles, passageways, floor levels, seats, fire-alarms, and all other means of providing safe escape in case of fire, of all buildings which may hereafter be constructed for use as stores, manufacturing establishments, churches, theatres, dance halls, lodging houses, tenements, dwellings, stables, storage houses, office buildings, hospitals, asylums, hotels, colleges, schools, dry cleaning establishments, garages and all other buildings where a large number of people have homes, congregate or are employed.

(g) To provide regulations and specifications for the construction and arrangements, maintenance, alteration and inspection of proper, adequate and safe means and appliances to prevent the spread of fire, and to enable the occupants to escape safely in case of fire.

(h) To provide for the preparation and distribution by the Department of Public Safety of rules and regulations to minimize the danger of fire and lessen fire waste, not inconsistent with the laws of the State of Pennsylvania and the Ordinances of the City of Pittsburgh.

Section 3. The Division of Fire Prevention

shall investigate the cause, origin and circumstances of every fire occurring in the City of Pittsburgh by which property has been destroyed or damaged, and, so far as possible, shall determine whether the fire is the result of carelessness or design. Such investigation shall be begun immediately upon the occurrence of such fire, and if it appears that such fire is of suspicious origin, the Chief of the Bureau of Fire of the Department of Public Safety of the City of Pittsburgh shall be immediately notified of the fact. He shall take charge immediately of the physical evidence, shall notify the proper officers designated by law to pursue the investigation of such matters, and shall further co-operate with the authorities in the collection of evidence and in the prosecution of the case. Every fire shall be reported in writing to the Division of Fire Prevention within two (2) days after the occurrence of the same, by the proper officer of the Bureau of Fire of the Department of Public Safety of the City of Pittsburgh, in whose district such fire has occurred. Such report shall be in such form as shall be prescribed by the Chief of the Bureau of Fire of the Department of Public Safety of the City of Pittsburgh, and shall contain a statement of all the facts relating to the cause, origin and circumstances of such fire, the extent of the damage thereof, and the insurance upon such property, and such other information as may be required.

Section 4. The Chief Inspector or his assistant shall inspect as often as may be necessary, but not less than four (4) times a year, all specially hazardous manufacturing processes, storages and installations of acetylene or other gases, chemicals, oils, explosives and inflammable materials, all interior fire alarms and automatic sprinkler systems, and such other hazards or appliances as the Chief of the Bureau of Fire of the Department of Public Safety of the City of Pittsburgh shall designate, and shall make such report as may be necessary for the enforcement of the laws and ordinances governing the same, and for the safeguarding of life and property from fire.

Section 5. It shall be the duty of the Chief Inspector of the Division of Fire Prevention, or his assistants, to inspect as often as may be necessary, but not less than two (2) times a year, in the outlying districts and in the closely built up portions of the City of Pittsburgh, all buildings, premises and public thoroughfares, except the interiors of private dwellings, for the

purpose of ascertaining and causing to be corrected any conditions liable to cause fire, or any violations of the provisions and intents of any ordinance of the City affecting the fire hazard.

Whenever the Chief Inspector or any assistant shall find in any building or upon any premises or other place, combustible or explosive matter, or dangerous accumulation of rubbish, or unnecessary accumulation of waste paper, boxes, shavings or highly inflammable material specially liable to fire, and which is so situated as to endanger property or shall find obstructions to or on fire escapes, stairs, passageways, doors or windows, liable to interfere with the operations of the Bureau of Fire of the City of Pittsburgh, or the egress of occupants of said premises in case of fire, he shall order the same to be removed or remedied and such order shall forthwith be complied with by the owner or occupant of such premises or buildings, subject to appeal within three (3) days to the Director of the Department of Public Safety of the City of Pittsburgh, as provided in this Ordinance.

Any owner or occupant failing to comply with such order within a reasonable period after the issuing of said order shall be liable to a penalty as hereinafter provided. Service of notice of such order may be made upon the occupant of the premises to whom it is directed, either by delivering a copy of same to such occupant personally or by delivering the same to and leaving it with an adult person in charge of the premises; or in case no such adult person is found upon the premises, by affixing a copy thereof in a conspicuous place on the door at the entrance of said premises. Whenever it may be necessary to serve such order upon the owner or occupant of the premises, such order may be served either by delivering to or leaving with said person a copy of said order; or, if said owner is absent from the City of Pittsburgh and the premises should not be occupied, then service of such order may be made upon the owner by mailing such copy to the owner's last known post office address.

Section 6. The Chief Inspector of the Division of Fire Prevention, upon the complaint of any person or whenever he shall deem it necessary, shall inspect or designate any of his assistants to inspect the buildings and premises, except the interiors of private dwellings within their jurisdiction.

Section 7. Whenever any of said officers shall find any building or other structure, which for want of automatic or other fire

alarm apparatus or fire extinguishment equipment, or by reason of age or a dilapidated condition, or from any other cause is especially liable to fire, and which is so situated as to endanger other property or the occupants thereof, and whenever such officer shall find in any building combustible or explosive matter or inflammable conditions dangerous to the safety of said building or occupants thereof, he or they shall order such dangerous conditions to be removed or remedied, and such order shall forthwith be complied with by the owner or occupant of said building. If such order is made by the Chief Inspector, such owner or occupant may within three (3) days appeal to the Director of the Department of Public Safety of the City of Pittsburgh, who shall within three (3) days review such order and file his decision thereon, and unless by his authority the order is revoked, it shall remain in full force and be complied with within the time fixed in said order or decision of the Director of the Department of Public Safety of the City of Pittsburgh; provided, however, that any such owner or occupant may within five (5) days after the decision of the Director of the Department of Public Safety of the City of Pittsburgh, present his petition to the Court of Common Pleas of Allegheny County, having first notified said Department of his intention so to do; and upon such petition being entertained by the Court, such order as made by the Director of the Department of Public Safety shall be suspended until the same has been adjudicated in said Court.

Section 8. The Chief Inspector or any assistants of the Division of Fire Prevention of the Bureau of Fire of the City of Pittsburgh, specially authorized thereto, may at all reasonable hours enter any building or premises, excepting the interior of private dwellings within his jurisdiction, for the purpose of making any inspection or investigation which under the provisions of this Ordinance may be necessary to be made.

Section 9. In case any owner, agent or occupant does not remove the dangerous conditions as ordered by the Chief Inspector of the Division of Fire Prevention, and does not appeal to the Court of Common Pleas in such cases wherein appeals are provided, the said Department may remove or remedy, or cause to be removed or remedied, the dangerous conditions, at the expense of the City, the cost thereof to be recovered by the City from said owner or occupant in an action at law in the Court of Common Pleas of Allegheny County, and

when such suit, statement of claim with the description of the premises, and conditions remedied or removed, is filed by the City, the Prothonotary shall index it upon the Judgment Docket, and the City shall have a lien for the amount of said claim against said premises.

Section 10. The Chief Inspector shall keep in the office of the Division of Fire Prevention a record of all fires and all facts concerning the same, including statistics as to the extent of such fires and damage caused thereby, and all such information as may be procured in reference to said fires.

Section 11. The Director of the Department of Public Safety shall make an annual report to the Council of the City of Pittsburgh on or before the first day of December of each year, with such recommendations for means of further preventing fires, fire waste and loss of life, and such other recommendations and investigations as the said Division of Fire Prevention of the Bureau of Fire of the Department of Public Safety of the City of Pittsburgh has made.

Section 12. Any person or persons, firm or corporation violating any of the provisions of this Ordinance or neglecting to comply with any order issued pursuant to any section hereof shall, upon conviction thereof before any police magistrate of the City of Pittsburgh, be fined in a sum not exceeding Twenty-five Dollars (\$25.00), for each offense, and in default thereof be committed to the Allegheny County Jail for a period not exceeding thirty (30) days.

Section 13. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 140

AN ORDINANCE—Authorizing the proper officers of the City of Pittsburgh to enter into and execute an agreement with Shaler Township in the manner and form provided for herein, for the purpose of enabling the City of Pittsburgh to sell water to Shaler Township, subject to the terms and conditions herein provided.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor and the Director of the Department of Public Works of the City of Pittsburgh be, and they are hereby authorized and directed to enter into and execute an agreement with Shaler Township for the purpose of furnishing a supply of water to the said Township by the said City and selling the same subject to the terms and conditions hereof, said agreement to be in the following form, to wit:*

ARTICLES OF AGREEMENT

Made and entered into, this.....day of....., 1930, by and between Shaler Township in the County of Allegheny, State of Pennsylvania, represented by the Township Commissioners, hereinafter called the Township, and the City of Pittsburgh, a municipal corporation of the State of Pennsylvania, hereinafter called the City.

Whereas, the City has, by Ordinance No., Approved....., 1930, authorized and directed the Mayor and the Director of the Department of Public Works to enter into a contract with Shaler Township for the supply of water for certain portions of said Township.

Now, Therefore, This Agreement Witnesseth: That the said City and said Township hereby covenant and agree with each other as follows:

1. That the City of Pittsburgh will supply and sell water from its distribution mains to Shaler Township as shown on drawings attached hereto and marked No. WB-613-628 inclusive, subject to the following conditions and requirements:

2. Additions to the territory served may be made upon the approval of the Director of the Department of Public Works of the City, upon drawings placed on file with the Bureau of Water of the City.

3. Water shall be taken through connections to the City's water mains on the North Side Reservoir (Cabbage Hill) property of the City. Such connections shall be subject to the approval of the City as to location, design and construction, and will be furnished and constructed by the City from its mains to and including a control valve.

4. All water taken by the Township shall be measured by a battery of two (2) three (3) inch meters furnished, installed and maintained by the City of Pittsburgh at its own expense in the meter vault located

substantially as shown on the aforementioned drawing. Either party to this contract shall have the right to have the meters tested at any time at its own expense. The other party to this Agreement shall be given a reasonable opportunity to have a representative present at such test if it so desires.

5. The quantity of water used shall be paid for at the rates established by Ordinances of the City of Pittsburgh from time to time for the sale of water to districts outside of the said City's limits. Bills shall be rendered quarterly, based on meter readings. Service under this contract shall be subject to the same rules and regulations as regards payment, collection and all other matters as are applied to consumers within the City, unless specifically stated otherwise in this agreement.

6. The Township shall, at its own sole cost and expense, construct, maintain and operate an electric booster pump station and a suitable vault to house the meter installation on the City's North Side Reservoir (Cabbage Hill) property. The Township shall have reasonable access to the City's property at any time for inspecting, maintaining or operating the said pump station or pipe lines installed by the Township.

The pump station shall be equipped with a complete spare unit.

The installation of pump station, meter vault and any drains therefrom shall be subject to the approval of the Director of the Department of Public Works of the City of Pittsburgh as to location, design and construction.

The City agrees to oil and pack the pumps, using supplies furnished by the Township and delivered to the pump station. However, the City shall not be held accountable for, nor assume responsibility for any accident, breakage, maintenance, repair or replacement or any other work of any nature whatsoever necessary to be done on any of the plant, equipment or other property of the Township.

7. The Township shall, at its own sole cost and expense, construct, maintain and operate all pipe lines beyond the meter control valve at the connections to the City's mains. A right-of-way or easement is hereby granted for the twelve (12") inch main leading northwardly from the pump station, which shall be located substantially as shown on plans marked W. B. 613 and W. B. 615 of the Contract Plans, Shaler Township Water System, insofar as property of the City is affected. In case

at any future time the Township wishes to lay a pipe line from the pump station to Friday street, it is hereby agreed that the necessary easement for the same will be granted by the City, it being understood that its location shall be northwardly and eastwardly from the reservoir and otherwise in a proper location, in the opinion of the Director of the Department of Public Works of the City of Pittsburgh. The Township shall maintain all pipe lines in good condition and free from leakage, as far as is possible. The Township shall patrol the entire system, feeder lines, supply lines and service lines at weekly intervals, with a view to deduct any leakage, and shall report to the Managing Engineer of the Bureau of Water of the City in a weekly statement conditions discovered by the periodical inspection. The City is hereby granted the right to make main line or house service inspections at any time for the purpose of detecting suspected leakage. The Township shall regulate the charges, terms, and conditions of use by consumers on all lines included in this contract.

8. The supply of water by the City is contingent upon accident or interruption which the City cannot control, and failure by the City to furnish water, accordingly, shall impose no liability on the City.

9. This contract shall be in force and effect for a period of ten (10) years from the date of this agreement unless terminated by either party as hereinafter provided. The contract may be renewed for additional ten (10) year periods by mutual consent.

10. The City reserves the right to terminate this contract and any obligation assumed under it at any time, on giving written notice of such intention to the Township two (2) years in advance of terminating the contract.

11. The Township reserves the right to terminate this contract and any obligation assumed under it at any time, on giving written notice of such intention to the City two (2) years in advance of terminating the contract. Upon the termination of the contract by either party, the Township shall remove the pump station equipment and piping built by it, from the City's premises, leaving the City's property and structures in good and undamaged condition or shall make satisfactory arrangements with the Director of the Department of Public Works, City of Pittsburgh for the disposition of the structures built by the Township on the City's property.

In Witness Whereof, Said parties hereto have hereunto set their hands and seals, Shaler Township by its Chairman and Secretary of Board of Township Commissioners, who have been duly authorized so to do by a resolution of the said Board of Township Commissioners, and the City of Pittsburgh by its Mayor and Director of the Department of Public Works in accordance with the terms of Ordinance No. approved....., 1930, a copy of which is hereto attached.

AN ORDINANCE—Authorizing and directing an increase of the indebtedness of the City of Pittsburgh in the sum of Two Million One Hundred Thousand (\$2,100,000.00) Dollars, and providing for the issue and sale of bonds of said City in said amount to provide funds for the following purposes, viz: Paying the City's share of the cost, damage and expense (including engineering expenses) of opening and improving new streets, and providing for the redemption of said bonds and the payment of interest thereon.

WHEREAS, The corporate authorities of the City of Pittsburgh, by ordinance duly

enacted by the Council thereof and approved by the Mayor thereof on March 7, 1928, and duly recorded and published as required by law, signified their desire that the indebtedness of said City be increased in the sum of Four Million Two Hundred Thousand (\$4,200,000.00) Dollars, for the purpose, among others, described in the following ordinance, and provided that the question of increasing the indebtedness in said amount for said purposes be submitted to a vote of the electors of said City at a special election held on April 24, 1928; and

WHEREAS, after due legal notice, said election was held and conducted as required by law, and a majority of the electors who voted at said election voted in favor of said increase of indebtedness, and the vote was duly counted by the Court of Quarter Sessions as required by law, and the Clerk of Quarter Sessions made a record thereof and a certified copy of such record under seal, showing the result was furnished as required by law, to the corporate authorities of the City of Pittsburgh and the same has been placed of record upon the minutes thereof, Now Therefore

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the indebtedness of the City of Pittsburgh be increased by the amount of Two Million, One Hundred Thousand (\$2,100,000.00) Dollars, to provide funds for the following purposes, viz: Paying the City's share of the cost, damage and expense (including engineering expenses) of opening and improving new streets, including as may be required in case of each street, vacating, extending, widening, establishing and changing grades, grading and regrading, curbing and recurbing, laying and relaying the sidewalks, laying and relaying the sewers, drains and water lines, constructing and reconstructing retaining walls, street foundations and surfaces (including any and all such improvements as may be incidentally necessary to intersecting and adjacent streets).

Section 2. That bonds of the City of Pittsburgh in the aggregate principal amount of Two Million One Hundred Thousand (\$2,100,000.00) Dollars, be issued for the purposes aforesaid. Said bonds shall be in denominations of One Hundred Dollars (\$100.00) or multiples thereof; shall be dated as of the first day of April, 1930, and shall be payable in thirty (30) equal annual

installments of Seventy Thousand (\$70,000.00) Dollars each, one of which shall mature on the first day of April in each of the years 1931 to 1960, inclusive. Said bonds shall bear interest at the rate of four and one-quarter per centum (4¼%) per annum, payable semi-annually on the first days of April and October in each year, without deduction for any taxes which may be levied thereon by the State of Pennsylvania pursuant to any present or future law, the payment of which is hereby assumed by the City of Pittsburgh. The principal and interest of said bonds shall be payable in lawful money of the United States of America at the office of the City Treasurer of said City. Said bonds shall be coupon bonds, exchangeable at the option of the holder for a registered bond or bonds of the same maturity and of the denomination of One Hundred Dollars (\$100.00), or a multiple thereof, not exceeding the aggregate principal amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds, with all coupons not then due, at the office of the City Controller, and the City Controller is hereby authorized and directed to cause such coupon and registered bonds to be engraved and to issue the same in the name of the City of Pittsburgh, the expense thereof to be charged to Appropriation No. 42 (Contingent Fund). Registered bonds shall be registered with the City Treasurer, and shall be transferable only on the books of the said City Treasurer. Said bonds shall be signed by the Mayor, countersigned by the City Controller and sealed with the corporate seal of the City of Pittsburgh, and the coupons attached thereto shall be authenticated with a facsimile signature of the City Controller. In case of the absence or disability of any of such officials, the bonds shall be signed by the city official authorized by law or by resolution of Council to act in his place. Each of said bonds shall be known and designated as Street Bond, 1930, Series "B".

Section 3. That said bonds shall be sold by the Mayor and the City Controller, at not less than par and accrued interest, after giving such notice of sale as may be required by law.

Section 4. That until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law liable, or hereafter to be made liable, to assessment for taxation for City purposes, an annual tax commencing the first year after said

debt shall have been increased or incurred, namely the year 1931, sufficient to pay the interest on said bonds as the same shall accrue and become payable, and any tax on said interest which by the terms of said bonds is assumed by the City, and also an annual tax commencing in said year equal to three and one-third per centum (3⅓%) of the total amount of said bonds hereby authorized, to be set apart as a sinking fund for the payment of the principal and redemption of said bonds as they become due and payable according to their terms, and the same is hereby appropriated out of the revenue of said City for the payment and redemption aforesaid. There is also hereby appropriated out of the general revenue of said City an amount sufficient to meet the installment of interest due on said bonds during the current fiscal year.

Section 5. That all bonds issued by the authority of this ordinance and the Acts of Assembly authorizing the same shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof, and shall be free from taxation, as aforesaid, and for the payment of the principal of said bonds and the interest thereon semi-annually as the same shall become payable, the faith, honor, credit and property of said City are hereby pledged.

Section 6. That the form of coupon bonds issued in pursuance of this Ordinance shall be substantially as follows:

WHEREAS, it is necessary for the City to consent to and to make certain changes in the lines and grades of streets affected by said construction;

NOW THEREFORE, in consideration of the foregoing and of the covenants to be kept on the part of each of the parties hereto, it is mutually agreed as follows:

(1) The County agrees to design and construct the said bridge and its approaches between Carson street East and the Armstrong Tunnel to the lines and grades shown on Plan No. 853 of the Department of Public Works of the County, and approved by the Director and Chief Engineer of the Department of Public Works of the City, identified by the signatures of the said Director and Chief Engineer, copies of which are on file in the Bureau of Engineering of the City.

(2) The County agrees to include in its construction the reimprovement of the approach streets to the bridge, and any other streets, insofar as the approach streets or other streets may be affected by the grades shown on Plan No. 853, and including any necessary change of grade in the southerly part of the Armstrong Tunnel. The County agrees to construct any and all retaining walls necessary for the stability of the

street or streets affected by the changes of grade.

(3) The County agrees to bear all cost of the physical work involved, including the design, the preparation of plans and specifications and the supervision of construction.

(4) The County agrees upon the completion of the work, to maintain all of the structure between a point one hundred and sixty-five (165) feet northwardly from the northerly line of Muriel street and the southerly property line of Second avenue.

(5) The City agrees to enact all legislation necessary for the performance of the work including the re-establishment of the grades and changes in lines of any of the streets or highways affected by said construction of bridge and approaches, and to furnish all necessary rights of way.

(6) The City agrees to pay any and all property damages occasioned by changes of lines or grades of streets or alleys, or by the acquirement of property and the City shall have charge of the disposal of all claims for damages.

(7) The City agrees that upon the completion of the work, it will consider the streets affected by the changes of lines or of grades due to the construction of the bridge (except within the limits defined in Section (4) which the County agrees to maintain) as a part of its system of improved public highways and will maintain the same.

(8) IN WITNESS WHEREOF the parties hereto have caused this agreement to be executed in duplicate the date and year hereinbefore written.

No. 161

AN ORDINANCE—Fixing the width and position of unpaved roadways of streets in the City of Pittsburgh, reserving portions of such streets for curb and sidewalk construction, designating lines for establishment of curb sidewalk grades, regulating the construction and repair of sidewalk pavements, curbing, and boardwalks and steps, imposing duties upon the owners of abutting or adjoining properties relative thereto, and providing for the collection of the costs thereof in default of payment of same by said owners.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* the width and position of unpaved roadways of streets in the City of Pittsburgh shall be and the same are hereby fixed as follows, to wit:

The center line of roadway shall coincide with the center line of the street, and the width of roadway shall be three-fifths of the width of street with the following exceptions:

On a 20-ft. street the roadway shall have a width of 14 feet; on a 24 ft. street, a width of 16 feet; on a 25 ft. street, a width of 18 feet; on a 33 ft. street, a width of 22 feet; on a 35 ft. street, a width of 24 feet; on a 45 ft. street, a width of 27 feet; except as has been hereinbefore or shall be hereinafter specifically fixed by special ordinances. The remaining portions of said street lying outside the lines of roadway shall be and the same are hereby reserved for curb and sidewalk construction. The gutter lines shall coincide with the outside lines of the roadway and shall conform to the lines so designated on standard plan entitled, "Width and Position of Roadways and Sidewalks for Streets," Acc. No. GL-472, on file in the Bureau of Engineering. Distances and rates of grades given in ordinances establishing curb sidewalk grades shall refer to said gutter lines. Elevations given in such ordinances shall refer to the top of curb at inner face thereof for the respective types of curb designs shown on aforesaid Plan, Acc. No. GL-472.

Section 2. When the roadway of any street shall have been paved, it shall be the duty of all owners of abutting or adjoining property to lay sidewalk pavements constructed of Portland cement concrete, flag-

stone, asphalt, or other material approved by the Director of the Department of Public Works. All sidewalk pavements shall be constructed in conformity with plans and specifications approved by the Director of the Department of Public Works, and shall be subject to his inspection. All sidewalk pavements shall be constructed in the location and to the width determined by the Director of the Department of Public Works.

Section 3. All curbing, and boardwalks and steps shall be constructed of material and in the manner specified by the Director of the Department of Public Works.

Section 4. It shall further be the duty of all owners of property abutting or adjoining streets to maintain all sidewalk pavements and curbing in proper and safe condition. In all cases where sidewalk pavements have not been laid on paved streets, or where sidewalk pavements, curbing, and boardwalks and steps, are not repaired or reconstructed in conformity with the requirements of this ordinance, by the owners of abutting or adjoining properties within 20 days after written notice to the owner or owners of said properties, or agents therefor, so to do, the Director of the Department of Public Works is hereby authorized and empowered to cause such construction to be made at the proper cost and expense of said owner, or owners, by contract duly awarded, and entered into in accordance with the laws and ordinances governing the City of Pittsburgh, and upon completion of such construction and its acceptance by the Director of the Department of Public Works, the amount of the cost and expense of the same shall constitute a debt, municipal claim and lien against said owner, or owners, in favor of the City of Pittsburgh.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance, especially Ordinance No. 434, approved January 30, 1907, and all supplements and amendments thereto.

No. 172

AN ORDINANCE—Granting unto the Pennsylvania Railroad Company the right to construct columns and necessary footings and foundations therefor and to project footings of abutment walls for the proposed bridge carrying tracks from the main tracks leading over the Allegheny River to the new Freight and Produce Terminal over and across Eleventh street at Etna street, and

footings of a proposed future retaining wall within the lines of the proposed widened Eleventh street.

WHEREAS, the Agreements entered into between the City of Pittsburgh and the Pennsylvania Railroad Company pursuant to the terms of Ordinance No. 683, approved October 24, 1928, and as amended by Ordinance No. 495, approved July 22, 1929, provided that the Company shall relocate and raise its tracks leading from the Allegheny River Bridge to its Freight and Produce Terminal, and the City shall lower the grade of Eleventh street so that the connecting tracks will be carried across Eleventh street overhead, as shown on certain exhibits which were made a part of the Agreement, by a bridge of the type and construction approved by the Director of the Department of Public Works, and

WHEREAS, the Pennsylvania Railroad Company through its officers have requested the enactment of legislation specifically granting permission to construct within the lines of the proposed widened Eleventh street certain columns, including footings and foundations therefor, and certain projections of the footings of abutment walls that are required to support the proposed bridge, and of the footings of a proposed future retaining wall.

NOW, THEREFORE,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the right is hereby granted to the Pennsylvania Railroad Company to construct within the lines of the proposed widened Eleventh street certain columns, footings and foundations therefor, and extend footings of abutments, for the proposed bridge across Eleventh street required to carry tracks leading from the Allegheny River Bridge to its Freight and Produce Terminal, and footings of a proposed future retaining wall, all in accordance with plan No. 80882, Sheets Nos. 1, 2 and 3, approved by the Director of the Department of Public Works, who shall have final power and authority to determine the extent to which the encroachments shall be made either within the sidewalks or the roadway of the proposed widened Eleventh street, and his decision thereon shall be final and conclusive in carrying out the rights granted by the terms of this Ordinance.*

Section 2. The rights herein granted in Section 1 shall, however, be subject to the

fulfillment of the following provisions:

The proposed bridge shall be constructed in such manner that no drainage intercepted thereby shall be discharged upon the surface of Eleventh street;

Lights and necessary support and appurtenances of a type approved by the Director of the Department of Public Works shall be provided and maintained at the cost and expense of the Pennsylvania Railroad Company in locations determined by the Director as necessary to properly illuminate the area under the proposed bridge;

Specifications and detailed plans governing the construction of aforesaid drainage and lighting facilities shall be subject to the approval of the Director of the Department of Public Works.

The Pennsylvania Railroad Company shall save harmless the City of Pittsburgh from all cost and expense, and from any damages whatsoever arising from the construction and maintenance of the proposed bridge and appurtenances, including drainage and lighting facilities.

Section 3. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Fixing and re-fixing the width and position of the sidewalks and roadway of the Boulevard of the Allies, from a point 122.52 feet east of Niagara street to Parkview avenue, providing for slopes, parking, retaining walls and steps and establishing and re-establishing the grade thereof, from a point 122.52 feet east of Niagara street to Ward street.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the width and position of the sidewalks and roadway of the Boulevard of the Allies, from a point 122.52 feet east of Niagara street to Parkview avenue be and the same are hereby fixed and re-fixed as follows, to-wit:

The southerly curb line shall begin at a point of curve on the present southerly 10.0 foot curb line of the Boulevard of the Allies, said point of curve being 122.52 feet eastwardly along the southerly curb line of the Boulevard of the Allies from a point

perpendicularly opposite the intersection of the easterly line of Niagara street and the southerly line of the Boulevard of the Allies; thence shall extend eastwardly by the arc of a circle deflecting to the right with a radius of 524.01 feet and a central angle of $30^{\circ} 59' 15''$ for a distance of 283.40 feet to a point of tangent; thence by the tangent eastwardly 424.49 feet to an angle; thence shall extend eastwardly parallel to and at a perpendicular distance of 68.0 feet south of the northerly line of the Boulevard of the Allies to Parkview avenue.

The southerly sidewalk, from the point of curve to the point of tangent on the above described southerly curb line shall have a variable width ranging from 10.0 feet at the former to 12.0 feet at the latter point and thence to Parkview avenue a uniform width of 12.0 feet and shall lie along the southerly side of and contiguous to the above described southerly curb line throughout.

The roadway, from the point of curve on the above described southerly curb line to Halket street shall have a variable width and occupy the portion of the street lying between the above described southerly curb line and the northerly sidewalk as now constructed; thence to Parkview avenue shall have a general width of 56.0 feet and shall lie along the northerly side of and contiguous to the above described southerly curb line.

The northerly sidewalk west of Halket street shall remain as at present constructed. The northerly sidewalk from Zulema street to Parkview avenue shall have a uniform width of 12.0 feet and occupy the portion of the street lying between the above described roadway and the northerly street line.

The remaining portions of the street lying without the lines of the sidewalks and roadway as above described shall be used for slopes, parking, retaining walls and steps.

Section 2. The grade of the southerly curb line, from a point 122.52 feet east of Niagara street to Ward street shall be and the same is hereby established and re-established as follows, to-wit:

Beginning at the point of horizontal curve on the above described southerly curb line at an elevation of 201.44 feet (curb as set); thence falling at the rate of 6.0% for a distance of 147.0 feet to a point of curve to an elevation of 192.62 feet; thence by a concave parabolic curve for a distance of

100.0 feet to a point of tangent to an elevation of 187.43 feet; thence falling at the rate of 4.37% for a distance of 440.38 feet to a point of curve to an elevation of 168.18 feet; thence by a concave parabolic curve for a distance of 100.0 feet to a point of tangent to an elevation of 169.0 feet; thence rising at the rate of 6.0% for a distance of 454.64 feet to a point of curve to an elevation of 196.28 feet; thence by a convex parabolic curve for a distance of 24.0 feet to the westerly curb line of Ward street to an elevation of 197.36 feet.

Section 3. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Authorizing an Agreement between the City of Pittsburgh, and the Duquesne Light Company for electric motor driven pumping equipment for use at the Brilliant Pumping Station of the City of Pittsburgh.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor and the Director of the Department of Public Works for the City of Pittsburgh, are hereby authorized and empowered to execute an agreement with the Duquesne Light Company, whereby the Light Company leases and lets, and the City leases from the Light Company, electric motor driven pumping equipment to be used at the Brilliant Pumping Station of the City of Pittsburgh, which agreement shall be as follows:*

ARTICLES OF AGREEMENT.

MADE and entered into this.....day of1930, by and between the City of Pittsburgh, a municipal corporation of the Commonwealth of Pennsylvania, (hereinafter called "City"), acting in this behalf through Charles H. Kline, Mayor, and Edward G. Lang, Director of the Department of Public Works of said City, they having been duly authorized thereto by Ordinance of the Council of said City, approved the.....day of....., 1930, as party of the first part, and the Duquesne Light Company, a corporation organized

and existing under the laws of the Commonwealth of Pennsylvania (hereinafter called "Company"), party of the second part.

WITNESSETH.

WHEREAS, the City of Pittsburgh proposes to construct, operate and maintain an electric motor driven pumping station on its property known as the "Brilliant Pumping Station Property;" and

WHEREAS, the City desires the Company to furnish certain electric equipment for said Station.

NOW, Therefore, Know All Men By These Presents: That for and in consideration of the premises, and the mutual covenants contained herein, it is agreed by the parties hereto:

FIRST: The Company agrees to furnish and install, or have installed on foundations to be constructed by the City at its Brilliant Pumping Station, the following electric equipment:

Six motor driven centrifugal pumping units, each unit consisting of two centrifugal pumps in series and one synchronous motor, to be used for the purpose of pumping filtered water to the Highland Park Reservoirs Nos. 1 and 2.

Three pumps shall normally serve each reservoir, but the City may specify the design of certain of the units so that either reservoir may be served by such units.

The said units shall include the motors, bedplates and interstage piping, and shall in all other respects conform to the specifications prepared by the Bureau of Water of the City of Pittsburgh.

SECOND: The Company will purchase such equipment at Pittsburgh after due advertisement and the submission of sealed competitive bids. The award of the contract for the purchase of said equipment shall be subject to the approval of the Director of the Department of Public Works, who shall also have full right of inspection and access to the pumping units during manufacture and erection and shall be authorized to make acceptance tests of the guaranteed performance of the units prior to final payments for the same by the Company. Partial or final payments for the units shall be only made upon estimates of the Company approved by the Director of the Department of Public Works.

THIRD: The City agrees to construct

all foundations, necessary for the installation of the new electric equipment.

FOURTH: The Company agrees that in purchasing the equipment to be furnished it will obtain all the units from one manufacturer and the Company further agrees that it will extend every effort to deliver or have delivered one of the pumping units for No. 1 Reservoir at the earliest possible moment. This unit is intended to be erected upon temporary foundations in the present station building to serve as a reserve and standby unit. Upon the completion of the proposed new station this unit will be removed to a new station at the cost of the City, the unit still remaining the property of the Company as herein set forth.

FIFTH: It is agreed that the electric equipment furnished by the Company will be installed on the foundations furnished by the City, and the City will make all pipe connections and wiring connections necessary, and will also provide the necessary machinery for excitation of the synchronous motors.

SIXTH: The Company agrees to lease and demise to the City, and by these presents does lease and demise all of the said electric equipment furnished and installed by the Company for a period or term of ten years from the date of installation, this date being defined as the date when all the equipment is accepted by the Director of the Department of Public Works.

SEVENTH: As rental for the said electric equipment furnished by the Company to the City, the City agrees to pay the Company annually an amount equivalent to 13.6% of the total cost of the equipment installed on foundations, said rental to be paid as follows: The first payment shall be made one year after the date of installation and the remaining payments at intervals of one year thereafter, until ten payments have been made, providing, however, that the City may, at any time during the ten years' period, elect to purchase said equipment from the Company, in which event the City shall pay to the Company an amount equivalent to the total cost of the equipment installed on foundations, plus interest at the rate of 6% per annum thereon, deducting therefrom the rental previously paid to the Company by the City, and interest on such payments, at the rate of 6% per annum to the date of such purchase.

For the purpose of defining the total cost

which is to be the basis of the rental charges, the cost shall include the prices actually paid under aforesaid contracts with manufacturers and also interest at the rate of 6% per annum upon all partial payments from their dates of payments, to the date of installation.

At the end of the ten year period, providing the City has not elected to purchase this equipment at an earlier date, and providing further that the City is not in default in any of its annual payments of rent, or otherwise in default under this agreement, the title to said equipment shall forthwith vest in the City of Pittsburgh.

EIGHTH: So long as the City has not exercised its option to purchase the equipment at an earlier date, and until the final installment of rent has been paid, title to all of said equipment shall be and remain in the Company, and no title thereto shall pass to the City.

NINTH: The City agrees to maintain, operate and repair all of said equipment during the term of this agreement, and further agrees to indemnify and save harmless the Company from and against all claims, charges, costs or liabilities of whatsoever kind, which may arise by reason of the equipment being installed on City property and operated by the City.

TENTH: The Company shall have the right, at all reasonable times, to enter upon the premises known as the "Brilliant Pumping Station Property," for the purpose of inspecting the equipment belonging to the Company, provided, however, that the Company has given to the City notice of its intention to enter upon the premises for the purpose of inspection.

ELEVENTH. The City further agrees that it will take, while the lease herein provided is effective, electric service from the Company for the operation of the electric equipment, and will enter into a contract with the Company whereby the City agrees to take, and the Company agrees to furnish, electric service under the regular filed tariffs of the Company.

TWELFTH: It is understood and agreed that this agreement is subject to the approval of the Public Service Commission of the Commonwealth of Pennsylvania, and in event that the Commission should refuse to approve this agreement, then the same shall become void and of no effect.

IN WITNESS WHEREOF, this contract is signed and executed for the City of

Pittsburgh by Charles H. Kline, Mayor, and Edward G. Lang, Director of the Department of Public Works, and the Duquesne Light Company has hereunto affixed its common and corporate seal, duly attested by the proper officers thereof.

No. 264

AN ORDINANCE—Granting unto Pittsburgh Railways Company, its successors,

lessees and assigns, the right to enter upon, use and occupy certain streets and highways in the City of Pittsburgh for the purpose of constructing a connecting curve at the corner of Fifth avenue extension and Frankstown avenue, subject to the terms and conditions herein provided.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Pittsburgh Railways Company, its successors, lessees and assigns, shall have the right and they are hereby authorized to enter upon, use and occupy for street railway purposes the streets and highways in, on and along the following route, with the right to install, maintain and operate a connecting curve and switches over the said route to connect the existing lines on said streets and highways:*

Beginning at a point of connection with the eastbound track of Penn Street Railway Company on Frankstown avenue east of Fifth avenue extension, which point of connection is situated at right angles opposite a point in the south curb line of Frankstown avenue 32 feet as measured eastwardly along the said south curb line from its intersection with the east curb line of Fifth avenue extension, thence by curve westwardly 87 feet more or less to a point of connection with the northbound track of The Duquesne Street Railway Company, as proposed to be relocated, on Fifth avenue extension.

Section 2. Pittsburgh Railways Company, its successors, lessces and assigns, shall have the right and they are hereby authorized to construct, maintain, operate and use street railway tracks on the curve hereinbefore mentioned, together with the necessary turn-outs and connections, and to operate cars thereon and to use electricity as a motive power, and to erect, maintain and use in the streets and highways hereinbefore mentioned such posts, poles and other supports as said Company may deem convenient for the support and maintenance of an overhead system, for the operation of street railways subject, however, to the provisions of the Ordinance approved February 25, 1890, entitled, "A General Ordinance relating to the entry upon, over or under, or the use or occupation of any street, lane or alley, or any part thereof, for any purpose, by passenger or street railway companies, or by companies operating passenger or street rail-

ways, and providing reasonable regulations pertaining thereto for the public convenience and safety".

Section 3. The Company shall furnish clean, sanitary and well-lighted cars, properly heated and ventilated, and shall provide sufficient cars to furnish reasonable service to accommodate the traffic.

Section 4. Pittsburgh Railways Company may assign any of the rights hereinbefore granted to such of the underlying companies operated or to be operated by it; as it deems proper, subject to the consent of Council of the City of Pittsburgh, and subject, also, to the acceptance by said underlying companies of all the terms and provisions of this Ordinance.

Section 5. The term of this grant shall be for the period of 50 years from the date of the acceptance hereof.

Section 6. This ordinance shall be accepted by the Pittsburgh Railways Company within sixty (60) days after its passage or approval by a Certificate of Acceptance of all the conditions and provisions thereof. Said Certificate to be executed under the proper seal of the Company, duly attested by the President or Vice-President, and the Secretary or an Assistant Secretary thereof, and filed with the Controller of the City.

Section 7. That any ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.
